CODE OF RUGBY

Everyone involved in rugby in England, whether as a player, coach, referee, administrator, parent or spectator is expected to uphold the Core Values of our sport.

**Teamwork · Respect · Enjoyment
Discipline · Sportsmanship**

- Play to win - but not at all cost.
- Win with dignity, lose with grace.
- Observe the Laws and regulations of the game.
- Respect opponents, referees and all participants.
- Reject cheating, racism, violence and drugs.
- Value volunteers and paid officials alike.
- Enjoy the game.

**THIS IS
RUGBY.**

Good afternoon and welcome to Sandhill Lane for our second home game of the season. We are hopeful that we have a more successful afternoon than on our previous home fixture which saw the game abandoned at half time because of an injury to the referee with Selby holding a 12 points to 3 lead over Hullensians. Today we welcome Bradford Salem who have a 50% record so far having had a convincing win at Keighley in the season's opener by 52 points to 22 and then suffering the narrowest of defeats (9-10) at home to Middlesbrough. Having held the lead against Hullensians, Selby were well placed to record a victory in their season opener, but the harsh reality of life in Yorkshire 1 hit home last Saturday with a 32-5 defeat at Heath whose Forwards proved an almost unstoppable force in typically difficult conditions at Halifax. However, there were a number of positives to be gained from our performance in terms of team spirit, a willingness to really get stuck in and periods of positive attacking intent.

It was really good to see that we were able to turn out 3 sides on just the second Saturday of the season and, with most players having now completed their Cricket commitments, I look forward to the 4ths getting a run out sooner rather than later. Rumour has it that Crusey is hoping to get the fifth team together for a few occasional fixtures and that yours truly has also promised to make an appearance should this actually happen. With my 60th Birthday rapidly approaching and my arthritic knees severely affecting my mobility, I trust that any opposition we have to face are of a similar composition.

Last Sunday was the season opener for our Mini and Junior sides and it was really positive for the Club that we had fixtures for both boys and girls at Under 18s. I know that a tremendous amount of work goes in to providing playing opportunities for kids from Under 6s right through to Under 18s and I would like to place on record my personal thanks to all our volunteers who make this such a vibrant, welcoming and inclusive Club.

We are of course greatly indebted to all those companies and individuals who kindly sponsor our first XV fixtures and I hope that today's Sponsors thoroughly enjoy their afternoon in the Swan's Nest and the hospitality that we are proud to be able to provide.

Finally, a gentle reminder to everybody taking part in or spectating this afternoon's game to please show respect to the match officials, players from both sides and other spectators. There is nothing better than a hard fought game of Rugby played out in front of a knowledgeable and friendly crowd and we all have to play our part in ensuring that everybody here this afternoon can go home afterwards having enjoyed some great entertainment, whether a player, flag man, referee, water boy, allickadoo or a member of the paying public. We have a duty to all visitors to Sandhill to ensure that their afternoon is not ruined by the actions of one or two individuals and that everybody adheres to the RFU suggested Code of Conduct, so I would ask that everybody makes sure that they behave in a manner befitting our great game.

THE LAST TIME WE MET | 13 JANUARY 2018

Selby RUFC 18 v 12 Bradford Salem RFC - Report by Ian Marlow

Selby won a tense, hard fought and injury littered match against Bradford Salem at Sandhill Lane to record only their second win of the season which, nevertheless, moves them off the bottom of the Yorkshire One league table and gives hopes for further upward movement. However, the win came with high costs as a number of Selby players suffered head injuries which will likely sideline them during the crucial period to come.

Selby started well and with the breeze at their backs exerted considerable early pressure on Salem with their scrum in particular dominating. Salem though are a tough tackling lot and, with their big 8 and 6 to the fore, the watching crowd were treated to a blood and thunder spectacle as a number of shuddering collisions ensued as Selby pressed the visitors line. Selby, showing their usual profligacy, failed to capitalise on a number of good chances as Salem hung on before a clever quick tap by Danny Wilkinson allowed the backs to move the ball to Liam Hogan to cross near to the posts for an unconverted try. However, in touching down the centre received a nasty head injury which curtailed any further involvement of his in the match – and worse was to come as, earlier in the same move, second row Jack Hebden also suffered a ‘mysterious’ head injury which forced him from the field shortly afterwards.

