

July 2023

Dear Parent,

It is that time of year again when we request for you to renew your membership fees.

We are now looking for you to renew ready for the 2023/2024 football season and both the Timperley Sports Club Membership and Football Subs need to be renewed and paid for. Please note if you have previously paid by direct debit that it will not just automatically carry over for the new season, you must set up a new payment / purchase each season.

Timperley Football Club is a section of Timperley Sports Club (TSC) along with Cricket, Hockey and Lacrosse. The sports club is a community benefit society and members of all sections pay an annual subscription to TSC in addition to fees paid to their sports section. TSC runs the facilities, grounds and clubhouse used by all the 4 sports and the membership goes towards costs for insurance, the building heating and lighting, astro turf and grass maintenance and staffing.

The TSC membership year for all sports runs from 1st April to 31st March. Football, Hockey and Lacrosse subscriptions are payable by September. If wishing to pay Football membership and subs by installments, payments need to be set ideally in July or no later than 21st August 2023 so that all installments are paid by 31st March 2024.

The sports sections are individually responsible for the running of their own sport and your football fees go towards the costs associated with FA Affiliation requirements, matches and sports equipment.

The fees for all age groups have increased this year due to the increased costs with training facilities, kit, referee fees and other associated costs.

If you log on using the same details as last season then it should be straightforward to renew. All players need to be registered and payments set up by the 21st August 2023, failure to do so will result in your child not being allowed to play as we are now adopting a no pay no play policy in accordance with the other sections of the club.

Please note if you play another sport at the club then you only need to pay the TSC Membership once. For example, if your child plays football and cricket you would pay the TSC £90 to the first sport purchased (cricket) and then the additional Cricket and Football Fee for the season in two sperate purchases. If your child players two sports at Timperley please set up the purchase but don not complete the transaction – contact me and I will make sure you are not charged the TSC fee twice.

For more information including more details of how to use the TSC Membership System go to [TFC - annual subs and fees information and guidance](#)
