

PRODUCT RECALL:

**Tropicana Trop50 Multivitamins 1ltr
Best Before Code starting: 14/10/18 CHO...**

We are aware that one batch of Tropicana Trop50 Multivitamins 1ltr bottles may be naturally fermenting, which could cause the product to spoil. As this batch does not meet the high standards of quality and taste we expect from Tropicana products, we are taking the precautionary measure of recalling the product.

Our tests show there are no food safety issues with the product, so we do not anticipate any negative physical reactions if it is consumed.

If you have one of the affected bottles, you can call our Consumer Care line on 0800 274777 to receive a full refund

The product is visibly impacted: bottles may appear bloated; sediment may be present; or the juice may appear fizzy. The flavour of the product is also likely to be noticeably impacted.

Product affected:

- Tropicana Trop50 Multivitamins 1ltr
- Best Before Code starting: 14/10/18 CHO...

No other Tropicana products are affected.
