## Olney RFC Minis and Juniors Registration and Subscription

Club Registration	RFU Affiliation	Pay your subs.
Volunteering	Start of Season Social	It's YOUR club

Hello and welcome back to rugby at Olney RFC,

Registration will continue online, as last season. We have attached a couple of handy help sheets to guide you through but if you are still having problems – please contact your age group admin for assistance.

There are three elements that you need to complete before your child can play a game: Club registration, payment and RFU affiliation

### Club Registration:

Registering is a very quick and easy process and has the added benefit that once registered, we will have all the emergency contact details for you and your child too. If you are already registered, please review your account and the details we hold for you and your children.

So that we can keep you informed of important information, we kindly ask that set your account email preferences to receiving club communications – we promise not to bombard you !

### Payment:

Once you have registered (you and your children) we will request this year's subscription. You will receive an email from Pitchero (robot@email.pitchero.com) titled – “Your Olney RFC payment is due” – please click the link and progress with the payment.

### Affiliation (RFU):

First it was RFU registration, then affiliation and now its back to RFU player registration! This is mandatory for all age grade rugby players. Hopefully you have already done this following earlier requests.

*You must affiliate your child with the club to be allowed to play:*

*no affiliation = no insurance = no game !*

### **PS - Volunteering**

We couldn't have survived for 50 years without the support of the hundreds of volunteers, you make the Club what it is and why the Club is envied throughout the region. You are the best of the best, but this year I have a call to arms – we want more. Each age group has over 60 parents who could volunteer for a shift on the bar, the BBQ, be a first aider or help with one of the many roles the club needs.

Please don't leave this to the same 15 or so people from your age group, the most successful age groups are those who work together.
