## EMERGENCY VETERINARY CARE

Veterinary attendance at licensed race tracks is for the provision of immediate First-Aid treatment for greyhounds that sustain an injury while racing, as well as attending to the Duties of a Track Vet required at all race meetings.

The track veterinarian will provide pain relief and immediate First-Aid to an injured greyhound and ensure that any casualty is transported without unnecessary delay to a trainer's regular veterinary surgeon or a local practice for further assessment/treatment.

The track veterinarian will issue a "First Aid Treatment, Written Direction and Transport Certificate" which will provide a provisional diagnosis of the nature of the injury, details of treatment given at the time of injury and instruction on the requirement for follow-up treatment within a specified timeframe.

This Certificate is a requirement for effective communication between veterinary professionals (as specified in the RCVS Guidelines) to facilitate handover of the patient, to ensure continuity of care and to safeguard the welfare of the injured greyhound.

Licensed trainers are reminded that they must be registered with a veterinary practice within a reasonable distance from their kennels for routine veterinary cover of greyhounds in their care and the provision of emergency out-of-hours services.

It is not acceptable to transport emergency cases for treatment by the track veterinarian during race meetings. This often involves transport for longer distances and the veterinary facility at the race track may not be equipped to adequately provide for surgical cases requiring advanced emergency care. The movement of a sick greyhound to a racecourse is likely to cause unnecessary stress to the patient and constitutes a health risk to other dogs at the track. Dogs that are sick and require medical treatment should be taken to a veterinary surgery as close as possible to the trainer's kennel without delay. It is the trainer's responsibility to arrange for these cases to be seen without delay by a local practice.

Further, the track veterinarian is responsible for the welfare of all dogs at a race meeting and their primary focus is to attend to this duty. Dogs not racing or trialling at that meeting may not be brought to the race track unless for marking-up/registration.

Veterinary surgeons providing cover for race meetings are also reminded that they shall make arrangements with a practice local to the track to provide emergency back-up for referral of any greyhound that requires immediate advanced care and hospitalisation. Contact details for this emergency practice will be displayed in the vet's room and also notified to the track management/Welfare Officer.

### DISCIPLINARY COMMITTEE INQUIRIES

The Disciplinary Committee of the GBGB were in attendance at a meeting held on 18 December 2018:-

Mr M Elks (in the chair)  
Mr R Coughlan  
Mr R Woodworth CBE

#### 1 Welfare of greyhounds – Greyhound Trainer Mr R Wood

Greyhound Trainer Raymond Wood was found in breach of rules 2, 152 (i) and (ii), 212 (v), (vi), (vii), (viii) (ix), (xiii) and 213 (xxv) of the GBGB Rules of Racing.

Mr Wood was in attendance at the hearing and was accompanied by Mr Chris Day who gave evidence on his behalf. Also, in attendance were stipendiary steward, Mrs Hayley Huntley, and sampling steward, Mr Robert Steward. Dr Anna White, veterinary surgeon, gave evidence by telephone.

The Committee heard evidence from Mrs Huntley as follows. Mr Wood was assistant trainer to the previous trainer (now deceased). Mr Wood became trainer when his predecessor died in 2013. The kennels were subject to a number

of adverse reports before Mr Wood took over and this pattern continued. The then stipendiary steward Ms Lorraine Sams inspected the kennels 5 times between March 2014 and June 2016, raising on each occasion concerns relating to the condition of the greyhounds' teeth, nail length, bedding, husbandry, and general cleanliness. An improvement notice was issued in June 2016 specifying the following non-conformities with the GBGB Rules of Racing:

- Smell of ammonia on entering kennels
- Bedding needed to be replaced immediately and then kept clean and topped up at all times
- The kennels needed repainting
- 2 greyhounds had teeth in a poor condition
- The kitchen area needed cleaning and tidying
- The small concrete paddock needed to be cleared of all excrement at least twice daily

Mrs Huntley replaced Ms Sams as stipendiary steward with responsibility for the South-East region in May 2017. When she visited the kennels on 1 August 2017, she

highlighted various non-conformities with the GBGB Rules of Racing including the cleanliness of the kennels, the condition of the paddock areas and the lack of water for the greyhounds. She noted that most of the requirements of the improvement notice served in 2016 had not been met. Her kennel inspection report noted that the cleanliness of the kennels and kitchen, the kitchen equipment and the condition and fencing of the paddocks were not of a satisfactory standard. Additionally, the treatment book and the kennel book were not maintained as required.

