

ALLERGY WARNING

March 29 2018

Aunt Bessie's Croquettes 550g

BATCH CODES **D47 352 03:09** to **D47 352 03:20** best before 06/2019

We're recalling potato Croquettes from some Lidl stores in England as they may have been incorrectly packed with potato balls containing egg which is not mentioned on the label. This means the product is a possible health risk to anyone with an egg allergy.

Only a small number of packs have been affected and there is nothing wrong with the food, providing the consumer does not have an egg allergy.

If you are allergic or intolerant to egg, do not consume this product. Instead call Aunt Bessie's on the number below for a refund.

This is an isolated incident and no other Aunt Bessie's products are affected by this recall.

The health and safety of our customers is a priority for us at Aunt Bessie's and we would like to apologise unreservedly to our customers for any inconvenience caused.

Any customers with queries or concerns can contact Aunt Bessie's Customer Services on 01482 301335.
