Ausführung im Bauhausstil

Nun noch einige Beispiele für Motive mit inhaltlichem Bruch.

 **prompt** film photography, a portrait of a mother tenderly holding her child, soft natural window light, serene atmosphere, renaissance-style composition, balanced triangular framing, soft sfumato edges, heavy film grain, shot on Agfa Vista 400 --ar 3:4

Renaissance: Durch »triangular framing« erhält das Bild ein stabiles Fundament, das dem Auge Halt gibt. »Sfumato« sorgt für rauchzarte, weiche Übergänge an den Konturen, wodurch die harte digitale Schärfe verschwindet.

prompt documentary photography with baroque framing, low angle shot, a rearing police horse with a policeman on top surrounded by angry protesters, urban street at night, harsh chiaroscuro with a single street lamp --ar 3:4

Barock: Hier wird mit Kontrasten gearbeitet. »Harsh chiaroscuro« nutzt das extreme Spiel zwischen Licht und Schatten, um eine dramatische Tiefe zu erzeugen. Der »low angle shot« verleiht dem modernen Motiv eine unerwartete Schwere und monumentale Würde.

prompt cinematic photography in the style of impressionism, two robots in a serene wildflower field, dappled sunlight, soft focus, chromatic aberration, snapshot moment --ar 16:9

»Dappled sunlight« simuliert beim Impressionismus lebendige Lichtreflexe. »Soft focus« und »chromatic aberration« brechen die digitale Perfektion und lassen das Bild wie eine ehrliche, ungestellte Aufnahme wirken.

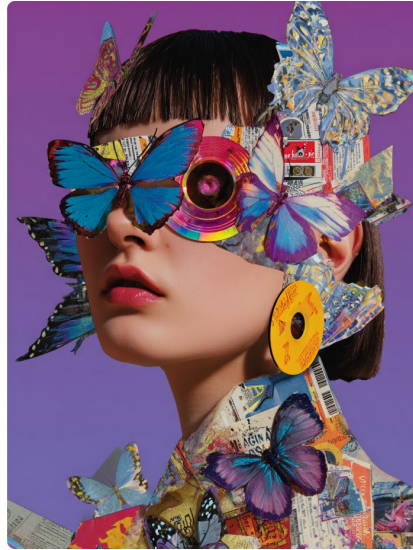

prompt experimental grunge photography in the style of expressionism, a person screaming at a glowing smartphone in a dark subway, distorted features through a wide-angle lens, raw angst, vibrant neon clashing colors, jagged shadows, dutch angle, heavy grain --ar 3:4

Expressionismus ist pure Emotion durch Verzerrung. Der »dutch angle« und die »jagged shadows« erzeugen Unruhe, während die »clashing colors« eine psychologische Spannung visualisiert.

prompt Dadaismus: mixed media digital collage photography with dadaist anti-art aesthetic, ironic bright Y2K fashion elements, butterfly clips and CD-ROM textures, fragmented and absurd composition, flash photography, solid background --ar 3:4

Dadaismus bricht gerne Regeln. So zertrümmert »fragmented composition« Sehgewohnheiten und durch den Einsatz von »mixed media« erhält die absurde Zusammenstellung den rohen Collage Look.

prompt Bauhaus: minimalist architectural photography in the style of bauhaus-art, modern skyscraper, primary colors red and blue accents, rational and clean, grid-based composition, strictly geometric shapes, high-contrast black and white with one color pop --ar 16:9

Die »grid-based composition« reduziert die Szene beim Bauhaus auf das Wesentliche. Einzelne »primary colors accents« lenken den Blick präzise und unterstreichen die rationale, saubere Ästhetik.
