

Scudo is a brand and trading name owned by Harrison Bathrooms. For over 100 years, Harrison Bathrooms has hand-picked quality bathrooms, creating stunning collections and building a reputation for delivering the finest suites.

Today, this family-run business continues to only offer the best. We specialise in creating bespoke products, designed exclusively for use in the UK market.

Best Distributor Brand

Harrison Bathrooms are proud to have been named twice as one of Britain's private companies with the fastest-growing sales.

WHY CHOOSE SCUDO?

We prioritise quality above everything else, delivering precision-made products across every collection. From full bathroom suites to the finer details, each piece is created to the highest standards. Plus, with Scudo, every corner of your bathroom is catered for, so you can buy everything you need right here.

We pride ourselves on having an in-depth knowledge of every item we offer, so you're certain to receive excellent service from the start of your bathroom creating journey to the moment it's completed.

INNOVATIVE DESIGN

Boasting the ultimate collection for any bathroom, our product ranges are made to last. We use robust materials throughout, meaning that many of our products are designed and manufactured to surpass most of the world's quality standards.

As well as using durable, dependable materials, we also provide a range of styles and designs. Whether you want traditional handmade furniture, sleek brassware, or a modern, glistening stainless steel finish, there is something to suit a variety of tastes. Whichever design you choose, you'll find that every fitting is made with passion and built to bring instant style to any 21st century home.

A NAME YOU CAN TRUST

We know that our customers expect different things of their bathrooms. Some require space saving fittings while others want to update the space to fit with the rest of their home. Our product ranges meet a range of needs and are covered by a lifetime guarantee, so you can enjoy added peace of mind when you choose us.

Whatever you're looking for, you'll find it here. This eclectic selection of beautiful bathrooms is guaranteed to make your next bathing experience one to remember.

The majority of our products are covered by a lifetime guarantee.

NEW FROM SCUDO

We hope you enjoy discovering Scudo 18 where you will find a huge selection of on-trend bathroom furniture and bathroom products to feel inspired. Look out for the 'NEW' references in this brochure to see our latest additions for 2024.

Cloakrooms and ensuites are an integral part of our living space where visitors are likely to spend some time. Uncover the potential in your cloakroom and add style to your space with our new Esme freestanding cloakroom collection.

We're proud to launch our latest range of opulent brassware for the year ahead to enhance any luxury bathroom design. KOKO features extraordinary craftsmanship, exceptional design and decorative detail.

Also new is BOHO, combining a stunning matte black frame with rustic oak accents which is perfect for any modern space. Other highlights include our innovative Waterguard bathroom furniture, next generation Muro Plus, frameless Momentum wetroom with innovative sliding door, stylish Puriti sanitaryware and marble basins.

SCUDO

Marble bathrooms have always been synonymous with luxury. If you are looking for a luxurious new bathroom design that is bang on trend, a splash of marble is the way to go to give your bathroom space, an instant spa-like serenity.

Elegant, understated and effortlessly beautiful, marble is a popular choice in bathroom design. Thanks to its natural pigmentations and veining, it allows you to create an opulent high-end finish.

We have expanded our Scudo marble collection for 2024 with visually impactful pieces to add personality and distinction to your bathroom design.

Following the success of our Sanctuary marble basin launch, we have introduced a new compact wall mounted basin for a high visual impact. We now also offer a stunning marble worktop slab and designer matte black frame for the trendiest of bathrooms.

Discover our marble collection and elevate your bathroom space.

Technical Information

Please visit scudo.co.uk to find all of our technical product information including line drawings with dimensions, data sheets and fitting instructions.

One Colour. One Bathroom. One Brand.

Colour That's as Unique as You Are

Inject colour into your bathroom with Colour by Scudo for all your fixtures and fittings to create a beautiful bathroom space with stylish finishing touches.

A careful choice of colour co-ordinated accessories can really enhance the overall look and style of your bathroom.

Add personality to your space with Colour by Scudo. We offer a carefully selected choice of five on-trend colours including brushed bronze, brushed brass, gunmetal, matte black and chrome.

A Co-ordinated Approach for Your Entire Bathroom

The importance of colour co-ordinated bathroom accessories can't be overstated enough to the overall look and feel of a bathroom - they complete it.

