GRANTS FOR TRAINERS

The 2019 GBGB Welfare budget enables the Trainers Assistance Sub-Committee (TASC) to award grants to trainers as follows:

DEVELOPMENT

Professional Trainers that have held their licence for more than 12 months remain able to apply for development grants to help finance the cost of kennel and related facility improvement work that will benefit the greyhounds in their care. The criteria applied to development grant applications is as follows:

If quotations submitted in support of a development grant application are provided from a building contractor and include the costs of both materials and labour, the grant will continue to be capped at 50% of the net cost (or £8,000, whichever is the lower).

If the trainer wishes to use own labour and therefore apply for a grant solely towards the costs of materials to be used (supported by appropriate quotations), the grant will be capped at 75% of the net cost of materials only (or £8,000, whichever is the lower).

IMPROVEMENT GRANTS

Professional trainers that have held a licence for more than 12 months, and are subject to an improvement notice issued by a Stipendiary Steward for facilities that fall below GBGB minimum requirements, may apply for improvement funding to bring their training facilities within GBGB standards. Each application is considered on a case by case basis. The TASC may award a grant up to 100% of the total cost (maximum award of £8,000).

Any trainer that fails to comply with the instructions issued on an improvement notice may be subject to disciplinary action and may have their licence suspended until those instructions are met.

HARDSHIP

Hardship grants are available to both Greyhound and Professional Trainers who are experiencing genuine financial hardship (due to illness, natural disaster, etc.).

TRAVEL CAGES & AIR MANAGEMENT

Grants towards the cost of travel cages and air management for vehicles are currently available to all trainers. The grants available are as follows:

Travel Cages – a maximum of 50% towards the total cost.

Air Management – a maximum of 50% towards the total cost.

***GBGB will issue an additional notice relating to grants available for air conditioning in vehicles.**

For more information on how to apply for a grant, or to request the relevant application form, please call the GBGB office on 020 7822 0900, or contact your Stipendiary Steward for further advice.

DISCIPLINARY COMMITTEE INQUIRIES

The Disciplinary Committee of the GBGB were in attendance at a meeting held on 14 February 2019:-

Mr K Salmon (in the chair)

Mr A Hunt

Mr R Woodworth CBE

1 **Shawfield Stadium - WESTEND MICK - Owner Trainer Mrs L Sweeney**

Owner Trainer Mrs Lyn Sweeney was found in breach of rules 152 (i), 174 (i)(b), and 217 of the GBGB Rules of Racing in that a pre-race urine sample taken from WESTEND MICK, a greyhound owned and trained by Mrs Sweeney, at Shawfield Stadium on 21 September 2018 was analysed by LGC Health Sciences as containing the presence of codeine and norcodeine, and that she had in her charge a greyhound that showed the presence of a substance that by its nature could affect the performance of a greyhound or prejudice its wellbeing.

Mrs Sweeney was unable to attend in person but participated by telephone. Daniel Rankin, racing manager of Shawfield Stadium, apologised for his absence. Alex McTaggart, stipendiary steward, and Professor Tim Morris, independent scientific adviser, were in attendance.

The Disciplinary Committee heard evidence from Professor Morris to the effect that codeine affects dogs by relieving pain and has a range of potentially serious side effects and as such it is a substance which by its nature could affect the performance or prejudice the welfare of a greyhound.

At the local inquiry, Mrs Sweeney told stipendiary steward, Alex McTaggart, that at the time the sample was taken, her mother who takes co-codamol was staying with her, and this was the only possible source of codeine. The mother had supplied a statement confirming that she is prescribed co-codamol and it is a possibility that she dropped a capsule which was thus eaten by

WESTEND MICK. Mrs Sweeney told the Committee that WESTEND MICK was a scavenger that eats everything it can.

Mrs Sweeney told the Disciplinary Committee that she did not know how codeine had passed through the greyhound's system. The only possible explanation she could think of was her mother's co-codamol. She said she would never give WESTEND MICK, which is her only greyhound, any medication which had not been prescribed by a vet. The Disciplinary Committee found her to be an honest witness who was doing her best to assist the Committee and accepted her evidence.

The PA form lines indicated that WESTEND MICK had been running very consistently and without injury, which would have been the only reason deliberately to administer codeine.

Mark Bird, Director of Regulation, accepted on behalf of GRB, that accidental administration was the likeliest cause of this positive test.

Accordingly, the Disciplinary Committee found Mrs Sweeney in breach of rules 152 (i), 174 (i)(b) and 217 of the GBGB Rules of Racing.

Mrs Sweeney had no previous breaches of the GBGB Rules of Racing. Mark Bird expressed the hope, which was shared by the Disciplinary Committee, that this was an isolated case. The Disciplinary Committee was satisfied that Mrs Sweeney was now aware of the potential risks posed by human medication and would ensure that there was no repetition in future. In those circumstances, the Disciplinary Committee ordered that Mrs Sweeney be cautioned.

2 **Shawfield Stadium - ESKER SAMUEL - Owner Trainer Mr J Cairns**

Owner Trainer Jim Cairns was found in breach of rules 152 (i) & (ii), 174 (i)(a), and 217 of the GBGB Rules of Racing in that a pre-race urine sample taken from ESKER SAMUEL,

a greyhound owned and trained by Mr Cairns, at Shawfield Stadium on 18 May 2018 was analysed by LGC Health Sciences as containing the presence of amphetamine and hydroxyamphetamine; and that he allowed a substance to be administered that could affect the performance and/or wellbeing of the greyhound.

Mr Cairns apologised for his non-attendance as did Daniel Rankin, racing manager of Shawfield Stadium. Alex McTaggart, stipendiary steward, and Professor Tim Morris, independent scientific adviser, were in attendance.

