

EOC-200

IP extender via coaxial cable
Passive | No power required
Transmitter and receiver
Allows transmission 1 IP channel
Maximum distance 200 m
Bandwidth 10/100 Mbps

Ethernet Extender via Coax
Passive receiver and transmitter
Transmit 1 IP link(s)
Maximum distance 200-250 m at 10 Mbps
No power supply required

Specifications

Connection over coaxial	BNC male/female connector
Power	Not required
Datarate	10/100 Mbps
Distance over coaxial	200m between extenders (250m with cable RG6)
Ethernet connection	Port RJ45
Ethernet signal	10Mbps Base-T
Impedance	UTP:100 Ohm/Coax:75 Ohm
Protection	Overvoltages up to 2 kV second IEC61000-4-5
Operating conditions	-20?~85? Temperature 95% Humidity
Dimensions	22 (H) x 82 (W) x 115 (D) mm / 90 g