Mrs Huntley visited the kennels again on 15 October 2018 following an anonymous complaint received by the GBGB on 10 October 2018. She was accompanied by Mr Steward. When they arrived at 11.20am the kennels were locked, and it was apparent that the greyhounds had not been let out of their kennels that morning. Mrs Huntley called Mr Wood and he arrived about 30 minutes later. The conditions of the kennels were bad, with a strong smell of ammonia, sawdust which had turned red as it had been down for so long, feed bowls from the previous

day still in the kennels and in some cases water buckets were either empty or full of paper and bedding or sawdust. There were buckets containing fermenting old feed on the kitchen floor. One greyhound had an open wound to her throat with paper bedding stuck to it. This injury had been caused by the fencing in the grass paddock area. She advised Mr Wood to seek immediate advice from a veterinary surgeon. Mr Steward noted a strong smell of urine when the main kennel door was opened and noted that the sawdust in all the kennels was drenched in urine. He also observed large amounts of dog faeces in each kennel. He also saw the open wound referred to above and noted that the greyhound yelped in pain when Mr Wood tried to remove the paper bedding stuck to the wound.

On 12 November 2018, Mrs Huntley visited the kennels again this time accompanied by Dr White. Again, the kennels were unattended upon arrival. This time they were also unlocked and unsecured. The Committee read Dr White's report on the visit. In particular, she concluded that the greyhounds did not have:

- i. Clean drinking water at all times
- ii. An uncontaminated environment with fresh air flow
- iii. A natural or artificial light source
- iv. Fresh uncontaminated food, stored and prepared in a hygienic manner
- v. Freedom to express natural behaviour
- vi. Freedom from distress
- vii. Freedom from injury, pain and disease

Mrs Huntley produced photographs taken during this visit.

When giving evidence, Dr White described the kennels as the worst she had ever seen.

Following this inspection, the Board suspended Mr Wood's licence.

On 21 November 2018, Mrs Huntley visited the kennels again. Mr Wood was present with his new kennelhand Ms H Sharpe. She and her partner Mr Day are working without pay to assist Mr Wood and are living on site in a caravan provided by Mr Wood. Mr Day told the committee that they still return to their own home, but Ms Sharpe is working 5 days a week at the kennels and he is helping out. He has premises on the site from which he runs a business and assists Ms Sharpe when he can.

Mrs Huntley noted improvements which had been made to the kennels. The rear kennel door had been replaced by a barn style door to increase ventilation. The kitchen area had been cleaned and the medicine cabinet was padlocked. A new concrete paddock was being built. Sawdust was no longer being used which had reduced the smell. Dogs had apparently been treated for fleas but not yet been groomed. Several dogs had dead fleas. The dogs with bad teeth on the last inspection were still in the same condition. One greyhound had a line of fur on top of the plaque built up around its teeth and fur was growing back by the tailbone. Another greyhound had a swollen toe which Mrs Huntley said necessitated his being taken to the veterinary surgeon.

The kennel inspection report of this visit identifies non-conformity with the GBGB Rules of Racing in respect of the cleanliness and condition of the kennels, the waste disposal from the kennels, the kitchen equipment, the fencing in the paddock and the condition of the greyhounds. However, the breaches by Mr Wood of Rules 212(v), (vii) (ix) and (xiii) had been remedied.

