Sponsor Option 1

Have the company logo to appear for the entire stream

Maximum exposure if clips are picked up by various outlets

1. Top right square

This is the primary location where we can place your club's logo, a sponsor logo or a combination of both (if sent in the one image). It's important to note that this logo appears for the entirety of the stream

Visibility: Entire stream

Size: 200x200px

Format: PNG file

Max amount: one

Option 2

Pop ups at the over rotation through various sponsors through the days play.

4. NEW! Popups after end of overs

Customers can add a maximum of 8 end of over sponsors onto the stream which will rotate through one per over in the same sequence throughout the match.

Visibility: After the end of each over

Size: 1900x150px per slot

Format: PNG file

Max amount: 8 slots

Option 3

Have your logo appear during breaks of play. This will appear when the live play is paused for breaks in play.

3. Secondary sponsor boards during breaks in play

Customers can add as many as 8 sponsor boards to show in breaks of play.

TIP: To maximise the number of sponsors you can promote on a stream, we recommend that you include multiple sponsor logos per slot

Visibility: When Team lists display & when a break is set in the Live score app - Drinks, Innings, Lunch, Tea, Injury, Bad light, Stumps

Size: 800x150px per slot

Format: PNG file

Max amount: 8 slots
