

EMEA RESELLER VERSION

ARUBA MOBILITY MASTER BUNDLE PROMOTION

Enable your customers to upgrade and future proof their wireless networks to always-on mobility!

RESELLER OFFER: SAVE UP TO 80% OFF ARUBA MOBILITY MASTER

Aruba Mobility Master enables ArubaOS 8.x to deliver live upgrades, active-active redundancy, and more enterprise-class mobility features for always-on network services.

Unlock the full capabilities of AOS 8.x:

- Centralized self-optimizing RF management
- Centralized role-based access for advanced security
- Zero downtime with hitless failover and live network upgrades
- Existing customers can transfer current AOS 6.x licenses to Mobility Master with AOS 8.x at no cost.

Help your customers IT staff upgrade now, and quickly deploy and manage new campus and branch networks using hierarchical configurations and a choice of virtual or hardware appliance options.

- For a limited time only, resellers can get **up to 80%** off list price on the Mobility Master virtual appliance software products only - together with 3 years of foundation care support.
- For a limited time only, resellers can get **up to 75%** off list price on the Mobility Master hardware appliance products only - together with 3 years of foundation care support.
- Available to end user customers in EMEA only.

PROMOTION PERIOD:

Start Date: May 1, 2018

End Date: July 31, 2018
