The ferried named Suomenlinna II, Suokki and Tor provide unobstructed access for people with limited mobility. People in a wheelchair can also access the interior premises.

### JT-LINE WATERBUS

19 43 46 The waterbuses to Suomenlinna depart from the Market Square cruise departures area. In Suomenlinna, the waterbus departs from the Artillery Bay (Tykistölahti) quay and makes an additional stop at the King's Gate. Some of the services also make a stop at the islands of Lonna and Vallisaari. Please note that Helsinki Region Transport Authority (HSL) tickets are not valid on the waterbus service. We recommend those in a wheelchair to take a ferry operated by HSL.

# Welcome to Suomenlinna!

Situated on the islands off the coast of Helsinki, Suomenlinna is a cultural treasure. Its construction began in the mid-18th century when Finland was still part of Sweden. Today, the fortress and its museums, restaurants and events are a memorable experience for visitors of all ages.

We have drawn up a map to facilitate moving in Suomenlinna. Footpaths in the sea fortress are paved with cobblestones, gravel or sand. The terrain is hilly in places and uneven sections cannot be avoided completely. By consulting the map, you can find the easiest route and access to locations to visit, and the services are colour-coded.

## MORE ACCESSIBLE ROUTE

A more accessible route runs alongside the main blue route and is useful for example for visitors with a wheelchair or a buggy. No signposts designate the accessible route in the terrain. We recommend for those in wheelchairs to be accompanied by a person assisting them.

Tip: The pedicab Taksi Viapori also operates in Suomenlinna. [www.taksiviapori.fi](http://www.taksiviapori.fi)
