## EXPORT OF GREYHOUNDS

The Greyhound Board of Great Britain (GBGB) is aware that certain jurisdictions in the world are finding it increasingly difficult to source greyhounds for racing or breeding purposes. Some of these jurisdictions have animal welfare standards which are unverified. Unconfirmed reports suggest that greyhounds exported to these countries are denied basic welfare rights. Whilst the GBGB recognises that it is not illegal to export greyhounds to such locations it strongly recommends that exports are only made to countries with a recognised welfare standard, structured around strong legislation.

The wellbeing of greyhounds is at the core of GBGB's conviction to provide robust regulation for licensed greyhound racing and ensuring the highest standards of care for all greyhounds that fall within its responsibility. Involvement in the export of greyhounds to jurisdictions where welfare standards cannot be verified is not acceptable and GBGB will employ the full powers available to it to prohibit individuals from deliberately undermining the good reputation of licensed greyhound racing in Great Britain.

Information relating to the sale, advertisements, or social media requests offering to purchase or acquire greyhounds in unusual circumstances should be passed to the GBGB Welfare & Integrity Department on **0207 822 0900** or by emailing **welfare@gbgb.org.uk**

Alternatively, you can contact your local area stipendiary steward.

All information given will be treated in the strictest confidence.

## GREYHOUND AMBASSADORS LAUNCH RETIRED GREYHOUND CERTIFICATE

The Greyhound Ambassadors have launched a new certificate for retiring greyhounds giving new owners important information about their racing history.

The Retired Greyhound Certificate seeks to provide a way for ex-racing greyhounds to carry their racing history with them into their forever homes so that new owners are able to take pride in adopting a former athlete. The certificate includes details such as the greyhound's racing name, as well as their:

- Parents and siblings;
- Racing owner and trainer;
- Proudest moment on the track;
- General likes and dislikes.

Former owners and trainers will be asked to fill in the certificates which are currently being distributed to training kennels and re-homing centres. If you haven't received a copy of the certificate and would like one emailed to you, please contact the GBGB Welfare Department on [welfare@gbgb.org.uk](mailto:welfare@gbgb.org.uk).

Kim Sanzone, Greyhound Ambassador who has led the development of the certificate, said:

*"When you welcome a retired greyhound into your home, you're not just adopting any dog – you are giving a home to a former canine athlete with a proud pedigree. As Ambassadors, we felt that this history is sometimes lost or forgotten when they are rehomed as pets so we wanted to do something to address this. We hope that this certificate will benefit the new owners who are providing our beautiful hounds with their forever home."*

Mark Bird, GBGB Managing Director, said:

*"This certificate is another positive step by the Ambassadors which will hopefully help strengthen the link between dogs' racing careers and their retirements as pets."*

# TRANSPORTATION OF GREYHOUNDS

## Introduction

In our Greyhound Commitment we state that *“Greyhound welfare and safety is at the heart of everything we do”*.

With this in mind we have taken a fresh look at monitoring how greyhounds are being transported.

The guidelines for transportation of greyhounds are laid out in Appendix II of the GBGB Rules of Racing. These guidelines have been in place since 2005 and were mainly derived from the Welfare of Animals (Transport) Order 1997, otherwise known as WATO and EU legislation number 1/2005.

There will now be a new GBGB Vehicle Inspection Form and Certificate to record the details of any vehicle being used to transport greyhounds to and from the racecourse.

## How will the vehicle be inspected?

The inspection of any vehicle will be conducted by a Stipendiary Steward and must take place at the racecourse. This will best demonstrate the vehicles suitability and allow the Stipendiary Steward to demonstrate any non-compliance issues.

Details will be recorded on the inspection form and will be kept on file for that trainer. Once the inspection is complete a GBGB Transport Certificate will be issued.

A new inspection form has been created based on the key areas of Appendix II. The form has been designed to include as much information from Appendix II as possible so that both the trainer and Stipendiary Steward are clear on what is required (see below).

<b>1 Name of Trainer:</b>	
<b>2 Vehicle Registration Number:</b>	
<b>3 Animal Transporter Authorisation Certificate Number:</b> <i>(Animal transporters who do not currently hold type 1 authorisation which is valid for road journeys over 65km and up to 8 hours should complete the WIT1 form. This authorisation will be valid for 5 years.</i>  <i>Existing type 1 transporter authorisations are not automatically renewed and all applicants must reapply for authorisation. Animal transporters who currently hold a type 1 transporter authorisation which is due to expire should complete the WIT55 form and submit this for their authorisation to be renewed before their existing authorisation expires.</i>  <i>Transporters who allow their previous type 1 transporter authorisation to lapse by more than 4 months will be classed as a new applicant and should complete the WIT1 form.</i>  <i>Only one application can be made per transporter. Any person or business may apply for authorisation but will be limited to one authorisation per individual or business.</i>  <i>A transporter is defined in Council Regulation 1/2005 as any person transporting animals on his own account or for a third party.)</i>	

