

## **Volunteers and Club communication**

We have a number of events and activities planned for the summer and beyond, and it often comes down to a handful of volunteers and club members willing to plan and set up these activities. We need to improve how we operate these events by defining the tasks, clarifying the specific volunteer roles and then ensuring our volunteers are happy, even for a short period of time, to get that task done. This should mean we can spread the jobs across more volunteers with everyone contributing and feeling a part of the club.

We have created a new Whatsapp group "CrawleyRFC Volunteers" and we'd like to add YOU.

Please contact Mark Keeley (07967 169121), Kim Cooper or Janice Kelly or email [info@crawleyrfc.com](mailto:info@crawleyrfc.com)

In addition to the Whatsapp group for volunteers we also need to improve how we communicate these events and updates from the club.

We really need all members to register themselves on our club website and download the Pitchero app as this will give you the latest club information. We have lots of members on the website but often their email address and notification permission is either missing or not set; please check and add your details so you can receive the messages.

We would ask everyone to promote the Crawley RFC website, share our Facebook page, "like" it and promote it on their personal social media.

Many thanks
