

Making a payment and completing the registration form

The following instructions will guide you through making a payment.

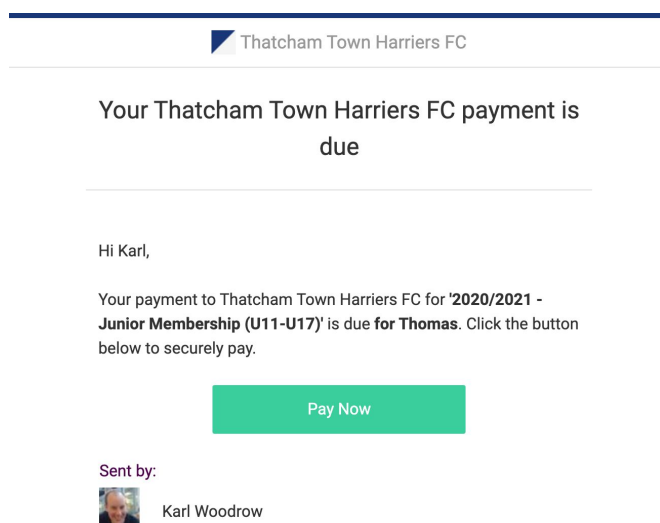

Please follow these instructions carefully to successfully complete the payment and registration process for the 2020/2021 season.

Note: A common mistake is making the payment for the account member (parent) and not the playing child. Please make sure you correctly select the player for payment during the process.

Paying through the website:

1. Getting to the payment screen:

- a. **Option 1** - when your child is assigned a payment for next season you should receive an email that will link you to the payment page.

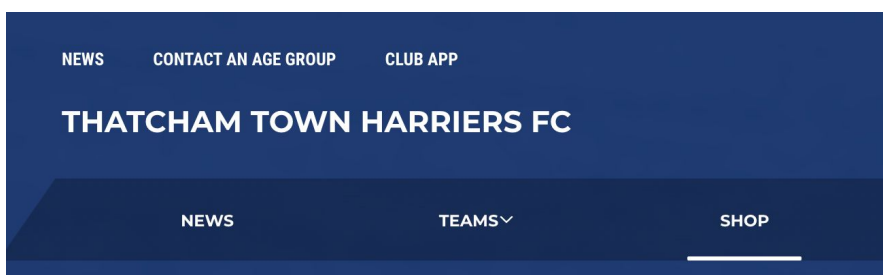

- b. **Option 2** - access from your Pitchero account details. Click your account image in the top right and corner. Click 'Your account' and then select 'Thatcham Town Harriers'. At the top of the screen you should see that you've been allocated payments to pay. Click 'Payments'

Select the person you are paying the membership for:

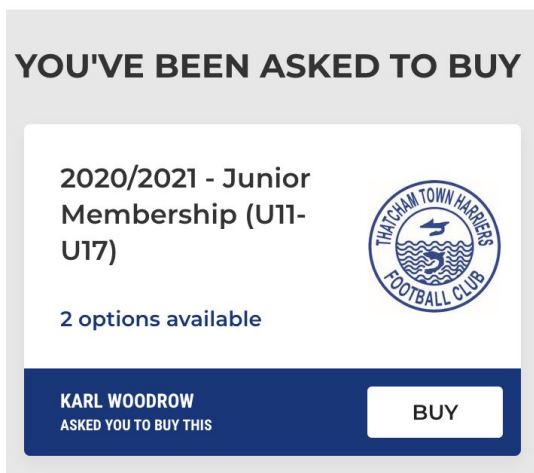

- c. **Option 3** - from the website (when you are signed in to Pitchero). Select “Shop” or browse direct to <https://www.thatchamtownharriers.club/payments>

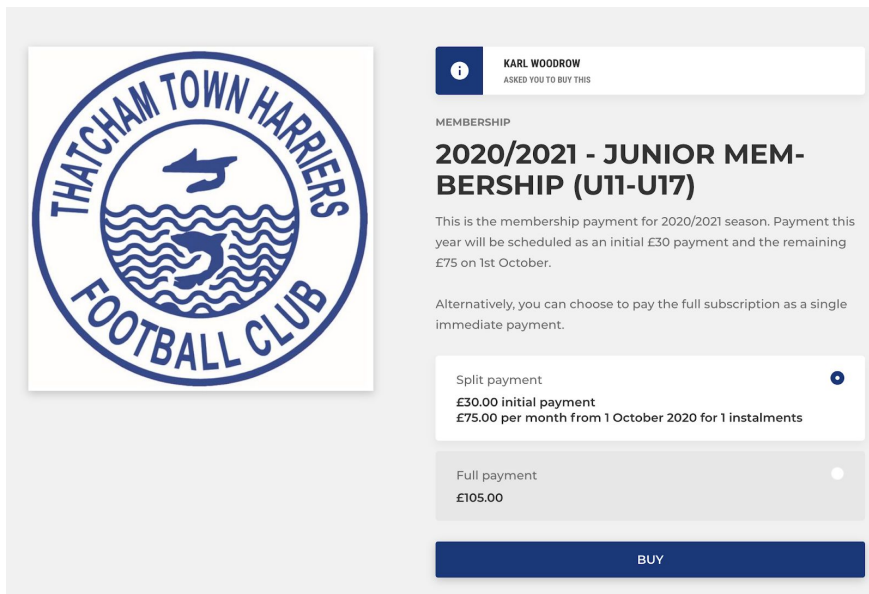

This will show your payment assignments:

SHOP

2. Once you've selected the product, you will then see a screen that gives further options.

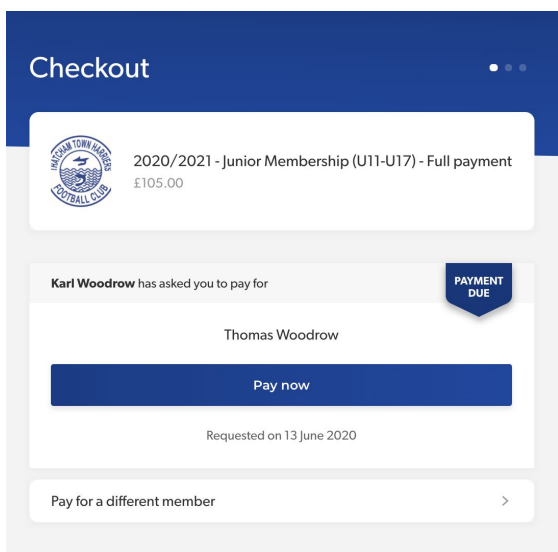

- Split payment - this year an initial payment of £30 is due immediately, the remaining balance will be taken on 1st October 2020 (£45 - U7-U10, £75 - U11-U17)
- Full payment - pay the full year subscription in a single payment

Once you have made your choice then click “Buy”

3. The next step is to select who the payment is for - in most instances the correct child should have been selected but this isn't always the case. Please ensure that you select the correct child, otherwise their details will not be captured correctly (and *do not* select yourself).

If the payment is shown for the wrong person please select 'Pay for a different member', when ready to proceed click 'Pay now'.

5. Please check any existing information and complete all the required fields in the form and then click “Continue”