Selby’s woes then escalated as minutes later Selby’s other centre, Alex Webster, also had to leave the field permanently with yet another head injury, leaving the Swans to play the last three quarters of the match with a decidedly makeshift back line. Selby continued to dominate in the forwards though but again nothing was to come of it as Scott Hunt, having an off day with the boot, failed with a couple of eminently kickable penalties following Salem transgressions. Salem then came into the match themselves and after some excellent forward drives they transferred the ball down the backline to go over in the corner for a well worked try – and when their kicker converted from out wide into the wind Selby, for all their dominance, were behind.

The Selby pack again returned to their work with veterans Duncan Hardy and Rob Taylor, playing his first game of the season after long-term injury, leading the way but backed up magnificently by the youngsters - with Charlie Cicero in particular having an outstanding game. Hunt was finally successful with another penalty to regain the lead but again, with Salem a man down to a yellow card, Selby spurned a number of other good scoring opportunities to finish the half with the slenderest of leads and a sense of disappointment that they were quite a number of points short of where they really should have been.

A curious incident opened the second half as Salem, looking to regain the lead, attempted a surprise drop goal, which flapped and wobbled and looked to be falling wide and short before getting a last second boost from the following wind to apparently sneak over. However, much to Salem’s chagrin and Selby’s benefit, the referee was not convinced and the ‘score was not allowed.

Despite facing the breeze Selby continued to dominate possession and territory but again, despite making a couple of fine breaks in the backs, a failure to retain subsequent possessions prevented any real chance to get near enough to the Salem line to score. Finally, however, Selby hit their stride as a great break by Cicero was followed by enough phases of possession to work the gap in the Salem defence for Hunt to cross for a great team try. Better was to follow as another excellent break by Millar McCoy was improved by even better hands from the hefty hooker as he put fellow front-rower Hardy in for another score – which yet again went unconverted.

THE LAST TIME WE MET | 13 JANUARY 2018

With the clock ticking down and in apparent control Selby then showed their inexperience in being able to close a game out, something that has been an issue all season, as they committed rugby suicide from the kick off in trying to push the pass in their own half and losing possession to gift the simplest of chances for Salem to score and come right back into the match. Suddenly the game was a completely different proposition and with their tails up Salem started to exert strong pressure of their own, leaving the Selby faithful nervously looking to their watches. More chances to kill the game off came Selby's way but again good breaks by the backs were followed by frustrating losses of possession before the pack again came to the rescue, demolishing another Salem scrum to earn the penalty and a chance to finally clear their lines before time was blown.

So, Selby's recent improvement in form continues but they travel to Old Brodleians next which has been quite a graveyard for Selby hopes in recent years and, particularly given the glut of injuries they have suffered, this will be a stern test of their resolve.

What a strange start to the season it was at our last home game against Hullensinas, I personally was receiving messages whilst attending a wedding but when my phone went half way through the photographs and it was Jason Cicero I thought he was ringing me to suggest some half time pearls of wisdom. To hear that the game had been abandoned because the referee had pulled his hamstring was the last thing I expected to be honest. Disappointing for two reasons, one because we were leading 12-3 and I am sure with some key substitutions to be made, we would have run away with a victory and got our campaign off to a good start. The second, and I still don't quite understand what didn't happen, was why the independent referee of the second team fixture on the other field wasn't asked to complete the game, that is the normal protocol. Anyway, we move on and the fixture has been rescheduled to Saturday October 6th.

For those that made the journey to Heath last Saturday I hope you saw as I did enough in the performance to be encouraged. Heath are a big strong powerful set of forwards with a 10, signed from Old Brods who basically moves them around the field. We were very competitive, defended heroically and were only losing 13-0 at the interval with the prospect of playing down into the '9 ole' we were optimistic of our chances especially as we blew two very good opportunities from close to the 'Heathens' line. We then had a poor 15 minutes, dropped our kick off receipt (nothing new there then) and conceded 3 further tries from 3 chances. We came back into the game later on and managed a score of our own. The lesson for me was all about execution, Heath created 6 chances and took 5 whilst we created 4 and took 1. Whilst our forwards had unusually 'a tough day at the office' it has to be said they were conceding maybe 2 stone a man advantage (if not more) our back played really well, Heath didn't get through us once and if any side were going to score in the backs it would have been ourselves.

Early season I know but Heath will be up there near the end mainly because they have a massive forward platform, they wont however be anywhere near my favourites for promotion Middlesbrough.