With Colour by Scudo, you will find high quality, colour matched finishes across our entire collections so you can get the complete co-ordinated look. We offer all our colours on everything including taps, mirrors, shower enclosures, showers, flush plates, bottle traps, basin wastes, overflow covers, accessories and much more.

We offer so many colour options to choose from across our entire product range, there's no limit to how much you can personalise your interior.

Explore our extensive collection of products with these latest colours to create the perfect finishing touches to your dream bathroom.

BLA(MATTE

CHROME

BRUSHED BRASS

GUNMETAL

BRONZE BRUSHED

BRUSHED BRASS

Add a touch of elegance to your bathroom with our selection of brushed brass accessories. The gold colour conveys luxury, and the brushed effect creates a sophisticated matte finish. Brass adds instant warmth and works in almost any modern bathroom scheme.

(3)

GUNMETAL

Gunmetal is perfect for modern spaces and complements a wide range of décor themes, textures and shapes. If you're planning an industrial theme in your space, there is no better option than gunmetal.

Brushed bronze brings a warm, natural tone to the bathroom for a timeless look.

This versatile finish is a real winner to add metallic elements to bathroom design and complements both traditional and contemporary interior styles alike.

SANITARYWARE COLLECTION

Toilet Seats & WC Frames	40
Flushes, Cisterns & Buttons	42
Countertop Basins	44
Sanctuary Marble Basins	16

We offer an extensive range of sanitaryware designs suitable for any bathroom space regardless of its design and configuration covering modern, contemporary, and timeless styles.

Our sanitaryware is highly durable and easy to clean and maintain. Look out for our WCs which feature rimless technology with no ledges to reduce bacteria and limescale growth. Our upgraded contactless flush sensor offers a hygienic solution with a simple wave of a hand. Look out for our soft close toilet seats which feature a quick release mechanism for easy cleaning.

Choose from our selection of pedestal basins and wall mounted semi-pedestal basins to create the illusion of extra space. Our semi-recessed basins co-ordinate perfectly with a run of Scudo bathroom furniture and our sophisticated countertop bowls create a design statement on our collection of modular furniture.

RIMLESS

We offer a range of rimless WCs with no ledges to reduce bacteria and limescale growth. With the unique flush system, water is projected around the pan, giving an even flow of water over the whole surface of the bowl.

BASIN OVERFLOW COVERS

Add a glamorous finishing touch to your bathroom with our basin overflow colour covers which also co-ordinate with our mirrors, taps, and accessories. Choose from matte black, brushed brass, white, gunmetal and brushed bronze overflow cover options to get the complete look. (Supplied with chrome as standard).

SOFT CLOSE MECHANISM

Our soft close toilet seats close in a slow, quiet, and controlled way to reduce the impact and extend the life of the seat.

COMFORT HEIGHT

Scudo comfort height WCs are slightly highly than a standard pan to comfortably accommodate taller, less able, or older users.

EASY CLEANING

Push button quick release toilet seats for easy cleaning.

REDUCED WATER CONSUMPTION

Dual flush cisterns reduce water consumption for the environmentally conscious and save on energy bills with 3 and 6 litre flush options.

SHORT PROJECTION

These reduced depth WCs takes up less floor space and are perfect for small bathrooms and en-suites.

TAILORED FINISHES

Obtain a perfectly styled bathroom with these extra additions to selected WCs. Black and white push buttons and toilet hinge cover caps are available.

CONTACTLESS SENSOR FLUSH

The Scudo contactless flush sensor is a great upgrade to push button alternatives, and is suitable for both existing and new cisterns. The infra-red sensor provides a hygienic way to operate your flush that is quick and easy to install.

The flushing valve and sensor is operated by $4\,x$ AA batteries, with a life cycle of thousands of flushes. There is also a manual override when the batteries deplete.

Create a high-end feature in your bathroom with minimal investment, a good way to upgrade your bathroom quickly and effortlessly.

- > Dual flush
- > No electrical installation
- > Uses 4 AA batteries that can provide thousands of flushes.
- > Manual back-up, button can still be used as a push button if battery runs out
- > Adjustable Dual Flush
- > Adjusted between 2 and 6 litres.
- > RoHS Certified
- > IPX4 rated
- > Sensor suitable for top mounting only, not suitable for forward facing placement

Contactless Flush Sensor

FLUSH-SENSOR

HYGIENIC SENSOR FLUSH

Dual flush

42

Wave hand over sensor for half flush Hold hand over sensor for a full flush

EASY TO FIT / RETRO FIT

The contactless flush sensor valve is a great upgrade for most WCs. Fitting cisterns with a height between 260mm-320mm and a flush button hole of \emptyset 40mm it will complement most cisterns on the market.

