Player to coach or adult - includes the use of repeated gestures or expressions of threatening or intimidatory nature by an individual player or group of players.

Dealing with Bullying

The Club will have a proactive approach aimed at preventing bullying from occurring within the Club which will always be considered in conjunction with the Codes of Conduct for Age-Grade Players, Parents, Spectators, Coaches and Referees.

The Club will:

- Be committed to ensure the safety and security of all players.
- Encourage an awareness of what bullying is and how to avoid it.
- Reinforce anti-bullying messages by coaches and adults leading by example in their behaviour.
- Encourage a 'permission to share' culture that allows Age-Grade Players to raise their concerns.
- Encourage a mature and measured attitude towards bullying so that Age-Grade players know how to respond effectively.

The Club will respond to incidences of bullying by:

- Using the 'no-blame' approach when bullying arises within a group situation.
- Assuring the victim that nothing is wrong with them and it is not their fault.
- Talking with the person alleged to be bullying another person, explain the situation, and try to get the 'bully(ies)' to understand the consequences of their behaviour.
- Encouraging and supporting the 'bully(ies)' to change behavior.
- Seeking an apology to the victim(s).
- Informing parents and, where necessary, informing coaches or volunteers working with the group.
- Imposing sanctions as necessary.
