

Outline fee structure

Weekly fees

Typical standard rate for residential care from: £1145

For nursing care, rates will be dependent on personal needs.

These weekly fees are an indication of a typical standard rate for a resident living in a standard room. A final weekly fee will be given to you once we have carried out a pre-admission needs assessment which is required to fully understand the level of care and support required by each individual. In addition our fees are dependent on the type of room you reside in.

What's included in the fee:

- 24 hour care in the home and on-going care reviews
- Your bedroom and access to all facilities
- Heating and electricity costs
- All meals (including choice of meals), snack and drinks prepared daily by our chefs
- Housekeeping and laundry services
- Liaison with outside agencies e.g. medical practitioners and district nurses
- Assistance with personal care
- Activities and lifestyle programme (including routine trips out of home)
- WiFi internet access

Please note, the weekly fees excludes the following: personal newspapers, personal flowers, smoking or vaping materials, personal toiletries, hairdressing, dental care, manicures, beauty treatments, podiatry care or special outings e.g. theatre tickets. Further, the fee does not cover you for medical or similar appointments. Where such accompaniment is arranged this will be charged separately at a reasonable rate.
