

Maidstone Hockey Club

Vice Presidents and Life Vice Presidents – as at 30 June 2023

Vice President is an honorary position, normally but not exclusively a current or former Maidstone Hockey Club Player who has been honoured by being invited to become a Vice President of the club. There are no formal criteria for becoming a VP, but these are normally individuals that have given consistent and dedicated support to the Club from either a playing, fundraising, organising or helping perspective. The invitation to become a VP is made in recognition of this contribution and to thank individuals for past, present and future support to the Club.

Life Vice President is also an honorary position and will normally be an individual elevated from Vice President status on the basis of sustained exceptional service to the club.
