VACANCY: WEBMASTER

Holt RFC seeks applicants with a view to appointing a Webmaster to take over from Jeanette Edwards, with effect from the AGM on the 25th July 2024.

We require someone to keep our website up to date, ensuring there is a regular stream of relevant reader-friendly news stories on the site. The appointee will require strong communication skills. This position could be combined with the Hon Secretary role if the right applicant comes forward. The Webmaster and Social Media Manager will liaise closely to ensure content is consistent, accurate, and reflects our values and brand image.

We are delighted that Holt RFC regularly reaches 50th place in the country on Pitchero out of 1700+ rugby club members. Although the website has less significance nowadays compared to huge importance of social media coverage, our website posts routinely get 300 views on a Saturday, Sunday & Monday each, so it has an important part to play as a communication channel to our members.

During the season, including post-match reporting, photography, and press coverage, we expect the Webmaster role to take 5 hours a week, less in the off-season.

For further information

If this position appeals to you and you would like to know more about the what the role involves, we would be delighted to hear from you. To have a knowledge and passion for rugby is clearly advantageous, but not essential. In the first instance, please contact chair@holtrfc.com or call Rob on 07768 642230.

Many thanks
