Good evening and a warm welcome to tonight's visitors Lordswood FC and their management team.

So Saturdays fa cup game away to Lordswood was a 0.0 draw, but plenty of chances in the game created by us especially in the 1st half and on another day we could have been 3 or 4 nil up.

2nd half the visitors came out on top and pegged us back and created some chances of their own, one to note Chris Harris pulled off a great save.

On reflection I think we just shaded the game but it wasn't to be.

We still have 5 or 6 players to welcome back to the side in the coming weeks who have missed the first couple of games which will give us a big boost moving forward.

The new signings have fitted in really well to the group so far. We feel we have a competitive squad available to us this season once we have everyone available in the coming weeks!

We will be a very young side again this year with lads willing to listen and play the brand of football the

management side want to play.

Training has been excellent under the coaching staff of Roland Baker, Steve Cavey and goalkeeper coach Steve Lynch.

We all look forward to the season ahead which is going to be a very strong league this year with some new grounds to visit along the way.

We welcome all the supporters back to Redding Way this season.

We hope you enjoy the game and the season ahead.

Hope to see you all back for our first home league game against Balham on Saturday.

Safe journey back tonight for our opponents.

# THE AWAY END

Lordswood FC was formed in 1968 and played out their early years in Cliffe Woods playing in the Rochester and District League.

In the early 1970's the football club and cricket club formed the Lordswood Sports and Social Club, acquiring the land and building the foundations of the facilities that are present today. The clubhouse was built in 1977 and since then the Rugby club and Petanque club have also joined the Social club.

Lordswood FC won successive Divisions and Cups in the Rochester and District League before finally ending up in the Premier Division. The club then applied, and was successful, in gaining entry into the Kent County League in 1981/82.

The Lords soon made their mark at a higher standard of football and, within 5 years of joining, they again found themselves in the Senior Division. In June 1996, officials of Lordswood FC attended the Kent League AGM and made a successful application to join the Winstonlead Kent League (as it was known then).

Lordswood is situated in the Medway Towns where the club own their own ground and have continually improved their facilities over the years. The facilities include; Floodlights, a 123 seater stand, and hard standing/terracing around 3 sides of the ground. The Boardroom was opened by Andy Hessenthaler when he brought his Gillingham side for a friendly in July 2003. This game brought a record gate of 600, and although Lordswood lost 5-0, two weeks later Gillingham beat Preston by the same scoreline, and so

are in good company.

Lordswood's highest league position is 4th which was achieved in 2015/16. They have reached the Semi-Final of the Kent Senior Trophy 3 times and the final once (losing 2-1 to Tunbridge Wells in 2012/13, and the League Cup semi-final once. They have entered the FA Cup every year since the 1999/00 season and FA Vase every year since the 1998/99 season. Reaching the 1st Qualifying Round of the FA Cup on two occasions, and reaching the 4th round proper of the FA Vase.

Lordswood's biggest win was against Erith Town with a 7-0 scoreline. The biggest defeat came against Folkestone Invicta away, 8-1.

Lordswood were Runners-Up in the Mid-week League in 1998/99 when they lost 2-0 to St. Leonards, and the Reserve Team won the Floodlight Trophy in 2006/07.

The 2012/13 season was arguably Lordswood's most successful ever, reaching the 4th round of the Carlsberg FA Vase (losing to the winners Spennymoor Town), and the semi-final of the Macron Premier Division Cup. Lordswood also finished runners-up of the Kent Senior Trophy narrowly losing 2-1 to Tunbridge Wells and finished a then club best 5th place in the league. The end of that season saw Jason Lillis depart to Whitstable Town along with a number of key players and the club was forced to rebuild once again.

Simon Halsey was Lillis' replacement and brought high hopes for the club to push on following his past exploits in the league with Herne Bay. However the promise failed to materialise and Halsey left without seeing a whole season out. Lillis returned to the club but left again less than a year later in March of the 2014/15

James Collins came in to steady the ship at the end of the 2014/15 season and took the role permanently for the following season leading the Lords to their highest ever league finish of 4th. His achievement didn't go unnoticed and he departed for Cray Valley.

Former player Richard Styles was appointed the club manager for the start of the 2016/17 season in his first managerial position and he struggled in his first term, with the club languishing at the wrong end of the table it took a turn of form in the last few months for the side to draw clear of the bottom to finish in 16th place. The following season saw a much improved performance, finishing a respectable 8th in the league and reaching the semi-finals of the SCEFL Challenge Cup (losing to eventual winners Whitstable Town on aggregate over 2 legs) and enjoying a run to the 3rd round proper of the FA Vase.

Hopes were therefore high for an improved season during 2018/19, however a number of inconsistent performances resulted in a somewhat disappointing 10th placed finish. Styles left the club in June to take

up the vacant manager's post at Tunbridge Wells and a number of players from the Lordswood squad followed him.

Darren Anslow was appointed as the new manager for the 2019/20 season and helped the club consolidate itself within the league until the season was unceremoniously halted by the Coronavirus pandemic. All fixtures and results were declared null and void and Anslow departed due to personal reasons.

Neil Hunter had joined the club in early 2020 to assist Anslow and he was handed the manager position for the 2020/21 season which like the season before was cut unceremoniously short before it could really get started. During the downtime, Hunter appointed Lordswood Reserves manager Imran Englefield as his assistant.