See it in Action

A TOUCH OF LUXURY - OPTIONAL BLACK FRAME & MARBLE SLAB

Venato Carrara Marble Slab 800w x 100h x 400d

SLABMB-800-CARRARA £689.00

As a naturally occurring material, marble exhibits inherent variations in colour, pattern, texture, and surface features, resulting in no two pieces being exactly the same, despite being sourced from the same quarry. These unique characteristics develop over millions of years through geological processes and should be taken into account when viewing product images as they serve as a representative guide only.

All prices include VAT - For product and technical information visit www.scudo.co.uk

SANCTUARY MARBLE BASINS

Introducing our exquisite collection of high-quality marble basins in Venato Carrara and Arabescato. Meticulously handcrafted with precision, these basins bring elegance to any bathroom.

The Venato Carrara option offers a pristine look, while the Arabescato exudes subtle sophistication with natural veining patterns. Experience durability and timeless beauty as marble elevates your space. Upgrade your bathroom with our refined marble basins and indulge in luxury and sophistication.

ALFIE

RANGE FEATURES

MADE IN BRITAIN

Fluting is a classic look in interior design and is a fantastic way to add texture to a bathroom. Alfie is inspired by retro design with a modern twist and is a show-stopping must-have.

Alfie is supplied with a fluted door front as standard. With an elegant handle-free $\,$ design, Alfie features a high-quality push-to-open mechanism and matching slab worktops.

Alfie is available in our best-selling 600mm unit size and the open storage unit can be easily added to create additional stylish storage. Open storage is a growing bathroom trend. Rather than hiding your accessories behind cabinetry, show them off in style in the designer open shelving which provides immediate access to your bathroom necessities.

We have also introduced a 1400mm marble worktop double vanity unit to create a shared bathroom design that allows for concurrent morning rountines.

Choose from three stunning finishes. The Sonoma Oak natural woodgrain effect adds warmth and a beautiful texture to a bathroom while Reed Green brings a calming vibe. Alternatively, make a statement with Matte Black which contrasts super well with our white sanitaryware.

Our round mirrors work particularly well with the Alfie modular unit and our coordinating brassware completes the look. The countertop ceramic basin adds the perfect finishing touch.

AMBIENCE

RANGE FEATURES

For something truly special, the Ambience collection combines high spec styling with contemporary features. Comprising a sleek basin, tall boy and matching mirror, each piece in this range is designed to enhance your bathroom and add an element of sophistication.

Ambience is available in a choice of four finishes. Rustic Oak, which offers classic, homely wood tones, and Grey Oak, a chic, neutral shade. Also available in a classic Matte White and Matte Grey so you can be assured there is a colour to complement your bathroom.

For practicality with a modern twist, there are sensor-operated, battery-powered LED lights lining the drawer beneath the basin, enhancing the usability of this unit and offering a neat lighting solution.

The basin comes in a choice of white or grey poly-marble and a chrome and black overflow are included as standard, so it's possible to try both options out to see which fits the space best.

In addition, both the basin and tall boy are wall-hung, freeing up valuable floor space and making them ideal for compact bathrooms. A frame shelf is an optional extra that can be added to the tall boy and basin to provide further storage and

The units are either 600mm or 800mm, making this collection suited to an array of bathroom sizes.

AUBREY

RANGE FEATURES

Make a statement with our Aubrey modular collection to give your bathroom a modern, minimalist look. The stunning integral handle design is the focal point to create a premium high-end look.

Aubrey offers three different trend finishes: Davos Oak, Dust Grey, and Reed Green. Davos Oak is perfect in bathroom design to create a warm and calming effect of wood. Dust Grey is a mid-grey and Reed Green brings a calming vibe to create a modern looking bathroom.

The designer handle is available in chrome, matte black, brushed brass, brushed bronze, and gunmetal. This co-ordinates perfectly with our mirrors and brassware colour options to complete the look. Please specify your handle choice when

Aubrey is featured to the left with the Stance ceramic counter top basin and thin on-trend Carrera Marble worktop for a luxurious finish.

