SALES AND INVOICING CONDITIONS

1. General Condition All customer orders and deliveries are subject to the present sales conditions, and shall take precedence over any conflicting customer purchase conditions. The Terms of Purchase of our clients will only be accepted if prior written consent by Rudy Raes Bloemzaden NV has been given. **2. Orders** 1. To avoid any error as far as possible, we urge you to provide a clear specification using the designations and numbers in our price list and on our order forms. 2. In the event that an order is wholly or partly cancelled by a customer, a fixed payment of 20% of the value of the cancelled order shall be due in compensation, apart from any expenses and costs which have already been incurred for the order in question. **3. Prices** 1. The prices given in our price list and on our order forms are not binding, and apply only to professional customers. Any subsequent price adjustments shall automatically cancel earlier lists. 2. All prices are quoted in £ or euro, excluding VAT (seeds 6%, seedlings 6%, cuttings 6%) and excluding licence fees (cuttings). VAT will be added at the current rate. 3. Seeds are calculated according to the scale given in the price list. For these purposes the prices are applicable from the stated quantity upwards. This is in all cases for the purchase of the same variety or selection. **4. Delivery** 1. From the warehouse, at the customer's risk at all times. 2. We shall not be liable to pay compensation if we are unable to deliver due to force majeure or a poor harvest. 3. An overrun of the delivery deadline up to and including a period of 6 weeks shall not give the purchaser the right to the suspension or dissolution of the agreement, or to compensation or interest. 4. Should the delivery time be exceeded by more than 6 weeks, the customer shall be exclusively entitled to terminate the contract (wholly or in part) by notifying Rudy Raes Bloemzaden NV in writing within 7 days. Rudy Raes Bloemzaden NV may also rescind the contract itself (wholly or in part) if the delay is due to circumstances outside its control. In this event no compensation shall be due from Rudy Raes Bloemzaden NV. 5. The minimum order size for seeds is £ 21.25 or 25 euro (excluding VAT), with a minimum of £ 2.55 or 3 euro per product. An exception shall be made for backorders. The minimum order size quoted on the order form shall apply to planting material. 6. On delivery of seeds, a packaging supplement of £ 0.43 or 0.50 euro will be charged for each additional package. 7. If a customer wishes to make use of our push-out plates, a deposit will be charged for every push-out plate. When the push-out plate is returned, the deposit paid will be returned to the customer. 8. Reservation of title: as long as the goods delivered have not been paid for they shall remain the property of the seller who may reclaim them in the event that no payment has been received. 9. Delivery on trolleys: we have the right to charge the customer for the hire of trolley etc. from 8 days after delivery if these are not returned on time. The hire prices are: £ 0.51 or 0.60 euro per trolley per day, £ 0.06 or 0.07 euro per shelf and £ 0.02 or 0.02 euro per extension, plus transport costs. **5. Dispatching** 1. We charge transport costs as mentioned on the current order forms. 2. Please indicate your full address clearly with each order (your invoice address as well as your delivery address); seed orders are almost always sent by post. 3. In the event of a failure to take delivery the risk shall pass to the purchaser. **6. Payment** 1. Payment shall be due within 60 days of the invoice date unless another due date has been mentioned on the invoice or in case there has been explicitly agreed another due date in writing. 2. An invoice which is insured with Atradius and not paid by the due date will be transferred to Atradius 60 days after the due date for collection. 3. In the event that an uninsured invoice is not paid by the due date, we shall have the right to levy a charge of 1% per month without further notice, and compensation of 10% of the outstanding sum due with a minimum of £ 34 or 40 euro. Additionally, all sums outstanding on other transactions shall immediately become due. 4. Clients shall pay on delivery or at the vendor's registered offices, net and without discount. The acceptance of bills of exchange or other payment documents may never be invoked as a novation. 5. A reduction of 2% may be retained on an invoice paid within 10 days of the billing date (not applicable to pre-payments). Where the 10-day deadline allowed is exceeded, the buyer's right to the 2% reduction shall expire. 6. The costs of collecting invoices not paid on time shall be charged completely to the purchaser. 7. Should the purchaser contest part of the order, the purchaser shall remain liable on the due date for the sum about which there is no dispute. 8. Failure to comply with the payment deadline shall mean that all open orders may be cancelled. **7. Cultivation advice** 1. The information and advice on cultivation provided in the catalogue has been compiled with the utmost care. Nevertheless we should point out that growers must apply this advice in accordance with their own knowledge and understanding. In the event of uncertainty, we advise that trials should first be carried out to establish the influence of local conditions. Rudy Raes Bloemzaden NV is not liable for the information provided in these publications. 2. Basic material from plant varieties that are protected by a plant breeder's rights must not be used for propagation. Varieties thus protected are indicated by Rudy Raes Bloemzaden NV by an ® or "P". Offences shall give rise to a penalty charge for each additional plant. **8. Force majeure** Force majeure is construed as meaning: any circumstance beyond the control of Rudy Raes Bloemzaden NV – even if at the time when the agreement was set up, it might have been anticipated – which temporarily or permanently impedes the performance by Rudy Raes Bloemzaden NV of the agreement, as well as – insofar as not already covered thereunder – crop failure, harvest of seed with transport problems, diseases in our own business or in that of a supplier, war, risk of war, civil war, terrorist attack, strike, occupation of the business, government measures, damage by fire, water, frost or storm, disruption to the supply of raw materials, water and energy in our own business or that of a supplier, and failure to deliver or late delivery by suppliers. Rudy Raes Bloemzaden NV will notify the purchaser as quickly as possible of any case of force majeure. **9. Complaints** 1. Although we do everything in our power to satisfy our customers and to avoid complaints, shortcomings remain possible. 2. Complaints regarding the delivered weight, or the appearance of seeds or young plants must be reported in writing no later than 8 days after delivery date. 3. Complaints regarding the purity and germinating power of seeds or the quality of young plants must be reported within 42 days. 4. Complaints relating to the authenticity of seed varieties, seedlings and cuttings supplied must be reported to Rudy Raes Bloemzaden NV as quickly as possible, with a supporting photograph. In any case at a time when the crop can be checked in the field by both parties. 5. All complaints must be reported in writing and if such reports are not made within the stipulated time they shall be regarded as invalid and any responsibility on our part shall cease. 6. Complaints regarding invoicing must be reported in writing within 14 days after invoice date: failing this the invoices shall be considered as being accepted by the customer. **10. Liability** 1. No compensation may ever be claimed from us that exceeds the price of the seed or plants supplied. Any further liability is explicitly excluded. Any liability on the part of Rudy Raes Bloemzaden NV shall lapse if no legal claim is lodged against Rudy Raes Bloemzaden NV within 6 months after the delivery. 2. Rudy Raes Bloemzaden NV is under no circumstances liable for any consequential damage, including loss of sales and profits, damage to reputation or damage of any kind whatsoever. 3. By placing an order, the purchaser declares its agreement to the above conditions. 4. If the buyer cannot agree with the above conditions, then he must return the seed supplied, at his own expense and with the written consent of Rudy Raes Bloemzaden NV, within 10 days in its original, unopened packaging. Plants and cuttings must likewise be returned in the original plate, at his own cost. 5. All returns are subject to a cost of 15% calculated by reference to the value of the goods returned. **11.
