INTRODUCTION

England Netball is committed to creating and maintaining a safe and positive environment for all Young People and Adults at Risk involved in the Sport. As part of this commitment, and alongside the Safeguarding Young People in Netball Policy and Safeguarding Adults Policy England Netball has published these Safeguarding Disciplinary Regulations, which provide a framework for the investigation and determination of safeguarding matters. The approach adopted by England Netball in relation to safeguarding matters will focus entirely on the need to protect the health and welfare of young people and adults: England Netball will take all necessary steps to ensure these protections are place.

The Safeguarding Disciplinary Regulations are effective from 1st April 2019. These Regulations will be reviewed by the Case Management Group on an on-going basis and, in conjunction with the Chief Executive, will implement any required amendments. On a bi-annual basis, the Board of England Netball will review and amend the Regulations (during which review period they remain valid). All changes will be published on the England Netball website.

Where any conflict exists or arises between the Safeguarding Disciplinary Regulations and any other England Netball Regulations relating to investigating and determining safeguarding matters, the Safeguarding Disciplinary Regulations will take precedence.