BELLA

RANGE FEATURES

The Bella range of furniture spans both floor standing and wall hung options.

Choose between a range of sizes, from a more compact 600 width basin up to a luxurious 1200 double basin size.

Basins are high quality stonecast to ensure the sweeping lines are crisp and clean, topped with an anti-bacterial high gloss finish. If your preference is for a ceramic basin, our Ella range might be just what you're looking for. (see page 92)

All of the wall mounted furniture features adjustable hangers to ensure your furniture can be installed easily and can withstand the daily use in a busy family bathroom.

All Bella units feature a metal drawer box mechanism, meaning the action of the sliding drawer remains smooth and stable throughout its life in your home. The mechanism is soft closing with a smooth and controlled closure.

The matching tall boy unit offers huge storage space for toiletries, and is perfect for large families.

Bella Matte Grey furniture is made in Britain. High Gloss White is also available.

All prices include VAT - For product and technical information visit www.scudo.co.uk

ВОНО

RANGE FEATURES

 $\ensuremath{\mathsf{BOHO}}$ is a contemporary range that exudes luxury and finesse combining a stunning matte black frame with rustic oak accents.

The BOHO freestanding vanity unit is perfect for the modern minimalist bathroom. The stylish and functional design gives the feeling of more space in the bathroom for a much-desired premium finish.

This unit offers practical storage, and the oak finish creates a natural, calming, and sophisticated space.

BOHO uses only the finest materials, and the eye-catching signature polymarble basin adds the perfect finishing touch.

CHEVRON

RANGE FEATURES

The Chevron range by Scudo is a subtle nod to the Art Deco design movement, incorporating sleek lines that create a bold look for your bathroom.

Chevron is a stylish collection that comes in a choice of two colours. The blue is a beautifully sophisticated tone that adds a bold splash, while the powdery pink is an elegant shade. Both shades have been created to complement any type of bathroom.

In addition to delivering a chic aesthetic to your bathroom, Chevron is also practical. The wall-hung basin frees up valuable floor space, making it an ideal choice for bathrooms that are compact. A frame shelf is an optional extra that can be added to the basin to provide shelving.

The units are available in a choice of 600mm or 800mm, making this collection suited to a range of bathroom sizes.

CLASSICA

RANGE FEATURES

Bring a touch of classic design to your bathroom with Classica. A timeless range designed to suit any bathroom, the Classica collection is the perfect balance between modern and traditional, combining refined lines with a classic look.

Classica is flexible and can be configured to suit most bathrooms. Multiple elements from the range work neatly alongside each other to give the appearance of a fitted bathroom. Tailor the modular design layout to suit your space.

Alternatively, pick out individual pieces to work as standalone vanity and WC

This beautiful classical bathroom set would look stunning in any bathroom design with a choice of three timeless satin finish colours and two stunning basin options to suit your style.

ELLA

RANGE FEATURES

The Ella collection by Scudo brings together neat design and stylish features to form bathroom furniture that suits a whole range of bathrooms.

Take your pick from floor standing and wall hung options to build a bathroom that works for you. Should you want to free up floor space, wall-hung units are the ideal choice, while floor standing pieces fill the room and take centre stage.

As well as being able to choose where your furniture is placed, you can also select different sizes. Basins are available in a compact 600mm-wide design up to a luxurious 800mm. All of the basins in this collection are made from high quality ceramic, ensuring durability and longevity.

You can complete the look with a tall boy unit. These offer ample storage space for toiletries and are perfect for large families.

All Ella units feature a metal drawer box mechanism, meaning the action of the sliding drawer remains smooth and controlled with every use.

Whichever piece you choose from the Ella collection, you're sure to add something special to your bathroom when you bring this range into your home.

EMPIRE

RANGE FEATURES

The Empire range of furniture has been created with the minimalist in mind. This collection of bathroom units swaps out traditional handles for hidden recesses, forming a sleek finish. In addition, each piece in the range features soft-close doors, adding to the smooth aesthetic.

Empire is also a flexible collection, encompassing units in a selection of sizes and combinations designed to slot neatly into any bathroom.

Take your pick from standalone pieces, or opt for a combined vanity and WC unit that can be seamlessly brought together with a one-piece polymarble top.

This Europe-made range comes in a choice of four colours: white, blue, green, or anthracite - a cool grey shade that adds a neutral tone to the space. For a smart, minimalist bathroom, Empire is the perfect choice.

