# Photographic Images Guidelines

While Mansfield Rugby Club recognises that publicity and pictures of young people enjoying rugby are essential to promote the sport and a healthy life style the following rules should be observed.

1. Ensure parents/guardians/young people have granted their consent for the taking and publication of photographic images and have signed and returned the Parent/Guardian and Young person permission form
2. All young people must be appropriately dressed for the activity taking place
3. Photography or recording should focus on the activity rather than a particular young person and details which might make a young person vulnerable, such as their address, should never be revealed
4. Where an individual has achieved success in the game (e.g. when selected for representative side or showing triumph over adversity), permission must be gained from parent/guardian and the young person to use photographs/ recordings and relevant details
5. Where possible, to reflect the Clubs equity policy, photographs/recordings should represent the diverse range of young people participating in rugby

6. Anyone taking photographs or recording at any rugby event must have a valid reason for doing so and seek the permission of the organisers/persons in charge
7. They should make themselves known to the event organisers/persons in charge and be able to identify themselves if requested during the course of the event
8. All concerns regarding inappropriate or intrusive photography should be reported in confidence to the RFU Equity and Ethics Manager via the rugby club or Constituent Body Welfare Manager
