

Hotels, Bed & Breakfast and Hostel Information For Patients and Visitors to the Royal Free London NHS Foundation Trust

The Royal Free Hospital's location in Hampstead allows access to hotels and back-packer hostels from budget to luxury, unique bed and breakfast establishments to budget priced hotels. We have listed properties visited or contacted by this department to cover the wide range of facilities, standards and prices offered locally to allow you to make an informed choice for your individual requirements. Some hotels offer rooms adapted for customers with disabilities. Please speak to the hotel directly.

Each listing contains address, contact details – telephone and website, travelling times and transport information from the Royal Free Hospital. Please check directly with the hotels or websites regarding prices. Please note that if booking in advance many hotels offer lower rates on their website though these may not be refundable should you need to cancel the booking. Higher rates tend to apply during busy periods. If you require accommodation for a longer period liaising directly with the establishment may secure further discounts. It would also be useful to mention you are visiting the Royal Free Hospital.

All accommodation and rates are subject to availability. Always a good idea to check review websites in advance.

We hope you find the information useful – feedback would be welcome to rfh.accommodation@nhs.net