RANGE FEATURES

With its modern lines, the Lili range of furniture is a flexible collection encompassing a multitude of sizes and combinations that will look at home in any bathroom. Lili is an ideal solution for all size rooms with a simple uncomplicated design.

If you want a versatile design, look no further. Lili is available in four different styles to suit your needs including 2 drawer and 2 door options, perfect for all bathroom sizes.

Choose between standalone Lili units, or a combined vanity and WC unit that can be seamlessly brought together with a one-piece poly marble top.

Lili doors and drawers are fitted with soft close mechanisms to give controlled and quiet closure and this collection is available in a choice of two modern finishes. Lili is available in a high-gloss white finish which reflects light perfectly and an in-style Matte Grey which resists fingerprints.

ROSSINI

RANGE FEATURES

The Rossini range is a modern freestanding furniture collection. Not only is it pleasing on the eye, but a few important details ensure it's also a pleasure to live with. The Rossini's doors are a luxurious 25mm thick, to give them a high quality feel, which is complemented with soft closing doors.

The Rossini range comes in a 500mm, 600mm, and 800mm wide vanity unit with a ceramic basin and a matching WC unit. All three colours are made in a sleek desirable lacquer finish.

WATERGUARD

RANGE FEATURES

Introducing a revolutionary advancement in bathroom design and innovation from Scudo. We're proud to be setting a new standard for sustainable furniture practises with Waterguard.

This furniture is sustainable and built to last with a lifetime guarantee to protect your investment. Waterguard helps reduce the need for frequent replacements and minimises the amount of furniture waste that ends up in landfills.

Bathrooms are naturally high in moisture that could lead to damage over time. Waterguard has been developed with this in mind using only the best materials and manufacturing techniques.

The unique construction of Waterguard units means that they are 100% waterproof and cannot delaminate like a traditional veneered unit to offer a lifetime of protection against swelling.

Waterguard is available in our most popular designs in a high gloss white reflective finish that bounces light around a room.

This is the perfect solution if you are looking for low maintenance sustainable bathroom furniture with solid construction which is built to last.

ENCLOSURES STEP BY STEP

Scudo offers the complete showering package, with something to suit every taste, space and budget.

Discover a premium selection of enclosures and shower trays, which delivers a truly exceptional showering solution.

This diverse and versatile collection offers the ultimate in quality, precision and craftsmanship and encompasses something for every style and shape bathroom.

We only use the finest quality materials to guarantee unsurpassed quality, ensuring all our products reach exceptional levels of style and performance.

All our enclosures and shower trays are designed for high performance and are built to last with a lifetime guarantee.

STEP 1: POSITION

The first decision to make is where to position your shower enclosure in the perfect space to work with your design.

Showering positions are usually in a recess, corner or against a wall.

Recessed Enclosure

Single door is all that is required for a recessed enclosure.

Corner Enclosure

Positioned in a corner and a flexible option. Usually a door and side panel design.

Three-Sided Enclosure

Single wall space which accommodates a single door and two side panels.

STEP 2: MEASURE

Measuring for the shower enclosure is the next step to creating your new bathroom space. The area that you have available will determine the type of shower space you can accommodate as well as any tolerances or alterations needed.

It's important that you plan ahead and take exact measurements in your bathroom. Then simply choose from our comprehensive range of sizes to create your dream bathroom.

STEP 3: STYLE

Once you have decided your bathroom plan and where to locate your enclosure, you can choose your style. Where you want to place your shower may dictate the type of shower enclosures you can choose from. Whatever your design, we have something that will work with your space to create a stylish look.

The most exciting part of bathroom design is choosing your perfect finish. Our chrome finish is as popular as ever and we have seen the emergence of colour which can give a space a different dimension.

This finish is ultra modern and lends itself to an elegant look to add a touch of class to any bathroom.

Contemporary and stylish, our chrome stainless steel is a popular choice to create a timeless beautiful look.

Transform your shower with our on-trend luxury brushed brass finish to complete your dream bathroom.

New signature finish for use in modern and contemporary designs to add elegance to your bathroom.

Give your bathroom the sophisticated appearance it deserves with our striking brushed bronze finish.

STEP 5: GLASS

Acqua Shield Glass Cleaning Technology

As a standard sign of performance and quality, Scudo Acqua Shield is expertly applied to all shower enclosures in this range.