Mr Wood said that he had to visit his doctor's surgery daily for treatment which was why he was not at the kennels when visits took place. Money had been taken from him by a relative which had caused considerable difficulties for him. He said that Ms Sharpe and Mr Day became involved in assisting him around the beginning of November and he said all the issues raised by the Board had been dealt with. He said he had spent £600 treating the greyhounds in his kennels for fleas using a flea bomb treatment which he had not heard of before. He produced photographs of his kennels and some of the greyhounds there to show the improvements he had made. The fur had grown back on the greyhound with the fur previously missing by its tailbone. He said he did not accept the criticisms of the condition of the greyhounds in his kennels and stated they were in as good a condition as greyhounds in other kennels.

Mr Day spoke of the love of animals both he and his wife had and how much they enjoyed looking after the greyhounds. However, the Committee noted that while Ms Sharpe is now a licensed kennelhand, Mr Day is not. They both wanted Mr Wood to retain

his licence, so they can continue to work with the greyhounds.

The Committee concluded that Mr Wood was in breach of his obligations under the GBGB Rules of Racing set out above. In view of all the evidence this was a very serious matter. It was rightly acknowledged on behalf of the GBGB that there were failings on its part in not following this case up at an earlier stage. The Committee considered that this did not affect the obligations of Mr Wood in respect of the welfare of the greyhounds in his kennels. Bearing in mind that the welfare of those greyhounds is paramount the appropriate penalty in this case was the indefinite withdrawal of Mr Wood's licence.

## **2 Crayford Stadium – SPECIAL STORY – Professional Trainer Mr D Lee**

Professional Trainer David Lee was found in breach of rules 152 (i), 174 (i)(b) and 217 of the GBGB Rules of Racing in that a urine sample taken from the greyhound SPECIAL STORY at Crayford Stadium on 21 August 2018 was analysed by LGC Health Sciences as containing the presence of O-desmethylvenlafaxine.

Mr Lee was in attendance. Stipendiary steward, Mrs H Huntley, racing manager, Mr Danny Rayment, and independent scientific adviser, Professor T Morris, were in attendance.

The Committee heard evidence from Professor Morris that O-desmethylvenlafaxine is the major neurological active metabolite of venlafaxine. Venlafaxine is not available as a veterinary medicine and is only used in very limited circumstances. It can affect behaviour and cause neurological side effects in dogs. It is therefore a substance which by its nature could affect the performance of a greyhound or affect its well-being. Professor Morris stated that it was not certain whether venlafaxine would cause a greyhound to run faster or slower.

The Committee noted that the race in question was a Category 1 final so it was well-known that all participating greyhounds would be subject to testing.

The Committee heard from Mr Lee that one of his licensed kennel staff took venlafaxine for a chronic medical condition. A prescription evidencing this was produced by him following the local inquiry. The

medication was in capsule form which Professor Morris said made cross-contamination highly unlikely unless the capsule was broken open.

The Committee heard evidence from Mr Rayment that Mr Lee had been racing greyhounds at Crayford only since June 2018, but he found Mr Lee honest and likeable and said there had been no issues with any of the greyhounds he trained.

The Committee did not consider that cross-contamination was a likely cause of the positive sample. The most likely explanation was that SPECIAL STORY had ingested the whole or a part of a capsule. They concluded on the balance of probabilities that Mr Lee had not administered the substance, nor had he caused or allowed it to be administered. Accordingly, he was not in breach of Rule 152 (ii) or 174 (i) (a) of the GBGB Rules of Racing. He was, however, found to be in breach of Rules 152 (j), 174 (i)(b) and 217 of the GBGB Rules of Racing.

Although there had not been a deliberate act by Mr Lee there had nonetheless been carelessness in allowing SPECIAL STORY to ingest the whole or part of a capsule containing venlafaxine. It is essential that every precaution is taken to ensure that greyhounds do not have access to medication being taken by those working with greyhounds. The Committee considered Mr Rayment's evidence about Mr Lee as well as his previous breaches of the Rules of Racing before deciding that the appropriate penalty was a severe reprimand and a fine of £850.

