July 2023

Dear supporter,

Please find enclosed details of our membership packages & all adult fixtures for the 2023/24 season. A hard copy of the full flyer will be available shortly.

We will again be offering membership packages on a monthly & annual payment basis. The standing order mandate is found at the back of the membership pack for those wanting to spread the cost over the season. Can you please increase your standing order from **August 23** (Aug 23 – Jul 24). (please note that we have a new bank account this season with Lloyds Bank).

If you still have your membership cards from last season, can I ask that you hang on to these, as they have already been pre-programmed with the various discounts attributed to your membership package. We will issue you with a new sticker for the 2023/24 season in due course. If you have not retained your card from last season, another card can be issued. I will issue all complimentary match day tickets during the first few games of the season.

There will also be additional membership forms & '200 club' forms available for collection behind the bar. Please see Trevor Harris. You can also pay for your membership behind the bar (the full year only, not instalments). I am also happy to post out membership forms for those that do not have printing facilities at home, please let me know.

I will be at the club every Tuesday & Thursday evening from 7pm – 8pm to process membership applications & issue new stickers.

Sean Coumbe

Membership Secretary
