

Glenrothes Cricket Club
with Glenrothes Gladiators
at Gilvenbank Community Sports Hub
Gilvenbank Park, Glenrothes, Fife KY7 6RB

Membership Registration Guidance

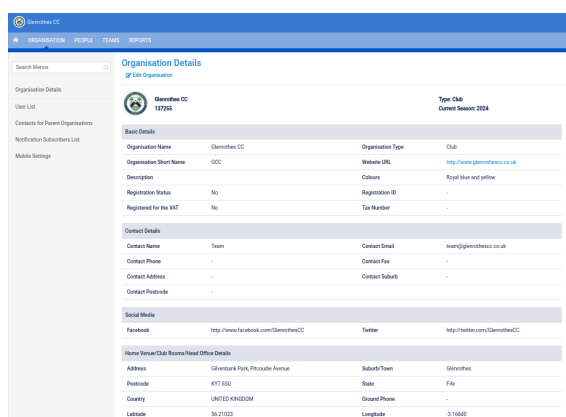

1. Club Website and App

Your primary registration sits with Glenrothes Cricket Club - so please make sure you are registered with the club!

Ensure your contact details are up to date and that you set your availability and confirm selection for all fixtures.

www.glenrothescc.co.uk

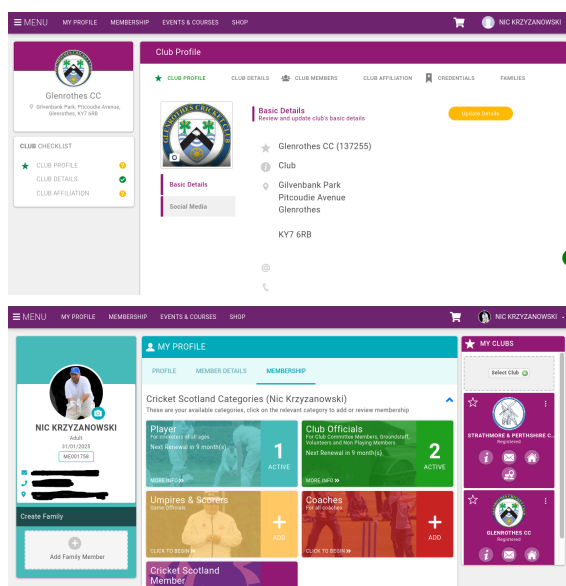

2. SPCU ResultsVault

The club registers all players taking part in senior SPCU fixtures on the SPCU ResultsVault platform on your behalf.

Only your names are registered, no other personal nor identifiable information.

This allows you to be selected in team lists for fixtures, to enable live scoring and the upload of scorecards on SPCU Live.

3. Scottish Cricket Registration System (SCRS)

A new nation-wide registration system for all players, officials and volunteers.

It is **your responsibility** to register for your own account.

Register as a **New Member**, add your **personal details** then add GCC as your **Club**. Opt-in to any marketing preferences and agree to the privacy policy. Then "buy" (for free) your "Registration" e.g. Player.

Delivering high quality cricket and social opportunities by providing facilities and environments which are engaging, accessible and affordable to people of all ages and abilities

Further details on the SCRS

The SCRS has been rolled out by Cricket Scotland primarily as a data gathering tool, to better understand and evidence participation numbers across the sport in Scotland. This covers all players, officials and administrators to allow accurate reporting of participation numbers to the International Cricket Council (ICC) and sportScotland as principal funders and to also strengthen direct engagement between Cricket Scotland and individuals.

At this point registration is **free** though Cricket Scotland aim is to charge each person an annual fee in the future. Further discussions are required with clubs however to determine if this should happen and if so at what level and how in turn that would impact club membership fees that are currently paid.

Where can I find out more information about SCRS?

Cricket Scotland have published summary guidance and step-by-step videos to demonstrate how key functionality works.

<https://www.cricketscotland.com/scrs-scottish-cricket-registration-system/>

How do I access SCRS?

Whether you are logging back in registering as a new member, use this link:

<https://cricketscotland.justgo.com/>

Are there any things I should be aware of for the registration process?

When registering as a **New Member** you will add in your own personal details then you can add Glenrothes Cricket Club as your **Club**.

That in turn will automatically add you to the Strathmore and Perthshire Union (SPCU) as another "club" (association) you will be registered with, meaning the SPCU can engage better with you also.

You will also be asked to provide your **demographic** information.

You will then get the option to opt-in to any **marketing preferences** and agree to the **privacy policy** on data usage.

Once completed you will then be shown your own **member dashboard**. From here you can update your **Profile** if you made a mistake during registration or need to update anything.

You can also update your **Membership Category** to reflect the role (or roles) you hold at our club. This will principally be "Player" for most people (and you will be

automatically assigned Junior or Senior level depending on your date of birth) or as a "Club Official".

If you are registering as a **Coach** then you will be required to update your **Credentials** such as your coaching qualification, Protection of Vulnerable Groups (PVG) and Children Wellbeing and Protection in Sport certificates.

Who should register?

In 2024, Cricket Scotland is prioritising the following categories – Players, Juniors, Club Officials and Administrators.

There is no explicit guidance on the process for registering and supporting junior players however. It is standard practice that they do not register in such systems by themselves and hence opt-in to communications without appropriate parental approval. It is possible to set up "Family Members" through your profile by linking up different accounts.

There is a "Non Playing Members" reference in the "Club Officials" category but this is not one of the options that can be selected - presumably because it is not yet a prioritised category for Cricket Scotland.

Please note you can also sign up as a Cricket Scotland Saltire or Patron member through this portal also.

What will happen with this information?

Not much in all honesty. The registration system is primarily aimed at Cricket Scotland evidencing how many people participate in the sport across Scotland.

They have intimated that they might send out direct communications to individuals, but the scope and regularity of these has not been confirmed.

As a club, we would hope that further improvements can be made to enable a single registration system to be developed which meets the needs of every stakeholder group - the club, regional associations (SPCU in our case) and Cricket Scotland as the national governing body. As things stand however, we will have a duplication of content across different systems for each body.

Who should I contact for more advice?

Our Club Administrator is Nic Krzyzanowski so please contact him at nic@glenrothescc.co.uk or any other way you can chat to him.

If he can't help then he will guide you to official support at Cricket Scotland.
