A WORD FROM THE COACH...

We would like to extend a warm welcome to today's visitors Doncaster HC and the match officials and spectators of both sides who visit the Armitage today for the latest round of England Hockey's vitality women's North conference Fixtures.

The Conference North is proving to be very exciting this season with very little to choose between any of the sides taking part, Leeds HC have edged away from the chasing group since the restart of the second half of the season, but after that it is very even. This week's visitors come to the Armitage following a strong win against Pendle Forest HC and the hosts themselves overcame a resurgent Neston HC to halt their unbeaten run since the resumption of the league after the winter break.

We anticipate this fixture will be another tough one to call and is going to be an all action game, which will be a great advertisement for how competitive this league is #fortheoak.