By forming a protective bond with the glass during the manufacturing process, Acqua Shield creates an invisible barrier against limescale, soap scum and general bacterial build-up.

Scudo Acqua Shield also goes to work with environmental and economical savings, as its long-lasting defence against daily grime ensures a noticeable decrease in the ongoing need for bathroom cleaning products.

GLASS OPTIONS

Scudo offers a choice of toughened safety glass options with easy clean technology. Choose from 6mm or 8mm thick glass.

RANGE FEATURES

CUSHIONED COLOUR MATCHED MAGNETIC DOOR SEALS

Scudo magnetic door seals guarantee a soft and controlled closure of the door every time. With a modern, colour-matched sheen, their stylish finish is matched only by their superior practicality.

ONE PIECE STYLISH HANDLE

Stylish and modern, each stainless steel handle is wonderfully sympathetic to the high quality finish of the entire range. Featuring contemporary art styling, the handle stands as a testament to the exquisite design.

QUICK RELEASE BOTTOM RUNNERS

Bringing absolute practicality to the range, the entire sliding door collection includes a quick release mechanism. This allows the door to swing away from the frame for direct access to all areas of the shower - ideal for simpler and thorough cleaning.

PROFILE COVER CAPS

Scudo specialise in stunning design whilst maintaining a focus upon bathroom safety. As such, their chromed cover caps provide the perfect protective finish to the exposed aluminium edges of the outer frame.

ACQUA SHIELD GLASS CLEANING TECHNOLOGY

As a standard sign of performance and quality, Scudo Acqua Shield is expertly applied to all shower enclosures in this range. By forming a protective bond with the glass during the manufacturing process, Acqua Shield creates an invisible barrier against limescale, soap scum and general bacterial build-up.

Scudo Acqua Shield also goes to work with environmental and economical savings, as its long-lasting defence against daily grime ensures a noticeable decrease in the ongoing need for bathroom cleaning products.

DESIGNED IN THE UK FOR UK HOUSEHOLDS

With a strong ethos for serving the needs of a UK customer base, our product engineers boast the experience and expertise in designing shower enclosures for the most popular British brands of the past 10 years.

As such, we understand the conditions and expectations our designs must meet in order to last, both aesthetically and functionally, ensuring quick and easy installation for installers without any restrictions on quality and longevity for our end users.

ACQUA SHIELD

STANDARD GLASS

Professional plumbing practice ensures that a shower head is never installed facing outwards towards the shower enclosure/ door as shown in the diagram. Limitations of design and physics dictate that water will inevitably leave a shower enclosure/ door if large amounts of water are purposely directed at seals or gaps between aluminium and/or glass. If doors swing out into a bathroom and the glass is still wet, water will drip down onto the floor, please ensure floor coverings are suitable for

QUALITY ASSURED

Stylish modern and sleek designs, crafted from quality materials to last a lifetime. Scudo are the only option for people who truly know how to create a beautiful bathroom.

ATHENA HINGED QUADRANT PAGE 198

ATHENA HINGED OFFSET QUADRANT PAGE 200

RANGE FEATURES

TRIDENT GUARD

Trident Guard is a unique hydrophobic coating that is bonded with our toughened safety glass during the manufacturing process. This invisible water-repellent barrier protects against limescale, soap scum and bacteria build-up for an easier clean and longer-lasting gleam. All glass featured in the Dawn showering collection are pre-coated with Trident Guard, prolonging the life of these key parts of your bathroom.

TOUGHGLASS

Designed to withstand day-to-day usage, all Dawn shower enclosures come with toughened safety glass, known as tempered glass, as standard. This is approximately four times stronger than ordinary glass. Instead of shattering into jagged pieces when broken, tempered glass fractures into small, relatively harmless pieces. This makes it a safe option for a space that sees a lot of activity, such as the bathroom. All glass is strictly tested in accordance

HIGH-QUALITY FINISHES BLACK CHROME BRASS GUNMETAL BRONZE

Dawn enclosures are made to the highest standard, this includes their finish. We are proud to offer a variety of the most stylish finishes currently in the

bathroom industry, this features chrome, matte black, brushed brass, gunmetal and brushed bronze.

SEAMLESS DESIGN

Dawn frameless enclosures offer significant structural integrity, promoting light and accentuating space. Easy to clean without any worry of build-up along frame edges.

