GBGB ANNOUNCES LICENSING UPDATES FOR 2021

GBGB has announced a series of changes to its licensing process for 2021, as part of its drive to continue raising welfare and integrity standards under the Greyhound Commitment.

The changes follow a full licensing review conducted by the GBGB Board to explore whether the process was still fit for purpose. This was the first review of its kind since the Board was established more than a decade ago.

The changes announced have been delayed since early spring, when the review was originally completed, due to the onset of the Covid-19 pandemic. They will now come into effect on 1 January 2021 and all licence-holders who are impacted will be contacted directly with further details.

Whilst other smaller improvements to the process are being introduced, the key change is the consolidation of all trainer licences into one single Professional Greyhound Trainer licence from 2021. This means the discontinuation of the Owner Trainer and Greyhound Trainer licences.

The fee structure will also be updated for trainers and calculated according to kennel capacity. These new payments will be staggered; trainers are only required at this stage to pay a £50 non-refundable renewal deposit, with the full amount paid after their NSF certification inspections during 2021.

Other changes include:

- Trainer licence applications and renewals to be allowed at any point throughout the year and will run for 12 months from the award date;
- Kennel staff licence renewals should be made now alongside trainers' renewals; the costs of these are not increasing and they will be automatically extended, free of charge, to match the end date of trainers' new licences once formally approved during 2021;
- Dual-attachment licences for kennel staff will be considered on a case-by-case basis;
- Veterinary surgeons to apply to GBGB directly to be licensed across all stadia; these multi-track licences will be increasing to £50.

Mark Bird, Managing Director of GBGB, said:

“The licensing changes we have announced are very much common sense and represent how far our sport has come over the past few years. From introducing multi-track veterinary surgeon licences to streamlining the application process, we have sought to respond to feedback from the sport on how we can do things better going forward.

“The consolidation of the trainer licences is clearly the most significant of all, however, and signals our unwavering commitment to welfare and integrity and the ongoing professionalisation of our sport.

“It is only fair and right that every licensed greyhound trainer is held to the same high standards and is able to be inspected effectively under the PAS 251:2017 and in line with

Continued overleaf

the GBGB Rules of Racing. The new single Professional Greyhound Trainer licence will allow us to do this, thereby ensuring each of our racing greyhounds receives the best possible care in their residential kennels.

"We recognise that this does represent a significant change for our current Owner Trainers and we are keen to support individuals to qualify under the new structure should they wish to. Our Stipendiary Stewards and Registry Team will be working closely with them, and with all our trainers, through the transition.

"Likewise, GBGB has not increased its trainer licence fees since it was established in 2009, so a review into this was well overdue. The new fee structure aims to be a fairer and more straightforward system based on kennel capacity and will contribute towards the additional costs of the new NSF International certification inspections. We have, however, decided to stagger the introduction of these payments in light of these past few months."

To explain the changes, and what they mean for different licence-holders, GBGB has published a Questions and Answers document available here <https://bit.ly/3kJp9w9> Anyone with further questions is invited to contact GBGB's Registry Team on 020 7822 0900 (Option 3)

BGBF LAUNCHES GRADED SERIES FOR BRITISH BREDS AT EVERY TRACK

A new graded series for British bred dogs at every track in the UK has been announced by the BGBF.

The aim of the BGBF has always been to support, encourage and reward British Breeding at all levels. Up to now competition sponsorship has been concentrated on Open events, but the BGBF are aware that this means they have been missing out a large proportion of British bred dogs running on all tracks around the country. So, for the first time, the BGBF are launching a series of graded events, one at each track, to support graded dogs along with their breeders, trainers and owners.

The BGBF Supporting British Breeding Graded Series will give each venue the option of running its event one of two ways: firstly as an 18 (or 12 if necessary) runner handicap competition; or, if the track does not have, or is currently unable to use, handicap traps, two single race events of different grades (or one 18 or 12 dog race at a single grade if two at different grades are not possible).

For the first time also trainers, as well as breeders, of the winning greyhounds will receive a financial reward. Details of this new series have been sent to tracks this week. Each winner will also receive a trophy, provided by the BGBF.

BGBF chair Liz Mort commented: 'We have seen some exciting BGBF competitions this year, despite all the downsides of 2020, and I am delighted that we have been able to continue sourcing and providing sponsorship – our main funding comes via the BGRF but we have also had enormously valuable funding from SIS over the past three years, without which we just would not have been able to run the spread of competitions that we have done! So, big thanks to them as well as to our tracks for hosting our events so well!'

Working safely during Coronavirus (COVID-19)

All trainers need to be aware of and follow the government guidance on working in outdoor environments. The full details of the government guidance can be found online here <https://www.gov.uk/guidance/working-safely-during-coronavirus-covid-19/construction-and-other-outdoor-work>

Below is an extract from the guidance.

