

Membership Rates 2023

Many thanks for your interest in becoming a member of Glenrothes Cricket Club.

Our fees for 2023 have remained the same from 2022, which has meant we continued to keep our fees lower compared to previous years. This reflects our commitment to **ensuring cost is not a barrier to participation**. We will continue to do what we can to make these as affordable as possible. Fees are summarised below and described more fully on the next page:

- Senior £100 (£10 a month)
- Concession £50 (£5 a month)
- Youth £15
- Junior £15 (+£5 for additional children)
- Associate (social) £25
- Senior and Concession also offered Pay As You Go (PAYG) options at 50% discount plus £5 match fee.

Parents and carers (who do not play cricket with the club) of Junior members will automatically obtain Associate membership for free. Similarly, **Senior or Concession members with children** or other dependents are entitled to pay for them through the £5 for additional children option. It is hoped this provides an affordable approach for all and will give everyone a stronger feeling of engagement with the whole club.

Our membership categories and fees are **predominantly all-inclusive** meaning once you become a member there would be no additional costs such as match fees or training costs. Though the club retains the right to charge for certain activities.

PAYG fees options are offered at 50% discount of the appropriate annual fee with an additional match fee of £5. PAYG members are eligible to play a maximum of six games per season, following which they must upgrade to the full fee of the relevant membership type by paying the difference.

If you are struggling financially then **the club can look to help** by waiving part or all of your fees. We will also try to be as flexible as we can by devising payment plans which suit your personal circumstances.

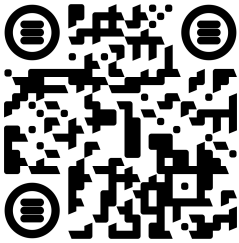

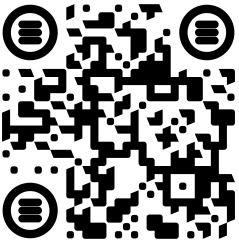

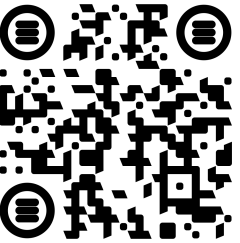

As a **member**, you become eligible for selection for all games and can access coach-led training sessions, use of practice nets, club equipment and kit and are covered by the clubs insurance policies.

Your fees go towards all **running costs** for the club and in turn will help ensure the club can provide fit for purpose facilities and equipment which are maintained to a high standard.