ECO-FRIENDLY

Dawn endeavours to use eco-friendly, sustainable and/or biodegradable packaging and materials wherever possible (or feasible) to do so.

All Dawn products offer the ultimate in quality, precision, and craftsmanship, exceeding approved UK and European testing standards. To give you complete peace of mind, all Dawn shower enclosures, walk-in panels, and bath screens are accompanied by a lifetime guarantee.

TRIDENT GUARD

STANDARD GLASS

Professional plumbing practice ensures that a shower head is never installed facing outwards towards the shower enclosure/door as shown in the diagram. Limitations of design and physics dictate that water will inevitably leave a shower enclosure/ door if large amounts of water are purposely directed at seals or gaps between aluminium and/or glass. If doors swing out into a bathroom and the glass is still wet, water will drip down onto the floor, please ensure floor coverings are suitable for bathrooms and are not affected by water.

QUALITY ASSURED

Stylish modern and sleek designs, crafted from quality materials to last a lifetime. Scudo are the only option for people who truly know how to create a beautiful bathroom.

RANGE FEATURES

CUSHIONED COLOUR MATCHED MAGNETIC DOOR SEALS

Scudo magnetic door seals guarantee a soft and controlled closure of the door every time. With a modern, colour-matched sheen, their stylish finish is matched only by their superior practicality.

SOFT OPEN BUFFERS

Smooth and impact-free door openings are a staple of this high quality Scudo sliding door range. Utilising the pressure absorbing functionality of a singular discreet piston, this modern innovation ensures that shower doors open with a gentle and controlled feel.

ONE PIECE STYLISH HANDLE

Stylish and modern, each stainless steel handle is wonderfully sympathetic to the high quality finish of the entire range. Featuring contemporary art styling, the handle stands as a testament to the exquisite design. Featured across this entire range.

QUICK RELEASE BOTTOM RUNNERS

Bringing absolute practicality to the range, the entire sliding door collection includes a quick release mechanism. This allows the door to swing away from the frame for direct access to all areas of the shower - ideal for simpler and thorough cleaning.

PROFILE COVER CAPS

Scudo specialise in stunning design whilst maintaining a focus upon bathroom safety. As such, their chromed cover caps provide the perfect protective finish to the exposed aluminium edges of the outer frame.

ACQUA SHIELD GLASS CLEANING TECHNOLOGY

As a standard sign of performance and quality, Scudo Acqua Shield is expertly applied to all shower enclosures in this range. By forming a protective bond with the glass during the manufacturing process, Acqua Shield creates an invisible barrier against limescale, soap scum and general bacterial build-up.

Scudo Acqua Shield also goes to work with environmental and economical savings, as its long-lasting defence against daily grime ensures a noticeable decrease in the ongoing need for bathroom cleaning products.

DESIGNED IN THE UK FOR UK HOUSEHOLDS

With a strong ethos for serving the needs of a UK customer base, our product engineers boast the experience and expertise in designing shower enclosures for the most popular British brands of the past 10 years.

As such, we understand the conditions and expectations our designs must meet in order to last, both aesthetically and functionally, ensuring quick and easy installation for installers without any restrictions on quality and longevity for our end users.

ACQUA SHIELD

STANDARD GLASS

Professional plumbing practice ensures that a shower head is never installed facing outwards towards the shower enclosure/door as shown in the diagram. Limitations of design and physics dictate that water will inevitably leave a shower enclosure/door if large amounts of water are purposely directed at seals or gaps between aluminium and/or glass. If doors swing out into a bathroom and the glass is still wet, water will drip down onto the floor, please ensure floor coverings are suitable for bathrooms and are not affected by water.

QUALITY ASSURED

Stylish modern and sleek designs, crafted from quality materials to last a lifetime. Scudo are the only option for people who truly know how to create a beautiful bathroom.

WETROOMS STEP BY STEP

CREATE YOUR PERFECT WET ROOM

Wet rooms are becoming more and more desirable, and they're a great way to add value to your home. A wet room is an entirely waterproofed room and is a popular choice for modern bathrooms.

STEP 1: POSITION

This quality range of Scudo wet rooms has been designed with flexibility in mind and are typically installed in a corner of a bathroom.

Wetroom panel positioned in a corner with a deflector panel.