Priority actions to take - what businesses need to do to protect staff and customers

Seven steps to protect yourself, your staff and your customers during coronavirus.

1. Complete a COVID-19 risk assessment. Share it with all your staff. Find out how to do a risk assessment.
2. Clean more often. Increase how often you clean surfaces, especially those that are being touched a lot. Ask your staff, customers, visitors or contractors to use hand sanitiser and wash their hands frequently.
3. Ask your customers or visitors to wear face coverings where required to do so by law. That is especially important if your customers or visitors are likely to be around people they do not normally meet. Some exemptions apply. Check when to wear one, exemptions, and how to make your own.
4. Make sure everyone is social distancing. Make it easy for everyone to do so by putting up signs or introducing a one-way system that your staff and visitors can follow.
5. Increase ventilation by keeping doors and windows open where possible and running ventilation systems at all times.
6. Take part in NHS Test and Trace by keeping a record of all staff, customers, visitors and contractors for 21 days. Some exemptions apply. Check 'Maintaining records of staff, customers and visitors to support NHS Test and Trace' for details.
7. Turn people with coronavirus symptoms away. If a staff member (or someone in their household) or a visitor has a persistent cough, a high temperature or has lost their sense of taste or smell, they should be isolating. By law from 28 September employers must not require someone who is being required to self-isolate to come to work.

DISCIPLINARY COMMITTEE INQUIRIES

The Disciplinary Committee of the GBGB were in attendance at a meeting held on 10 November 2020:-

Mr K Salmon (in the chair)
Dr Madeleine Campbell
Mr R O'Donovan

1 **Criminal conviction: Mr Clive Elliott**

On 7 January 2020 professional trainer Mr Clive Elliott was sentenced to twenty weeks imprisonment and disqualified from keeping dogs for life after being convicted in his absence of two offences of causing unnecessary suffering to 7 greyhounds in his charge contrary to ss 4(1) and 32(1) of the Animal Welfare Act 2006 and two offences of failing to take such steps as were reasonable in all the circumstances to ensure that the needs of those 7 greyhounds were met contrary to ss 9 and 32(2) of the Animal Welfare Act 2006.

On 14 April 2019 when police and an RSPCA inspector visited Mr Elliott's property they found three dead greyhounds. The remaining greyhounds were in poor condition with overgrown nails, abscesses and scurvy. One also had a severe mouth ulcer. There was no dog food on the premises. A vet who examined the greyhounds after they had been rescued concluded that they had been subjected to weeks or possibly months of neglect. Autopsies were carried out on the dead dogs which provided clear evidence of

malnutrition over a period of weeks or months.

The court found that Mr Elliott showed no evidence of remorse.

The Disciplinary Committee considered that this was an appalling case of animal cruelty. The level of suffering that these greyhounds suffered over a protracted period, which resulted in the deaths of three greyhounds could not have been more serious.

In all the circumstances the Disciplinary Committee unhesitatingly ordered that Mr Elliott be warned off indefinitely.

2 **YARMOUTH STADIUM – CALS CHIEF – Greyhound Trainer Mr D Prentice**

The Disciplinary Committee considered the report of a local inquiry held by the area stipendiary steward on 16 December 2019 into the positive analysis of a post-race urine sample taken from the greyhound CALS CHIEF at Yarmouth Stadium on 26 October 2019 which was analysed by LGC Health Sciences as containing the presence of carprofen.

Greyhound Trainer Mr David Prentice was not in attendance. Marcus Westgate, racing manager of Yarmouth Stadium, was in attendance.

The Disciplinary Committee read the evidence from Professor Tim Morris to the effect that carprofen is a non-steroidal anti-inflammatory drug (NSAID).

On 26 October after winning his race CALS CHIEF broke down, stumbled and had to be carried from the track. He was treated at the track by Costin Carder MRCVS who administered an injection of carprofen to avoid any unnecessary pain and swelling. As a result of this injury Mr Prentice took the decision to retire CALS CHIEF.

The urine sample was taken subsequent to this treatment which tested positive for carprofen.

The Disciplinary Committee were grateful for the attendance of Marcus Westgate who apologised most fulsomely for this occurrence and who assured the committee that he has put measures in place to ensure that there will be no recurrence.

Mark Bird on behalf of the GRB accepts that this was simply an unfortunate sequence of events. No blame whatever attaches to Mr Prentice and in those circumstances, he was content to withdraw the alleged breaches.

The Disciplinary Committee approved wholeheartedly with the approach taken by the GRB. The alleged breaches were withdrawn and consequently there were no findings against Mr Prentice.