<p><b>4 Description of Vehicle:</b> <i>(Car/Minivan/Van/Lorry including Make &amp; Model)</i></p>	
<p><b>5 Number of greyhounds being transported:</b></p>	
<p><b>6 Number of Cages:</b> <i>(If greyhounds are transported in the back of a car, a dog guard should be used and all greyhounds should be muzzled. A maximum of two greyhounds can be transported loose in the back of a vehicle. If more than two greyhounds are to be transported each greyhound must be held in a separate travel cage)</i></p>	
<p><b>7 Describe how cages are secured to the vehicle:</b> <i>(When travel cages are used cages should be designed, constructed, maintained and operated so as to avoid injury and suffering and to ensure the safety of greyhounds. All such cages should be secured to the transport vehicle.)</i></p>	
<p><b>8 Describe the construction of the cages:</b> <i>(All cages should be built of an impervious, mesh material for maximum ventilation and include a carpeted or cushioned non-slip floor surface. Cages in vehicles must have at least 40% of the wall area open to allow adequate air flow. This is best provided by a rust-proof (stainless) steel mesh door and back to the cage as well as additional open areas on its sides to allow ventilation through the cage.)</i></p>	
<p><b>9 Describe the cleaning routine for the inside of the vehicle:</b> <i>(Cages must be kept clean, regularly disinfected and in good condition.)</i></p>	
<p><b>10 Describe the cage sizes:</b> <i>(As an absolute minimum, cages must have the following dimensions: 35.56cm/14in width, 101.6cm/40in length, 76.2cm/30in height. Trainers should note that these are only MINIMUM sizes; larger greyhounds require larger cages. Trainers are responsible for ensuring that their travel cages are suitable for the greyhounds being transported.)</i></p>	
<p><b>11 Describe the size of the cage(s) used for injured greyhound(s):</b> <i>(Each transport vehicle should also include a cage of minimum width 76.2cm/30in, or 2 cages with a removable separator, to allow secure and comfortable transport of a particularly large or slightly injured greyhound.)</i></p>	
<p><b>12 What is the temperature in the area containing the greyhounds:</b> <i>(The vehicle temperature should be maintained between 10°C and 26°C at all times during transport.)</i></p>	
<p><b>13 Describe how the temperature is monitored in the area containing the greyhounds:</b> <i>(When the driver is not in the same space as the Greyhounds a remote monitoring device must display the temperature in the Greyhound cabin and be visible from the driver's seat. Temperature must be monitored.)</i></p>	

<p><b>14 Describe the ventilation available in the vehicle:</b></p> <p><i>(As a rough guide, if there is condensation inside a vehicle it is an indication that the humidity is too high and ventilation must be increased to prevent it. Maintenance of temperature control and ventilation must be possible when the vehicle is stationary. This is best provided by full air conditioning. There must be a procedure for the provision of ventilation in an emergency; this may be as simple as opening all vehicle doors.)</i></p>	
<p><b>15 Describe the number and type of fire extinguishers in the vehicle:</b></p> <p><i>(All vehicles carrying greyhounds must be equipped with a functioning and regularly serviced fire extinguisher. It may be advisable to provide an indication on the outside of the vehicle that live animals are being carried to alert the emergency services.)</i></p>	
<p><b>16 Describe the water provisions available in the vehicle:</b></p> <p><i>(For any journey over 4 hours adequate rest stops for watering, feeding and emptying must be included. Water must be provided every 4 hours or frequently enough to prevent dehydration. Emptying must be provided every 8 hours and food every 24 hours.)</i></p>	
<p><b>17 Describe the availability of collars, leads and muzzles in the vehicle:</b></p> <p><i>(One lead and collar be must be carried for each greyhound being transported in a vehicle. All greyhounds should be muzzled during transport. This will facilitate the safe removal and restraint of greyhounds in an emergency.)</i></p>	
<p><b>Details of Improvement Notice Issued:</b></p> <p><i>(list reference numbers and attach copy to report)</i></p>	

### **GBGB Transport Certificate**

The certificate will be written out using a pre-printed duplicate notepad. The trainer will be given a copy of the certificate that must **always remain in the vehicle**.

A Stipendiary Steward may request to see a copy of a vehicles certificate upon arrival at any racecourse.

### **Improvement Notices**

The certificate can also double up as an improvement notice for the vehicle and may include details of any non-compliance and a timeframe for completion.

Trainers that fail to meet the requirements of Appendix II within the agreed timescales may be subject to disciplinary action.

### **Summary**

It is important to note that there are no new regulations being put in place here and that appropriate timescales will be given for any improvements required.

Trainers should also note that funding may be available through the trainers' assistance fund for some vehicle improvements.