Our opponents today like ourselves had a disappointing season but they have started really well, earning a superb away win at Keighley and last week pushing Middlesbrough all the way just losing out 10-9. They are coached by Dan Scarborough who had an illustrious playing career with Leeds, Saracens and Racing Metro earning two England Caps along the way. He is obviously taking all this knowledge into his coaching career and is a key member of the staff at Queen Ethelburga's. For me though whilst Dan was a Bradford Grammar school pupil (I understand he may have recruited a few of their ex pupils this season) he made his way in senior rugby at Wakefield RFC and as such I will always have utter respect for him, being an ex 'Wakey boy' myself.

The boys are working very hard adapting to the new way of playing we have introduced and in the main its working well we just need a little more consistency and accuracy. Numbers at training are very healthy with 25-30 on a Tuesday and Thursday and a further 25+ at O2 touch on a Wednesday night.

From an injury perspective last week, we lost Ashley Parkinson for at least a couple of weeks with a bicep and AC joint knock and Henry Wright has dislocated his shoulder at University so we are unable to call on his services this season as he will require surgery. Other than that, were pretty much injury free touch wood.

The new housing developments around the town are helping with our player recruitment, we have 4 new players this season all who have moved into the area, I expect to see a couple in the 1st XV squad soon. Jamie Dendrith an ex Durham County hooker has joined us and is gaining valuable match fitness in the second team building up his fitness after 15 months off and centre Chris Lopez is currently away playing Rugby League with The Army and Spain but we should be able to call on his services towards mid-October.

In the first two weeks of the season we have put out 3 sides, the first time we have done this early September for quite some time, this week we have 4 teams out which is fantastic with 4 or 5 subs with each of the lower teams, its looking as though we may have a 5th team out within a couple of weeks. Our managers and captains need to be congratulated on the work they have put in so far in contacting all players on our database.

On that topic I am delighted to advise you that last weekend 12 of our colts from 2 seasons ago played for our first 3 teams. 5 in the first team, 4 in the seconds and 3 in the 3rd team. This week another one plays his first game of the season so that's 13. I know a number of members have a perception that we are unable to bring through our youth players into senior rugby because of a number of reasons, but this just shows you that if you stay close to these lads, encourage them, offer coaching that will improve their skills, make them feel wanted, then they either stay and play, travel back or start playing the game again.

At the moment everything in the rugby garden at Selby RUFC is rosy, that said it will look a whole lot healthier if we are able to gain winning points today and hopefully we have selected a side that can make that happen. We are more than aware of the challenges that 'Salem' present, they have a very strong physical side with a few individuals who are some of the best players in their position in the league. Its not going to be an easy game but we've prepared well and I hope that we can pull off the desired result.

Oh and my Little purple book Its 100% accurate so far but ask me after today's game.

Yours in rugby

Steve Cruise

U15 BOYS V THORNESIANS

The U15s Boys opened their 2018-2019 season by travelling to the South Yorkshire home of Thornesians on Sunday.

The match was one of 'development' for Thornesians having re-built their team since last season and Selby were keen to put their contact skills back into motion after the summer break.

The play was dominated by Selby for most of the match with the whole team working strongly together to pass, drive, win scums and put the opposition under pressure at all opportunities. Thornesians continued their determination despite the large score gap and monopolised on Selby's errors in defence near the score line seeing them score a try in each ½ of the match.

Selby's tries were from Hardegon (3), Abrams (2), Bishop (2) and Gabel (1). Conversions were from Hammell (5) and Simpson (1).

The match saw many 'firsts' for the Selby side. First try for Hardegon, which with 2 further tries became his 'first hat-trick' for the team, winning him man of the match from the opposition and a 'first conversion goal' for Simpson having only started goal kicking during this match.

Building on and learning from this first win, Selby are now looking forward to the rest of the season with matches against old adversaries and the first round of the U15s Yorkshire Cup on 30th September.

U7 BOYS

Second week of training with 20 attendees, two new starters and two returning players.

Core Value awards to Ollie Kierans identified as Player of the Day for his Sportsmanship. Other awards going to Rhys Bryden for his discipline; Eion Sissons for Respect; Devon Omer for Enjoyment; and Jack Jones for teamwork.

GLENCORE
AGRICULTURE UK LTD

GLENCORE AGRICULTURE UK LTD, WARREN HOUSE, BELL LANE, THAME OX9 3AL. TEL: 01844 261261

It all began with a couple of chaps, one local named Dudley Ackroyd, the other a Norwegian called Mathias Zdarsky. They were the pioneers who established the original Bradford Sports club, Bradford Slalom, in 1923, with the aim of combining Christian Fellowship, Rugby, Downhill Racing & the Giant Slalom.

