

Product Recall

Sesame seeds 125g

Batch no. 158674 Best before end Sept 2022

The safety and quality of our products is very important to us. We are recalling a small batch of Holland & Barrett Sesame Seeds 125g due to the presence of Salmonella.

Only bags with the batch number **158674** and a best before end date of **Sept 22** are affected, and you can check if you have bought sesame seeds from this batch by looking on the bottom of the label, in the middle as shown below.

Please return this product to your nearest store for a full refund.

We would like to reassure you that no other Holland & Barrett products are affected by this issue. As part of our rigorous health and safety process we check the quality and safety of each and every batch of our products, and so we can very quickly react to make sure any issues are swiftly dealt with.

Please accept our apologies for any inconvenience caused.
