

14th April 2020

Dear Member

We would like to pass on our thoughts and best wishes as this time to all members and their families.

Understandably, as you know, all recreational cricket including practice, league and friendly matches, have been suspended until further notice. We know how disappointing this is to everyone.

We all have personal and family concerns to concentrate on at this time but as a committee we are discussing how this will impact the club and how we can keep the club strong and healthy, in particular financially, and maximise the amount of cricket and social activities when the current crisis is over.

Many members have already spent countless hours getting the club ready for the 2020 season and we thank them all. We will do our best ensure the club is ready to go when the ECB and leagues announce that cricket can be played again.

We also recognise that all our members will play an important role in keeping the Club together when we do start to play cricket again.

Best Wishes

Jason McDermid
Eaton Bray Cricket Club Secretary
