COMMERCIALSOLUTIONS

**FOR OUTSTANDING
COMMERCIAL
WASHROOMS.**

We're here.

Ideal Standard

PART OF THE IDEAL STANDARD GROUP

Welcome to our 2021 Commercial Collection

Choosing the right products for any commercial project doesn't just come down to style or cost. It comes down to trust.

Whether it's having products designed for specific applications, a dedicated team ready to help you at every stage, spares available whenever they're needed or just a name your customer's familiar with, every fitter and contractor can rely on Armitage Shanks to help them get every project right first time.

Whatever your project, wherever you are, we're here at every step – solving problems fast, helping increase profit and making customers happy. We'll work with you to make your job easier, and make sure you have everything you need. It's as simple as that.

We have the solution

Whatever type of project you're working on, you can trust us to have the right products – and be confident they meet or in many cases exceed regulations. For a full guide to our sector specific products and brochures see www.idealspec.co.uk

HEALTHCARE

Hospitals | Care Homes

With the emphasis on safety and compliance, healthcare sanitaryware is critical. It needs to provide water and remove waste efficiently while reducing cross infection and catering for the physical limitations of patients and residents – which is why we've worked with so many providers and our products are fully compliant.

PUBLIC PLACES

Airports | Retail | Stations | Museums | Libraries | Cinemas

Be it a library, train station, airport, shopping mall or law court, every public building needs to cater for the wide-ranging demands of the people it serves. Armitage Shanks helps you meet almost every conceivable washroom need, from Part M solutions to anti-vandal products and electronic water management. And with spares readily available for years to come, you'll never have to fit the wrong product in a run of urinals, for example.

EDUCATION

Schools | Student Accommodation

Research shows clean, safe school toilets improve behaviour and have a positive influence on children's health, willingness to learn and attendance. We've long been the leaders in the education sector – our products are in more schools than any other manufacturer – so we know how tough and durable they need to be. For example, our Contour 21 toilet seats are screwed down through the pan with metal hinges and made of durable plastic, with a 5-year guarantee; while our Contour pans save 1.5 litres of water with every flush, compared with a standard cistern.

WORKPLACES

Offices | Factories

It doesn't just need to be safe, functional and pass all the relevant regulations. The washroom also says a lot about a company and its attitude and standards; people judge a place on the quality of its facilities, and a well-designed, attractive washroom also has a positive effect on productivity – which is why choosing Armitage Shanks can make all the difference.

HOSPITALITY

Hotels | Bars | Restaurants | Clubs

Guests expect to be impressed and inspired by their room's en-suite or a restaurant or bar's washroom. It's a case of balancing style with easy cleaning and maintenance, performance with durability and ergonomics with water saving – and Armitage Shanks consistently achieves that balance perfectly.

SPORTS

Gyms | Stadia | Sports clubs

Today, good washroom facilities have come to be expected by sports fans and participants alike. And from large national stadia to cost-effective washrooms at local sports clubs, Armitage Shanks' products are chosen as they're designed for heavy demands while minimising water wastage.

DOC M

Disability | Assisted Living

DOC M isn't just an important part of the Building Regulations; it's about making buildings more accessible to everyone and helping people live their lives more easily. Our experts have worked with many national disabled groups to develop specialist products that exceed every standard and meet every approval across a wide range of premises.

Special features and applications:

Why choose Armitage Shanks?

Think of the UK's best-known brand of sanitaryware, and you'll think of Armitage Shanks.

We have over 200 years' experience in leading the way with designs and innovations that make people's lives easier, improve hygiene and water usage and set new standards in quality.

Our expertise extends beyond products you can trust too, and into ways we can help you through our outstanding service and technical support. Add the fact that you can get everything you need from our one stop shop, with spares always readily available, and there really is no better choice for any commercial project.

PRODUCT SAFETY & WATER SAVING

You can trust every one of our products to meet all relevant regulations, as we work closely with the organisations behind them.

The Water Regulations Advisory Scheme (WRAS) is funded by all UK water suppliers and makes sure water's delivered safely through promoting the Water Regulations and thoroughly testing products to make sure they comply.

These include:

- Testing component materials and lubricants to make sure they won't contaminate drinking water
- Endurance tests on all taps to check the quality and lifespan of the valve
- Checking products are designed and installed so there's no chance of contamination through stored or waste water entering the mains supply

TMV2 and TMV3 certificates prove thermostatic mixing valves meet stringent requirements. TMV3 covers high-risk areas of health care premises, meeting specification D 08 to protect vulnerable people including children, older people and those with reduced mental or physical capacity from injury while washing or bathing.

TMV2 complies with UK Building Regulations to reduce the risk of scalding in domestic properties or similar situations.

UNIFIED WATER LABEL

The European Bathroom Forum developed this traffic light system to rate the water consumption of taps, showers, WC's, cisterns and baths. Full details can be found at www.europeanwaterlabel.eu.

WHY CHOOSE IDEAL BATHROOMS?

Call us Idealists, but we think everything should be perfect – or at least as close as is humanly possible.

As the UK's No.1 we believe our service should be a shining example to the rest, where nothing is too much trouble and promises are always kept. Over the last 40 years we've learned what our customers want, the pressures you're all under and understand how tough it is out there – and we'll do everything in our power to help you succeed.

We've partnered with Armitage Shanks to increase our stock holding across the range to help support merchants and retailers with all your commercial product needs.

We are pledging to have those products highlighted as stocked items, stocked in volumes and available to you the retailer on next delivery - now That's Ideal.

STOCK

- Unrivalled Armitage Shanks stock holding across the UK
- £800K of stock available for you to access next day
- 600 Armitage Shanks product lines available for you

- Opening hours that meet your needs - weekdays 8:00am-5:30pm
- Contracts Service available for larger Armitage Shanks orders
- A UK field based sales team focused on your needs

CUSTOMER SERVICE

DELIVERY

- Next Day Delivery available to 97% of the UK
- 98% of orders delivered on time in full
- Logistical excellence with fleet of 50 own vans

- Anytime, Anywhere, Any Device

FOR HYGIENE
THAT'S AHEAD
OF THE CURVE.

We're here.

SENSORFLOW E

TIME FOR
TOUCHLESS.

With hygiene standards
higher than ever, touchless
fittings are now an essential
in any washroom.

Our new Sensorflow E range allows
you to replace existing fittings with
minimum disruption and deliver the
cleanliness that customers expect.

Ideal Standard

PART OF THE IDEAL STANDARD GROUP

Basins and sinks

Total flexibility combined with total reliability. That's what our range of commercial basins and sinks offers you.

With a choice of basins – including pedestal / wall hung, semi-countertop, inset, under-pin, countertop and handrinse styles – all designed and manufactured to withstand the rigours of a hard-working environment.

For more practical applications, our heavy duty, no nonsense sinks are designed to handle the toughest use in utility areas. That's just what you want when you're choosing a commercial sink – and with Armitage Shanks, it's just what you'll get.

DOC M

DoC M is about making facilities more accessible to everyone, and we've created a range of specifically designed products and fittings to help you comply with the regulations.

We also pioneered the idea of DOC M packs – a ready-made solution with everything you need to create washrooms that are not only compliant, but safe, comfortable and easy to use. It's just the sort of help you can always rely on from us.

Baths

Whatever the project,
we'll have a bath to suit.

Our extensive range offers a choice of materials, sizes, shapes and styles to suit virtually any installation, all with quality and reliability you can trust in a commercial application. So much so, we guarantee all our Idealform and Idealform Plus+ baths for 25 years, with 30-year guarantees on our heavy gauge steel models.