# THE FA CUP: A HISTORY OF MAGIC

*"I fell in love with football as I was later to fall in love with women: suddenly, inexplicably, uncritically, giving no thought to the pain or disruption it would bring with it." – Nick Hornby, Fever Pitch*

The FA Cup is the oldest cup competition in the world. This year, it turns a grand 150 years old. In the same year as the first ever FA Cup match, Germany was created, there was a Napoleon in captivity having been removed as leader of France, Queen Victoria opened the Royal Albert Hall, and the President of the United States was Civil War General Ulysses S. Grant. The FA Cup has survived from that alien, ancient time, to provide us with something that few other competitions in the world can provide. As unlikely as it may seem, it is still theoretically possible, a century and a half later, for a team that starts in the earliest rounds – the first weekend of August, before the elite clubs have even remembered that the competition exists – to go all the way and win the competition. That's something worth celebrating.

Only fifteen teams entered the original competition (this season there are 736), and it was won by Wanderers in front of just 2,000 fans at The Oval. They saw Morton Betts score the first FA Cup final goal, a tap in. But Jarvis Kenrick of Clapham Rovers holds the distinction of the first ever FA Cup goal, for Clapham Rovers as they beat Upton Park on 11<sup>th</sup> November, 1871. Notts County's Harry Cursham is the FA Cup's all time top scorer, with 49 goals between 1877 and 1891. Wimbledon's Doc Dowden scored the most goals in a single year – 19, in 1929/30 – and Ted McDougall's (pictured below) 9 for Bournemouth against Boscombe Athletic, in 1971, is the most in a single game. Much more recently Ashley Cole (Pictured right) has won the competition more than anyone, 8 times.

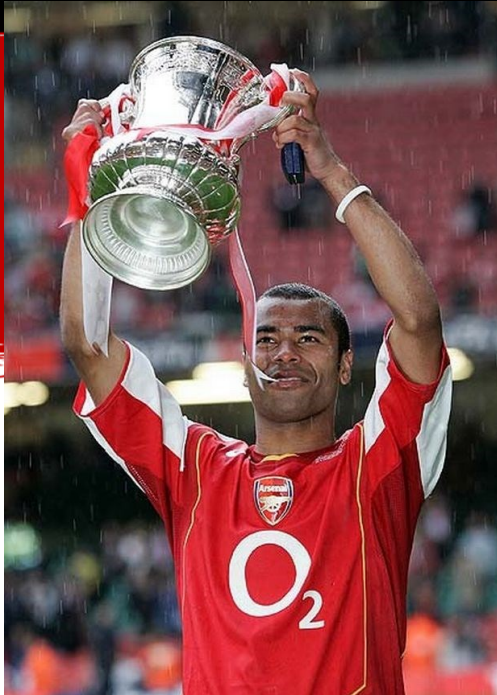

**Emirates  
FA CUP**  
150 YEARS

The original FA Cup trophy

The competition spans all ages too. The 1924 final saw a 41 year old Billy Hampson play for Newcastle United, a record that stands almost a century later, while Curtis Weston was the youngest when he played for Millwall in 2004. Only last year Bristol Manor Farm's Evander Grubb became the cup's youngest goalscorer, at a smidgen over 16. And while you might think it has become a global entity only recently, the first non-British player to win the Cup was American Julian Sturgess, in 1873. Canadian Edward Haggarty was the first non-Brit to captain a side to FA Cup Glory, Old Carthusians in 1881 (not Eric Cantona in 1996, as some have claimed). It did take a little longer for a foreign manager to win, however, and that distinction goes to Ruud Gullit, in 1997, with Chelsea.

Surprisingly, the team with the most FA Cup goals isn't Arsenal, the most successful team (14 wins) or the team that has lost the most finals (Everton, 8). Or Man Utd or Liverpool or anyone in the Premier League. It is little old Kettering Town, with 893. Spurs are just behind with 892.

But really, it's the giant-killings that stand out in the FA Cup. Whether its Ronnie

Radford's goal for Hereford that gets played as soon as the 3<sup>rd</sup> Round is drawn, Colchester beating title-challengers Leeds in 1971, or Sutton beating holders Coventry in 1989. Perhaps the earliest giant-killing was way back in 1907, when non-league Crystal Palace travelled to Newcastle United, second in the First Division at the time, and unbeaten at home, and won. In 1949 Sunderland, nicknamed *The Bank of England* for how much money they had spent assembling their squad, were drawn away at Yeovil, at that time deep in non-league. Level at 90 minutes, the match went to extra time as a dense bank of fog settled over Huish (before they moved to Huish Park), and a mishit pass let Yeovil's Eric Bryant hit the winner. Surely the greatest upset of them all.

And so to 2021-22. As we begin, hopefully, to emerge from our pandemic, the Cup has survived its second (after the 1919 Spanish 'Flu, when it was already half a century old). It is a reminder of what is special about football, and what is special about this competition. Who will be this season's Jarvis Kenrick? Who will be this season's Morton Betts, come to that? Will we see another Ted McDougall, another Ronnie Radford, another Yeovil? And who will win it in May? The last team to win from outside the top flight was West Ham, in 1980. The last non-league team to win was Tottenham in 1901. The magic of this competition is that, for all the time that has passed, for all the money that is spent, those things can happen again. And it's the 150<sup>th</sup> anniversary, so why not this year?

Enjoy the game.
