Sporting Information

Have you played cricket before? Yes No

If yes, please specify where: School University Another Club Other

If you played for another club, please provide the information below.

Club Name

League Played In

County

Ethnicity

Whilst it is not compulsory that the following section is completed, the following ECB statement explains why this section is important. Sport can and does play a major role in promoting inclusion of all groups in society. However, inequalities have traditionally existed within sport, particularly in relation to gender, race and disability. The England and Wales Cricket Board and Sport England are committed to promoting and developing sports equity, which is about fairness in sport, equality of access, recognising inequalities and taking steps to address them. By monitoring the profile of young people in sports clubs, national governing bodies of Sport England can identify any issues relating to under representation of different groups and can together develop strategies to ensure all young people have an opportunity in the future development and progress in sport.
