32nd Annual Club Presentation Dinner

2019 Season Review

In 2019, SLRUFC competed in the -

- Premier Grade,
- Reserve Grade,
- U20s / Colts Grade
- Third Grade, and
- Golden Oldies.

Our All Abilities team also completed a great year with many games at the Golden Oldies carnivals.

2019 saw Southern Lions competing in Premier Grade for the second year.

The season started off with many highs with wins against Perth Bayswater, Kalamunda, Joondalup, Cottesloe, Curtin Uni and Coastal Cavaliers in April and May. The season was looking exciting.

These wins left Southern Lions in a very strong position to qualify for the Div 1 Finals, as high as 3rd place.

However, lady luck deserted us, and a combination of injuries and bad luck resulted in a slide out of Div 2 Finals, finishing 12th.

Southern Lions Reserves Grade improved throughout the season and some very good results saw the team finishing 7th, courtesy of a long range last minute try in the last game.

A great Div 2 semi-final win over Nedlands meant a Grand Final appearance against Joondalup at home.

32nd Annual Club Presentation Dinner

Unfortunately, Reserves went down by 2pts in a great game of rugby, 27-29 - they'll feel they left the win behind.

Nonetheless, there were some very encouraging performances throughout the season and there remains a very strong core group for 2020 and beyond.

There is plenty of work to be done ON and OFF the field over the coming months, but all at Southern Lions should be looking forward to an exciting 2020 and the growth of our fine club.

The season began with the City of Cockburn 10s in February, Premier rugby at the end of March, start of the Junior season, and Junior Finals on now – Good Luck to all!!

What a roller coaster year of emotions it has been!

Season Reviews for Senior Teams

Premier Grade

The 2019 season started great for the 1st grade side winning 6 of their first 7 games including Joondalup, Kalamunda and Cottesloe to be lying in 3rd place on the ladder. Players in the team were growing in confidence and were starting to really believe in what the team was doing and what the team could achieve.

How things can change in a week and turn on its head. Injuries are part of rugby but for the team it just got worse week by week with 1 injury after another. The team's depth was tested to the limit and getting a team for trainings was exceptionally tough. This lack of numbers made the ability to prepare well for matches

32nd Annual Club Presentation Dinner

an impossible task and clearly the remaining players lost a lot of enthusiasm for the game.

These issues saw the team fall from 3rd to finish 12th in the competition which was very disappointing, considering we beat Cottesloe who won the championship.

Looking back at the season, clearly some mistakes were made in terms of creating the right culture and moving forward this issue needs to be addressed if progress is to be made.

To the 2020 season there is a great deal of work to be done if the side is to be more competitive with fitness, skill development and player depth high on the list.

As a club we need to set some realistic goals for next season and together work tirelessly to achieving them.

Brett Fell (Coach)

32nd Annual Club Presentation Dinner

Colts (U20s)

Season 2019 was one of many mixed results and problems – having retained 95% of the players that participated in 2018, we were at the beginning of January in a better place than 2018.

Player retention for 2019 and player recruitment was however hampered by the inability of WA Rugby to provide a realistic competition due to its sheer stupidity in mismanaging the rugby union grade system in W.A. Something we hope will be reviewed and improved in 2020 season and beyond.

We played marginally more games in 2019 than we did in 2018 by some 3 games all while having patches of one week on and one week off during the season , coupled with holiday breaks of 2 weeks to accommodate University, Associates and Kalamunda rugby clubs, this season was disjointed at best.

Despite this we managed to win 1 and draw 1 during the season with some games being beaten by 30 points and others by 2 to 3 points. All in all, not great results as far as the score lines, and making the top 4 of the competition.

Yet despite these factors we have had 11 players from the group of 18 (regulars) play senior rugby either at 3rd, 2nd or first team levels. All of which played above the standard of the majority of player in the relevant grade. This indicates that we are on track to provide as per our primary remit players that will make the grades within the club into the future - the majority being fit for seconds and first grade levels.

32nd Annual Club Presentation Dinner

Looking forward to 2020 and given the continued lack of recognition of players into the development program as it is currently run, the club needs to consider that external touring is the best method of retaining players. Whether that is overseas or interstate is yet to be discussed. However, there needs to be some form of growth outside of the club environment for all players and not just Colts.

As a Colts squad we will commence 2020 with 13 players remaining eligible for colts by age from the current group, with some 5 players moving upwards from the under 17 age group and 5 moving upwards to senior rugby.

This still requires a minimum of 3 players in specific position wanted to fully complete the squad - (1 Lock, 1 Center, 1 Prop) until the younger players have time to bed into the Colts competition.

Reserve Grade

Well! What a year. A group of players that wanted to achieve the best result they could for the club and themselves.

Although the fairytale ending didn't happen, the coaches could not be more proud or happy with what was achieved by these players.

The season did start a little slow but the want to win attitude flourished and the season improved greatly.

A big THANK YOU to all those from 3rd grade who helped off the bench, and all the Colts players who stepped up through the year - especially at the end of the year through the finals.

Every single player that has played or benched for me this year has my gratitude and admiration for doing so - Teri and I couldn't be more proud on what was achieved.

Our thanks also go to the medical staff for putting players the on the field with as much tape as a body could take.

Also a big thank you to our very noisy and at time over-zealous manager/Club President Ronan.

And a very big thank you to Teri for taking over and keeping the team going forward whilst I was away.

Also a big thank you to Connor & Ron Atkins for their efforts as water runner and touchy through the year and thank to Loon for his efforts on the line as well.

