

Expressions of interest are welcomed for the purchase of tickets for the 2024 Autumn International series of matches.

Only members having paid FULL membership of the club may apply for tickets. Full membership is £198 per season. If you pay less than this, you will need to top-up your membership by the amount of the difference. If you're unsure what you normally pay/have paid, please check with Fiona Nehls, <a href="mailto:fiona.nehls@hoverugby.club">fiona.nehls@hoverugby.club</a>. Requests must be submitted prior to 9pm on 22<sup>nd</sup> April at the latest. Any received after this date will be ignored, as we have to reserve tickets by 10am the following day.

Please review the pricing structure below and then send your request (name of match or matches, number of tickets per match and maximum price prepared to pay) to <a href="mailto:tickets@hoverugby.club">tickets@hoverugby.club</a>. There are two prices shown for each match. Ignore the "Standard prices"; you will buy at "Your Price".

The club receives 53 tickets for each Category A++ and A+ match (New Zealand, Australia and South Africa) and, therefore, <u>the maximum number</u> of tickets for which an applicant may apply is <u>four</u> per match. <u>Please don't ask for more</u>. There is no restriction on the number of tickets for which you can apply for the <u>Japan</u> game.

You are NOT guaranteed to receive any tickets.

Similarly, if you are allocated tickets, you are NOT guaranteed to necessarily receive the tickets you requested.

- Tickets will be reserved for and then assigned to successful applicants using the Group Management
  Functionality (GMF) of the RFU's ticket management facility. Once the club has assigned the tickets to
  a successful applicant, the applicant will be invited onto the website to make payment by debit or
  credit card and the tickets will delivered to the applicant's <u>Twickenham Stadium App</u> when they
  become available. Tickets are not issued at the time of payment, but much closer to the day of the
  match concerned.
- 2. The RFU has revised its Terms and Conditions the full set of T&Cs is <a href="here">here</a>, while an abbreviated version is <a href="here">here</a>. <a href="Each applicant must confirm">Each applicant must confirm</a>, in writing, that they have downloaded, read and accepted these T&Cs when making their application.
- 3. The club now maintains a blacklist of people who have requested tickets and had them reserved on their behalf, and then never paid for/downloaded them. This prevents others from buying them the tickets are returned to the RFU automatically. It also prevents the club selling them back to the RFU potentially for a profit. And, it is also a waste of admin time. In the case of the Six Nations 2024, we "lost" 16 tickets.
