AVAILABILITY

All of our product ranges are updated regularly and therefore, we cannot guarantee continuity of supply. We recommend that customers purchase all of their requirements at once. We cannot accept responsibility for any subsequent changes in design style or specification of the chosen product range.

LEAD TIMES

As all of our products are subject to availability from our suppliers, we can only give general guidance or an approximate lead time at the time you place your order. Stock due dates are not guaranteed but we will do our utmost to ensure products are delivered by the stated date or within a reasonable period thereafter. We cannot therefore accept any liability for any delay or failure to deliver that is beyond our reasonable control.

DELIVERY ACCESS

The delivery crew will not attempt delivery if there are health and safety issues or where damage to your home may result. They will not remove doors or windows. Road access to the delivery address must be suitable and adequate for the delivery vehicle so that unloading can be carried out conveniently without obstruction or damage. All doorways, hallways, elevators, and points of access in your property must be measured by the customer to ensure that they are adequate for the size of the goods being delivered. If the delivery team have difficulty placing an item in the area of your choosing due to limitations such as narrow halls, stairways, corners or ceiling heights, the items will be placed in another area of your home. If you insist that the delivery team manoeuvre an item in a difficult situation, you will be responsible for any resulting damages to the product and the premises. Prior to delivery, please ensure that all access routes, flooring and door frames are protected. Harvey Norman will not accept responsibility for any damage caused where floor covering protection was not used. When delivering larger items such as fridge freezers, you may need to remove internal doors to ensure safe access. Failure to successfully deliver products into a customer's home due to improper access will result in a redelivery fee being charged to the customer.

STORAGE

Items that are in stock and/or are ready for delivery will be held in storage for a maximum period of 4 weeks. Storage fees will apply after this period.

DELIVERY SERVICE

We offer a delivery service on all items. A delivery charge applies to all home deliveries and the service is carried out by a trained one or two-man crew. Small electrical items are delivered by DPD. Any claims relating to personal property, damaged products, or products that are soiled during delivery should be reported directly to your store of purchase immediately.

DELIVERY TIME

Although we are unable to give a specific time of day for deliveries, we will try to accommodate all customers where possible. The delivery company will contact you to schedule your delivery on a given day and the driver will contact you on the day of the delivery to confirm a suitable timeframe. In the event that a scheduled delivery is cancelled by you or a redelivery must take place, a fee will apply.

INSTALLATION

Our installation service is an additional service that can only be purchased with a delivery service. Our teams will do their best to find a time to suit you. If you are getting a new home appliance delivered, we will take your old one back to be recycled under the Waste Electrical and Electronic Equipment Recycling scheme. However, you must ensure your old appliance is disconnected, clean and ready for the driver at the time of delivery. Currently, we do not offer installation of gas appliances. In order to ensure our installers are working in a safe environment, within the remit of the service and are able to provide you with the best installation service possible, a site assessment will be carried out. This will be done prior to the installation being completed. If our installers, for any reason, deem the installation unsafe or outside of their remit, the work will not commence. Refunds will be given in cases where we are not able to complete your installation due to any failings caused by our actions or non-action. If the installation cannot be completed due to any issue outside of our control, you will not receive any refund. We currently install appliances on a like for like basis where the new appliance fits into the space in the worktop left by the previous appliance. We will install your new appliance in any position that you choose as long as the services (power, water, waste, etc.) are already in situ. We do not plumb or cable new lines to the new location.

REGISTERED GAS INSTALLER (RGI)

It is a legal requirement that any work carried out on a domestic gas installation must only be carried out by a Registered Gas Installer (RGI). In the event your appliance experiences a fault within the warranty period and a service call is required, you will be asked for the RGI certificate as proof of installation. If you do not have this certificate no service call will be carried out.

WASTE ELECTRICAL AND ELECTRONIC EQUIPMENT RECYCLING (WEEE)

If you are getting a new home appliance delivered, we'll take your old one back to be recycled. Please ensure your old appliance is disconnected, clean and ready for the driver at the time of delivery.

Small appliances are delivered to you by DPD but we can still arrange to have your old appliance recycled free of charge. Simply bring it back to any Harvey Norman store and we will ensure that it is disposed of in an environmentally friendly manner.

COLLECTION

All items must be paid in full prior to collection. Customers must have a copy of the original sales invoice and present this at the Warehouse Collection Point as proof of purchase. Please consider the dimensions, size and suitability of the vehicle that is being used to collect goods. If items cannot be loaded safely or without damage into the pickup vehicle, our warehouse teams may politely refuse to do so. For goods collected for pickup, transport will be entirely at the risk of the customer. Please inspect all of your new products at the time of pick-up. If there are any items that do not meet your approval, please inform the warehouse immediately.