The Disciplinary Committee heard evidence from Professor Morris to the effect that amphetamine is a stimulant of the nervous and cardiovascular system and is a substance which by its nature could affect the performance or prejudice the welfare of a greyhound.

At the local inquiry held on 13 July 2018, Mr Cairns could offer no explanation for the positive test although he did say that when he went to fetch the greyhound from the kennel the padlock was open. Mr Cairns indicated that both he and his wife were on medication, but he did not know the name. He said he would check the details and let Mr McTaggart know. Subsequently, he stated he did not want to disclose the medical records of himself and his wife as he felt that they were nothing to do with the inquiry.

On 13 July 2018, a hair sample was taken from ESKER SAMUEL which upon analysis identified the presence of amphetamine.

By a letter received by GBGB on 16 January 2019, Mr Cairns made a number of assertions. He pointed out that having bought the dog on 11 May 2018 he asked Simon Storey, sampling steward, to take a sample for testing. A sample was taken which Mr Cairns asserts was swapped with the sample taken on 18 May 2018, the implication being that amphetamine was administered

prior to his acquisition of the greyhound. He repeated his assertion about the padlock.

The Disciplinary Committee heard evidence from Alex McTaggart. He explained that a sample had been taken from ESKER SAMUEL by Simon Storey who had supplied a statement dated 17 July 2018. Mr Storey told Mr Cairns that he was unsure of the procedure and would have to consult Mr McTaggart. In the event that the correct procedure had not been followed, he told Mr Cairns the sample would be destroyed. Mr McTaggart told Mr Storey that Mr Cairns would have to request and pay for an elective test. In those circumstances it was for Mr Cairns himself to take the sample, not the GBGB sampling steward. It followed that the correct procedure had not been followed. Accordingly, the sample and form for sample analysis were destroyed. There was, therefore, no sample in existence which could have been swapped as Mr Cairns asserts.

Professor Morris gave compelling evidence based on an analysis of the studies of excretion times for amphetamine in dogs which led the Disciplinary Committee to conclude on a balance of probabilities that amphetamine was administered after 11 July 2018, while the greyhound was in Mr Cairns' charge.

The Disciplinary Committee heard evidence from Mr McTaggart, and read a letter/statement from John McLean, security officer/paddock steward at Shawfield, regarding the kennelling procedures at the Stadium. Based on that evidence, the Disciplinary Committee unhesitatingly concluded on a balance of probability that there was no truth in Mr Cairns' assertion that the padlock was unlocked.

It would have been very helpful had Mr Cairns appeared before the Disciplinary Committee either in person or by telephone. He chose not to do so and had presented by letter two patently false explanations. In those circumstances, the Disciplinary Committee could only conclude that Mr Cairns himself deliberately administered amphetamine to ESKER SAMUEL.

In those circumstances, the Disciplinary Committee found Mr Cairns in breach of rules 152 (i) and (ii), 174 (i)(a) and 217 of the GBGB Rules of Racing.

This was a very serious breach involving a deliberate administration of a class B drug. The least penalty that the Disciplinary Committee could impose was that Mr Cairns be disqualified indefinitely.

3 **Shawfield Stadium – GURTMULLEN LUCY – Owner Trainer Mr A Meek**

Owner Trainer Andrew Meek was found in breach of rules 152 (i) and (ii), 174 (i)(a) and 217 of the GBGB Rules of Racing in that a pre-race urine sample taken from GURTMULLEN LUCY, a greyhound owned and trained by Mr Meek, at Shawfield Stadium on 27 July 2018 was analysed by LGC Health Sciences as containing the presence of cocaine, benzoylcegonine and m-hydroxycocaine; and that he allowed a substance to be administered that could affect the performance and/or wellbeing of the greyhound. GURTMULLEN LUCY won the race in a time of 0.28 seconds faster than the best of its trials.

Mr Meek was unable to attend in person but participated by telephone. Daniel Rankin, racing manager of Shawfield Stadium, apologised for his absence. Alex McTaggart, stipendiary steward, and Professor Tim Morris, independent scientific adviser, were in attendance.

The Disciplinary Committee heard evidence from Professor Morris to the effect that cocaine is a highly regulated class A controlled drug which affects dogs by stimulating the brain and causing a significant reduction of heart function, which by its nature could affect the performance or prejudice the welfare of a greyhound.

On 22 September 2018 Mr Meek attended a local inquiry conducted by Alex McTaggart, stipendiary steward. He was unable to explain the positive test but did say that there had been unauthorised people in the kennels.

Mr Meek attended this inquiry by telephone. He very much stressed that there were unauthorised people in the kennels and suggested that one of them could have administered cocaine. He strenuously denied doing so himself.

Alex McTaggart told the Disciplinary Committee that the kennel doors were solid with small perforations. He also explained that kennel security at Shawfield Stadium was good and denied that in his experience there were unauthorised persons in the kennels as described by Mr Meek.

The Disciplinary Committee rejected the idea that cocaine could have been administered whilst GURTMULLEN LUCY was kennelled at Shawfield. The construction of the kennel door was such that the Disciplinary Committee could not believe that a third party could have administered cocaine without somebody noticing.

Mr Meek advanced no other explanation. He did not identify anyone else who could have administered cocaine. That being so, the Disciplinary Committee was driven to the conclusion and in the absence of any evidence that there was such a person, on a balance of probabilities that he himself administered cocaine.

Accordingly, the Disciplinary Committee found Mr Meek in breach of rules 152 (i) and (ii), 174 (i)(a) and 217 of the GBGB Rules of Racing.

These were very serious breaches involving the administration of a class A drug. The very least penalty the Disciplinary Committee could impose was indefinite disqualification.
