## Become a player sponsor and be part of our journey!

Hamilton Rugby Club (Hamilton Bulls) is seeking your support. The Club is about to embark on the 2022/23 season and are committed to achieving goals that relate to performance on and off the field. This is only achievable with the support of local sponsors who are open to building a partnership with the club and expand their reach into the community.

Our club has much to offer! It is renowned in Scottish Rugby as a club with strong community links, great camaraderie and professionally run. Those who are a part of the club believe it is an extension of their family and as such we would like to invite you to become a part of that culture as well by being a 'Player Sponsor'.

We have 17 different teams playing out of our club from Primary 1 to 1st team men and women so you can imagine there are substantial costs associated with providing our players with the best possible chance of achieving their goals.

Each Senior Player has been given the opportunity to not only contribute to the club on the field, but also seek a personal sponsor, that they feel proud to introduce to the club. This initiative is designed to develop our player's understanding of what a good club needs to do to survive, as well as introduce them to community businesses that wish to expand their networks and support our rugby community. For their sponsorship, our player will receive their playing kit for the season.

As a Player Sponsor you are afforded:

- Link and logo next to your sponsored player on our website
- Company name on all match day programmes and player graphics
- Company name announced if your sponsored player scores at men's 1XV games
- 4 entrance tickets to the 1<sup>st</sup> 1XV game of the season with a complimentary drink on arrival
- Play a part in our journey

## Commitment: £150 for the Season

The club can benefit further from your donation under the Gift Aid scheme at no cost to yourself. If you are a UK tax payer and eligible please tick the Gift Aid Donation box on application.