### 3 **Poole Stadium – IDE MELON – Professional Trainer Mr P Chatfield**

Professional Trainer Philip Chatfield was found in breach of Rules 152 (i) and (ii), 174 (i)(a) and 217 of the GBGB Rules of Racing in that a urine sample taken from IDE MELON at Poole Stadium on 17 July 2018 was analysed by LGC Health Sciences as containing the presence of chlorpromazine.

Stipendiary steward, Ms Meriel France, and independent scientific adviser, Professor T Morris, were in attendance. Mr Chatfield and racing manager, Mr Mark Sheppard, attended by telephone.

Professor Morris' evidence was that chlorpromazine is not available as a veterinary medicine although it has been used in animals to stop vomiting or for sedation. In humans

it is used in the management of psychotic conditions. Chlorpromazine affects dogs as it does people, causing sedation, lowering blood pressure and affecting behaviour. It is a substance which by its nature can affect the performance of a greyhound or prejudice the well-being of a greyhound. He said that the fact that chlorpromazine sulfoxide was also present in the sample indicates that chlorpromazine had been metabolised by IDE MELON.

In Professor Morris's opinion the level of chlorpromazine found in IDE MELON meant that it had raced under the influence of a clinically significant dose of chlorpromazine. This substance is known within greyhound racing as a "stopper".

Mr Chatfield stated that neither he nor, so far as he was aware, any of his staff were taking chlorpromazine. He said he did not administer the substance and suggested that the source of the drug could have been vagrants seen on the other side of the fence around the car park at the stadium, but very close to where his van was parked on 17 July. They may have put a tablet on the ground which was then consumed by IDE MELON. He accepted that chlorpromazine would affect the performance of a greyhound.

The Committee did not consider that Mr Chatfield's explanation for the positive sample was a plausible one. They noted that on 31 July, 2 weeks after this positive sample was taken, IDE MELON ran a time about 5 lengths faster than on 17 July and this improved form has been maintained since. In a statement by Mr Danny Jones the GBGB's betting investigator, he confirmed there were no irregular betting patterns but stated that IDE MELON's first 5 races including that on 17 July seemed consistent, and there did not seem to be anything in IDE MELON's previous form to suggest he was capable of recording the time he achieved on 31 July.

The Committee concluded on the balance of probabilities that Mr Chatfield had administered or caused to be administered chlorpromazine to IDE MELON. Accordingly, he was found in breach of Rules 152 (i) and (ii), 174 (i)(a) and 217 of the GBGB Rules of Racing. Mr Chatfield was disqualified for 2 years, such disqualification to be suspended for 2 years. He was also ordered to pay a fine of £1,500.

## LOCAL INQUIRIES

### 1 **Peterborough Stadium – TROMORA PRIM**

At a local inquiry held by the Area Stipendiary Steward on 13 December 2018, the Racecourse Executive at Peterborough Stadium was cautioned and fined £300 for a breach of Rule 50(i) in respect of racing the greyhound TROMORA PRIM at Peterborough Stadium over 435m on 23 November 2018; when the greyhound was not qualified to race over that distance.

In reaching his decision the Area Stipendiary Steward took into consideration the previous history of the stadium and the admission by the Racing Manager of the rule breach.

### 2 **Sunderland Stadium – MANDYS MARNIE**

At a local inquiry held by the Area Stipendiary Steward on 12 December 2018, greyhound trainer Mr S Francis was fined £200 for a breach of Rule 49(iv) after the greyhound MANDYS MARNIE vomited in the kennels following a race at Doncaster Stadium on 27 August 2018; and his failure to use best endeavours to ensure that the performance of the greyhound was to the satisfaction of the Stewards.

### 3 **Sunderland Stadium – SUNSET DUKE**

At a local inquiry held by the Area Stipendiary Steward on 11 December 2018, professional trainer Mrs K Blackbird was cautioned and fined £250 for a breach of Rule 49(iv) & 152(j) after the greyhound SUNSET DUKE vomited in the kennels following a trial at Sunderland Stadium on 23 November 2018; and her failure to use best endeavours to ensure that the performance of the greyhound was to the satisfaction of the Stewards.
