## **IT'S THAT TIME OF YEAR**

You should all have paid your subs by now but if you haven't please do so as captains will only be playing those who have paid.

Also, can you make sure you pay your match fees after you play. The club needs these funds to pay for pitches and petrol. Without these, we cannot pay the above. If you know you owe match fees but are unsure how much please contact your captain or look on Pitchero.

## **PETROL MONEY**

Petrol money for travelling to matches will only be paid if a car contains at least 3 players. If a car is full with 2 players and 2 spectators we cannot pay money for transport.

## **TRAINING**

There has been a re-shuffle in Senior training times. Ladies are now training from 7-8.30pm, men from 7.30-9pm. Juniors as per normal 6.30pm-7.30pm

## **COVID-19**

Due to the huge increase in cases in Europe we'd like to ask you to continue to be sensible, thoughtful and responsible at hockey with regards to Covid-19.

As a club, we are not making you confirm your vaccination status. We are not asking for proof of regular lateral flow tests or for negative results before coming to training or games, especially if sharing a car. We are not asking you to confirm that you have no symptoms or if you have recently been in a situation that has put you at increased risk.

We are not asking all this of you as it is something we would **EXPECT** you to be doing in line with government guidance and in the spirit of looking after your friends, team mates and our hockey club. Our club is made of people, good people, producing a club that I am proud to be part of. Please do think about how you conduct yourself as your actions can have an impact on other peoples' health, their ability to work and even their ability to stay alive.

## **CROWDFUNDING**

Due to the hard work of the Fundraising committee an enormous £2294 was raised by the club. Thanks to our club members who purchased, donated and persuaded friends and family to part with cash for this campaign.