The year is done, time for a break and recovery, the future is unwritten, but looks very promising.

Third Grade

Another season done and dusted and what a successful interesting and a surprising one it's been! When I stood here twelve months ago, I would never have thought that we'd do so well. We've had a phenomenal season our share of loses but we've also had some successes too – notably when we lost so many players to injury, and to support our 2nds and 1st

Although we had a successful season, all feel a little disappointed, it's important to remember that we'll need to be every bit as good next year. We've learnt some valuable lessons. One of the great things about this game is that there's always room for improvement, we can all work on doing something just a little better. When everyone does that, the results can be amazing, and if there's one thing I know about each and every one of you, it's that there isn't anyone who wouldn't give their all for the team.

I couldn't possibly end without saying thank you to all my boys, to the over 35s thank you for all your effort, and to the ladies who did such a great job of making sure we didn't all fade away from thirst or starvation! We really do appreciate all that you do for us – and we couldn't do without you.

I also want to say "thanks" to all of our supporters for turning up to support us come rain or shine. There's an old saying that "it matters not if you win or lose, but how you play the game" – and it's an honour and a privilege to be associated with a group of people who play the game so well.

32nd Annual Club Presentation Dinner

Finally I'd like to say a huge thanks to Tim Bryce who has done so much to help me out this year - much appreciated. See you all next season, god bless.

32nd Annual Club Presentation Dinner

Oldies / Silver Lions

The Silvers go from strength to strength!

Whilst most other clubs have suffered a reduction in the number of players available, the Silver appear to have bucked the trend and now boast a regular playing roster of 20+ players. Despite having to contend with the club's Third Grade side poaching some of our top players, on only one occasion this year have we been unable to field a full side. We have welcomed many new players and continue to enjoy our special brand of die-hard rugby in the spirit of fair play, fun and frivolity.

To list a few of our accomplishments this year we have:

- Helped bolster sales at the Southern Lions club bar to astronomical levels
- Provided a format for the Southern Lions "All Abilities" team to showcase their unique and alluring brand of the game
- Established ourselves as the ultimate rugby destination within the club – still an exotic, eclectic "go-to" group of colourful characters, where age defies gravity and the cumulative majesty of great skills combine with carefully crafted on-field choreography in a crescendo of rugby creativity - must be seen to be believed!

The list could go on!

Many thanks to all who have helped us gel into a warm, friendly and respected group, especially the players themselves but also to all the associated volunteers, who help at events and with fundraising, and to our mother club, the Southern Lions, who have consistently

32nd Annual Club Presentation Dinner

provided a welcoming and supportive backdrop to all our activities.

As our season continues, with our last match being "on tour" at the Busselton Carnival on 29th September, we look forward to many hearty warm down events during October, including our own AGM and a visit to the Rhein-Donau club to celebrate the Oktoberfest.

Long may it continue...

Yours in rugby,

Mark Gidvani
President, Silver Lions

32nd Annual Club Presentation Dinner

All Abilities

2019 has been Season 3 of the Southern Lions Senior All Abilities Rugby Union Team and Season 1 of the Southern Lions Junior All Abilities Rugby, and has been successful and most enjoyable for all concerned.

The All Abilities continues to grow slowly with up to 18 players on the list for seniors and 11 for the juniors.

The seniors continue to be supported by the SCRUM competition who has allowed us to compete in an exhibition match at the end of their carnivals. There is no doubt that the standard has grown considerably over the past 2 seasons with a lot of support from the coaches. Special mention should go to Justin Arthur (Head Coach), Michael (Red) Cairns and Dave Reid (Parent and sponsor), whose input has been tremendous. There has been very little drop off of players with most of them playing in the Carnivals at least. We have seen 4 new players this season arrive to train and play. The players travel from as far away as Scarborough, Wanneroo, Rockingham and Safety Bay as well as our local area.

The Junior All Abilities have grown to 11 players, whose attendance has been determined by many factors, such as cold and flu, specialist appointments and sometimes lack of motivation. This has been a very challenging group to work with given their disabilities, Autism, William Syndrome and Intellectually challenged. They are young and striving to live in the "real world" which is challenging for them at the best of times. The rugby program has challenged them to the max.

Our Peer Support system has been tremendous to say the least. Brennen, Josh, Connor, Kynan, Lauren and Athan have far surpassed my hopes and expectations. It has

32nd Annual Club Presentation Dinner

been difficult to keep the “Buddies” occupied at times with lack of numbers but they have stuck at it.

It is difficult at times dealing with the junior AB’s children who lack the ability to behave in a manner, which is acceptable. One disruptive child can affect the performance, behaviour and attitude of the whole group and as a result I have had to use many of the techniques that I have used throughout the years - time out, slightly raised voice, I have even moved a very large junior up to the Senior group (hasn’t helped his behaviour but it does protect the smaller kids), the senior group are very accepting and tolerant of him and his behaviours I hasten to add. Dealing with strange and unacceptable behaviours is part of the challenge however and we have risen to it. Early days for the junior’s but as they get older they will grow with the program.

Sponsorship has been very generous, the theft from my car created enough interest to raise over \$1250 on a go fund me page set up by a friend and referee - Jim Greaves. In all we have raised over \$8500 this season, which has helped towards, fees, kit, trophies, photos and equipment.

Membership fees and insurance for junior and seniors continues to be an issue. However with better monitoring we should be able to qualify all of our Juniors for Kid Sport and continue to raise money for the men through sponsorship next season.
