

## PERSONALIZED PROVISIONING

---

Thank you for choosing Footloose for your next yacht charter vacation.

We believe the ability to choose a vacation menu suited to your individual party's tastes is unquestionably one of the characteristics of a successful and enjoyable charter vacation. In order to provide you with a flexible meal selection, we would like to introduce to you our new Personalized Provisioning packages.

**Personalized Split Provisioning:** Includes all breakfasts, lunches, snacks and a few dinners. For example, on a seven-night charter please choose 7 breakfasts, 7 lunches, 7 snacks and 3 dinners.

**Easy on the Cook:** This menu was designed for those who wish to take a break from cooking evening meals. It offers exactly the same choices as Personalized Split, but with only one dinner, thereby allowing you to dine ashore.

It's easy! Simply choose which package you would prefer, then select your own meals and beverages from our enclosed pre-planned menus, and we will pick, pack and deliver to your yacht the morning of your charter.

**Note:** The quantity of food supplied for each meal will be sufficient to feed the number of persons in your party.

Example: If your party consists of 4 persons, you will receive ingredients for 4 portions. It is entirely up to your party as to whether everyone has this meal once, or whether one person in your party has this meal 4 times.

**Al A Carte:** If you would prefer to customize your selections, we also offer Al A Carte provisioning. Please contact your vacation planner for details.

**PS.** If you have not already ordered provisioning through your vacation-planning agent, please call 1-800-814-7245 to authorize your order.
