Ivybridge RFC has recently been crowned champions of Western Counties West! They now start the new season in South West One for the 2014/2015 season, one below the national leagues! Following last season's success we hope to bring in new sponsors. This is especially due to the club's popularity rising considerably in the South West region of the country. New sponsors would be greeted with a warm welcome in this family oriented club, which boasts a great history and a very exciting future!
