

REBEL 4.7

4.7" HD IPS display

Quad Core 1,2 GHz processor

Dual SIM

powered by

4.7" HD IPS display

A modern 4.7" display has a HD resolution of 1280 * 720 pixels (313 ppi). Applied IPS matrix offers excellent viewing angles, clarity and well-saturated colors. Photos and films displayed on Rebel 4.7 are extremely realistic.

**4x
CORE**

Quad Core processor

The use of ultra-fast MediaTek MT6582 CPU makes the REBEL a great media device. Easily copes with demanding 3D graphics and movies in high definition. During production process we used modern 28 nm technology, which improves system performance while reducing power consumption..

Dual Sim

The advantage of all smartphones under the Pentagon brand. Dual SIM feature allows you to use a smartphone with two phone numbers - for example, private and business.

2 cameras: 5 MP + 0.3MP

Excellent 5 MP camera allows you to show your photos not only on a computer screen or smartphone. Installed software allows you to record movies in high definition. LED flash can also be used as a flashlight.

GPS Navigation

Precise GPS navigation will always show you the right road. Check by yourself the full functionality of applications such as Google Maps, Waze or Yanosik.

Fast 3G internet

Thanks to super-fast 3G module operating in WCDMA 900/2100, you will be able to smoothly surf through internet, use e-mail client and social network sites. In addition, the smartphones are compatible with Aero2 SIM cards.

Screen

- 4.7" IPS display
- HD (1280 x 740px / 313 ppi) resolution
- Scratch resistant

Processor

- MediaTek Mt6582
- QuadCore - ARM Cortex A7 1,3GHz

RAM

- 1GB

Built-in memory

- Flash 4 GB

Camera

- 5 megapixel rear camera
- Autofocus
- LED Flash
- 0.3 Megapixel front camera

OS

- Android 4.2.2

Battery

- 2150 mAh

Dual SIM

- Micro SIM + Mini SIM

Network parameters

- built-in Wi-Fi 802.11 b/g/n
- Bluetooth 4.0
- HSPA+
- Aero2 SIM card support

Sensors

- GPS / AGPS
- accelerometer
- light sensor
- rotation vector sensor

Dimensions

- 138x68x9.5 mm

Connectors

- 3.5mm stereo Minijack
- MicroSD/SDHC slot (up to 32GB/class 4)
- MicroUSB
