## ABOUT US

A public house has been trading on the site of The Chestnut Horse since the C16th, we are now serving up a slice of metropolitan life with our modern interpretation of "terroir cookery" and contemporary drinks list played out to a folk, soul and blues soundtrack.

Using only the very best local ingredients and without ever losing sight of our home in the heart of the Itchen Valley, our kitchen team take influences from all over the world to create a unique spin on a classic menu.
