

# RECALL NOTICE

As a precaution we're doing a recall of an isolated batch of Oatly chilled Oat Drink whole that might contain metal pieces from a broken machine part. The risk is very small, but we always put safety first and want to make sure we eliminate any risk. The batch affected has a best before date of 29.04.19

Return product to store for refund.  
Any questions, please contact [info@oatly.com](mailto:info@oatly.com)
