Eat Natural have decided to withdraw and recall this product due to the possible presence of salmonella, originating from a third-party supply of ingredient. Salmonella is an organism which can cause serious infections and sometimes have severe consequences in young children, frail or elderly people, and others with weakened immune systems. While most healthy people with Salmonella infection will not become ill, those who do display symptoms will recover in a few days without specific treatment.

This does not affect any of their other products.

Consumer

Do not eat this product.

Instead:

- Check if you have bought the affected best before date(s) of the brazil & sultana with peanuts and almonds bars.
- You can do this by taking a picture of this notice or writing down the best before date(s) for reference at home.
- Return the product(s) to the store of purchase for a full refund (with or without a receipt).