3. **ROMFORD STADIUM – SAVANA BEETLE – Professional Trainer Mr F Gray**

Professional trainer Mr Frank Gray was found in breach of rules 152(i), 174(i)(b) and 217 of the GBGB rules of racing in that a pre-race urine sample taken from the greyhound

SAVANA BEETLE at Romford Stadium on 22 November 2019 was analysed by LGC Health Sciences as containing the presence of meloxicam. He was also found in breach of rule 216.

Mr Gray was not in attendance. Mark Arkell, racing manager of Romford Stadium, apologised for his absence. Hayley Huntley, stipendiary steward, and Professor Tim Morris, independent scientific adviser, were in attendance.

The Disciplinary Committee heard evidence from Professor Tim Morris to the effect that meloxicam is a non-steroidal anti-inflammatory drug (NSAID). All NSAIDs have the potential to induce adverse reactions, some of which can be life threatening and as such it is a substance which could affect the performance or prejudice the welfare of a greyhound. Professor Morris also explained that meloxicam is a drug which should not be administered to greyhounds because it can be retained in the greyhound's system for extended periods after administration.

At the Local Inquiry held on 17 January 2020, Mr Gray explained that he had taken SAVANA BEETLE to the vet with a swollen toe. As far as he was aware no drugs had been administered, but a statement from the vet confirms that meloxicam was administered on that occasion. The Disciplinary Committee was satisfied that administration was the source of the meloxicam found in SAVANA BEETLE'S system.

Professor Morris confirmed that in his professional opinion such administration was the likeliest source of meloxicam.

There is some uncertainty about what Mr Gray was told at the time his greyhound was treated which the committee finds it impossible to resolve, however some of the GBGB rules of racing impose strict liability and the committee accordingly found Mr Gray in breach of rules 152(i), 174(1)(b), and 217 of the GBGB rules of racing.

The committee noted that Mr Gray was unable to produce his treatment book when required to do so by his stipendiary steward. He was therefore in breach of rule 216 of the GBGB rules of racing. The committee would comment that treatment books are only of any use if they are properly completed and produced as and when required.

In all the circumstances of this case, the Disciplinary Committee ordered

that Mr Gray be cautioned and fined £200 in respect of the breaches of rules 152(i), 174(i)(b) and 217 of the GBGB rules of racing. In addition, the committee ordered that he be cautioned and fined £400 in respect of the breach of rule 216 making a total fine of £600. The committee noted that he was found in breach of the same rule on 16 November 2017. This showed a disturbing laxity regarding the keeping of his treatment book.

4 **MONMORE GREEN STADIUM – SUES BOY – Professional Trainer Mr L Field**

Professional trainer Mr Lee Field was found in breach of rules 152 (i), 174(i) (b), 214, and 217 of the GBGB rules of racing in that a pre-race urine sample taken from the greyhound SUES BOY at Monmore Stadium on 6 November 2019 was analysed by LGC Health Sciences as containing the presence of norethisterone metabolites namely 5 α -estran-17 α -ethynyl-3 β ,17 β -diol and 5 β , -estran-17 α -ethynyl-3 α ,17 β -diol.

Mr Field was in attendance. Tony Williamson, racing manager of Monmore Green Stadium, Pete Rosney, stipendiary steward and Professor Tim Morris, independent scientific adviser, were also in attendance.

The Disciplinary Committee heard evidence from Professor Tim Morris to the effect that norethisterone is a substance which by its nature could affect the performance or prejudice the welfare of a greyhound.

At the local inquiry held on 20 January 2020, Mr Field explained that in his view there were two possible ways in which SUES BOY could have ingested norethisterone. Either he ate a bitch's food while in Mr Field's kennel or he ate a bitch's pre-race meal while in Mr Field's van.

Professor Morris confirmed that in his professional opinion it was probable that SUES BOY had ingested norethisterone, either on the day he was tested or some days before. Either timing was consistent with Mr Field's explanations.

Mr Field explained that in the kennel his practice had been to hide the suppressant under a piece of meat on top of their food. He thought it was possible that SUES BOY could have grabbed the meat before the bitch for which it was intended. He explained that he had now changed his system for administering oestrus

suppressant and now gave each bitch a pill individually.

The Disciplinary Committee noted that there was in fact no direct evidence that Mr Field used norethisterone as an oestrus suppressant apart from his own word. There was no entry in his treatment book which confirmed this to be the case. However, the committee was prepared to find on a balance of probability that the likeliest source of norethisterone was some mix-up in feeding. The committee therefore found him in breach of rules 152 (i), 174(i)(b), 214, and 217 of the GBGB rules of racing which impose strict liability.

The committee ordered that he be cautioned and fined £200.
