

Dow Jones

First Actiu Install

Full Furniture Package

Sloping Top Storage & 30lm Store Wall

Value: £200,000

Dow Jones publishes the world's most trusted business news and financial information in a variety of different media. We supplied a full furniture package for their new vibrant offices on Grays Inn Road, London.

A great scheme allowed for playful and quirky breakout areas whilst meeting rooms and workstations were finished in clean white frames and light oak tops for a fresh finish. All metal storage was finished with bespoke graphics which reduces the harshness of the metal storage whilst adding an original look to the walkways.

Hunters chose to work with Actiu, a Lead Gold Accredited Manufacturer, for their design aesthetic and great environmental practice. Being a European manufacturer ensured delivery times were kept to a minimum and products were delivered smoothly and efficiently.

The general clean and fresh design has kept a corporate image but the breakout areas add a funky twist. Mobile Point stools from Orangebox keep meetings informal and allow anyone to pull up a chair and join in.

"Our recent experience of working with Hunters was excellent. We were impressed with the level of service and responsiveness provided by Lewis and team throughout".

Terry Johnston, Facilities Director – Dow Jones
