MIXED

DESIGNS

With such a range of styles, colours and patterns to choose from you can have one design for your whole bathroom or choose a design for just your shower area or around a bath or basin. Why not mix and match patterns to create that perfect designer look.

Designs chosen Vertical Wood +
Green Blue Herringbone

GET THE INDUSTRIAL LOOK WITH MINERALS & METALS

Create the perfect New York loft look by mixing raw materials such as concrete and cement with mineral or metallic elements. Add in the elegance of marble and a touch of gold or copper to the white, black and grey colour pallet and you can create this look. You can also add your own elements such as a splash of colour to this trend to create a bespoke designer loft look.

NATURE

Bringing the outdoors in creates a relaxing mood, but adding a bold print can make your bathroom feel like a spa experience every day!

Mixing bold pattern with natural woods and the natural colour palette you can create the perfect calming space or a bold exotic room depending on your taste.

PATTERNS & GEOMETRIC

The latest trends in patterns and geometric designs are available on our wall panels. Tiles, scalloped edge, hexagon, herringbone or even cement tiles, you can choose the design that suits your taste and personality.

With different colours and bold patterns you can create a big impact in a small space or you can mix and match to create the perfect look for you.

WOOD

Whether you want to create the perfect Scandinavian look, a gorgeous seaside chalet or a quintessential English cottage, wood can help you to create the perfect look.

From classic wooden strips to modern graphic wood design or simple panelling, Kinewall has a variety of designs to choose from to help you create the theme you want in your bathroom.

YOUR CHOICE OF INSTALLATION

With profiles

Profiles available in 3 colours – White, Chrome, Black:

• L-shaped profile
for corner
mounting

• L-shaped profile
for external
corner mounting

• U-shaped profile
for panel ends

• H shaped profile
for mounting 2
panels together

Without profiles

• Metal strip
for mounting 2
panels together
without profile

• Kit (magnet)
for use with
metal strip

1 Screw the corner profile to the wall

2 Put the adhesive on the back of the panel then attach the PU or MS polymer glue pads

3 Silicone the inside of the corner profile as well as the edge of the tray then insert the panel which has already been cut or drilled to size as needed

4 Silicone the end profile then slide it onto the panel

Repeat steps 2 - 3 and 4 for the second side then finish with an end profile on the final panel

1 Present the panel, measure the total height and make a mark at the right end of the panel

2 Cut the metal strip, subtracting 5 mm from the measurement made above. Position the adhesive on the back and stick the strip to the wall

3 Put the adhesive on the back of the panel then attach the PU or MS polymer glue pads

4 Silicone the corner of the wall, the middle of the metal strip as well as the edge of the tray then insert the panel which has already been cut or drilled as needed. Repeat for the second panel

5 Use the magnet to help align the panels perfectly

Profile can be used on the final panel to finish the look