Progress was initially very slow as there were not many God fearing Bradfordians who could afford both rugby boots & skis, & those that could, did not know how to strap on their skis & tie up their bootlaces, with many only managing one of each & therefore running round in circles whilst waiting for some snow.

The local Congregational Church was run by Dudley's brother Verney with one of the first immigrants to Bradford and an early convert, Danish Wasir, although he was initially thought to be a Norwegian & would understand, both the language & the rules. This notion was very speedily disabused & Danish returned to his mother church. He then joined forces with the Ackroyds & they all became millionaires in the textile industry.

Originally members of the club participated in sporting activities other than rugby & slalom including cricket, football, tennis, crown green bowling, off piste fencing, & water polo. Salem Athletic Cricket Club still play on the old ground at Leylands Lane but the Salem Soccer Club sadly folded in the early 80's following a crucial shortage of local hairdresser & lacks of drama schools.

Eventually sanity prevailed and in September 1924 the first downhill ski race & slalom was arranged & cancelled until December 1925, due to lack of snow. A course using shoddy was attempted, but was found to be unsuitable, as the skiers pipes kept igniting the stuff & burning down the new pavilion

Although it was quite hard initially to attract players to a 'church' side, who believed that skiing & apres-ski were the Devils work, and that rugby was a toff's game, played by public schoolboys. It took some time to convince the locals that this was just the England team & a side was formed

Over the next few months there was nowhere to change for home games as the third new pavilion wasn't ready. Fortunately, a local farmer offered Slalom the use of his cowshed! 6in nails were hammered into large beams for clothes hooks and a large tub used as a bath. The water was boiled in a pig swill container and after the visiting team had washed it was Salem's turn! The players would then catch a tram into Bradford for pie and mushy peas at Pie Toms. Although the tram conductors initially refused to allow the skis on board.

With such a dreadful dichotomy of "Skis or Peas "causing much soul searching, a vote was taken as to whether the Slalom course could survive & a vote was taking which decided that Rugby & Slalom were, in fact, pretty strange bedfellows & the skiing side of the club was abandoned.

With the production of the first club programme, the name also changed due to a printing error.

Please enjoy your afternoon

Heath RUFC 32 v 5 Selby RUFC 12 - Report by Ian Marlow

Selby's delayed opening fixture of the Yorkshire One season ended in a not unexpected heavy defeat away at the hands of a Heath club who many expect to be vying for promotion come the season's close. While this may be some consolation to Selby, and the score line even somewhat flattering to the hosts, the Swans need to build on the positives from this match, while not forgetting to work on improving the negatives too.

In contrast to last week's glorious sunshine the Vale of Heath was shrouded in gloom with the rain persisting it down all match making handling difficult, so credit to both teams who managed the conditions well to provide a good, hard fought spectacle for the soggy spectators - which remained close until Heath pulled away in the second half. The main problem for Selby wasn't the weather though – it was Heath's absolutely massive pack who, allied to the fact they were also reasonably competent, dominated the game and made all of the difference when it mattered most. In the loose, Selby coped admirably with Heath's big boys with some gratifyingly thumping tackles coming in from both forwards and backs alike and with Heath returning the favour, play was limited to a not unentertaining midfield slugfest for the opening quarter.

Heath, however, were completely dominant at scrum time and also had by far the better kicking game so percentages, and better field position, inexorably and inevitably started to take their toll on Selby - with any penalty conceded being in range for Heath's very competent kicker to open a 6-0 lead. Selby, without much in the way of their own kicking game, were reduced to having to run everything in difficult conditions and with errors resulting never managed to get near enough to the Heath line to be able to land any of the penalties they won, never mind crossing for a try. Heath then capitalised on a series of penalties to camp on the Selby line and after much valiant Swans defending, pressure eventually told for a Heath try and 13-0 half time lead.

With the game by no means lost at half time Selby then, disappointingly, lost their first half intensity and, to put it bluntly, played very poorly for the next twenty minutes – allowing Heath to dominate possession and territory to power over for several short range tries and a 32-0 lead. Selby, however, did manage to get their mojo back for the last quarter and, with the rain suddenly abating, some enterprising and expansive play from forwards and backs had Heath stretched on a number of occasions before centre Alex Webster crossed for a deserved consolation score near the end for a final score of 32-5.

Selby will be hoping to open their league account at home this Saturday against Bradford Salem with kick off at 3pm and all are welcome.