STEP 3: STYLE

220

The Scudo range of wet room panels and accessories can be combined to create hundreds of different configurations, ensuring the perfect product for your bathroom. When it comes to the framing of your glass panel, you can opt for a modern frameless design or a more sturdy, robust metal profile.

STEP 2: MEASURE

Create a minimalist bathroom space with our shower glass panels for wet rooms with options for all bathroom sizes and configurations. Simply measure your space and choose from our glass panels ranging from 600mm to 1200mm.

STEP 4: FINISH

The most exciting part of bathroom design is choosing your perfect finish. Our chrome finish is as popular as ever and we have seen the emergence of colour which can give a space a different dimension.

Matte Black

This finish is ultra modern and lends itself to an elegant look to add a touch of class to any bathroom.

Contemporary and stylish, our chrome stainless steel is a popular choice to create a timeless beautiful look.

Brushed Brass

Transform your shower with our on-trend luxury brushed brass finish to complete your dream bathroom.

Gun Metal New signature finish for use in modern and contemporary designs to add elegance to your bathroom.

Brushed Bronze

Give your bathroom the sophisticated appearance it deserves with our striking new brushed bronze finish.

STEP 5: GLASS OPTIONS **()**

All our glass panels are made from toughened safety glass. All Scudo wet room glass panels are 1950mm or 2000mm in height for extra practicality.

Our panels are also treated with Acqua Shield glass cleaning technology which resists the build-up of limescale and grime on the glass surface making it easier to clean. On-trend fluted glass is now available as an option.

RANGE FEATURES

ONE PIECE STYLISH HANDLE

Stylish and modern, each stainless steel handle is wonderfully sympathetic to the high quality finish of the entire range. Featuring contemporary art styling, the handle stands as a testament to the exquisite design. Featured across this entire range.

VERSATILE DESIGN

Momentum has been designed with versatility in mind. Every bathroom has its own unique challenges when it comes to fitting an enclosure, but at Scudo our products engineers always think of the customer first making sure to design this high-quality product to incorporate multiple different layouts which include a wetroom variation, a recessed sliding door variation, & a sliding door with a side panel variation.

ACQUA SHIELD GLASS CLEANING TECHNOLOGY

As a standard sign of performance and quality, Scudo Acqua Shield is expertly applied to all shower enclosures in this range. By forming a protective bond with the glass during the manufacturing process, Acqua Shield creates an invisible barrier against limescale, soap scum and general bacterial build-up.

Scudo Acqua Shield also goes to work with environmental and economical savings, as its long-lasting defence against daily grime ensures a noticeable decrease in the ongoing need for bathroom cleaning products.

DESIGNED IN THE UK FOR UK HOUSEHOLDS

With a strong ethos for serving the needs of a UK customer base, our product engineers boast the experience and expertise in designing shower enclosures for the most popular British brands of the past 10 years.

As such, we understand the conditions and expectations our designs must meet in order to last, both aesthetically and functionally, ensuring quick and easy installation for installers without any restrictions on quality and longevity for our end users.

ACQUA SHIELD

STANDARD GLASS

Professional plumbing practice ensures that a shower head is never installed facing outwards towards the shower enclosure/door as shown in the diagram. Limitations of design and physics dictate that water will inevitably leave a shower enclosure/ door if large amounts of water are purposely directed at seals or gaps between aluminium and/or glass. If doors swing out into a bathroom and the glass is still wet, water will drip down onto the floor, please ensure floor coverings are suitable for bathrooms and are not affected by water.

QUALITY ASSURED

Stylish modern and sleek designs, crafted from quality materials to last a lifetime. Scudo are the only option for people who truly know how to create a beautiful bathroom.

Premium Quality Minos 10mm Frameless Wetrooms

The Minos 10mm frameless wetrooms are highly durable and long-lasting to offer more safety and protection.

Satisfying the balance between luxury and versatility, Minos is an iconic range designed to transform your bathroom into the most perfect retreat.

An ideal choice for wet rooms and tiled bathrooms, or for those looking for the perfect centrepiece feature. The Minos walk-in range is a grandiose blend of traditional and modern styling.

Additionally, these can be configured to suit almost any space, making this a versatile collection for your home.

BRONZE

For a striking design feature the Minos range offers framed shower walls to show off the luxury finishes. Framed shower walls are available in the brushed brass and black premium colour finishes, creating a polished look.

STABILISING BAR

PROFILE & STABILISING OPTIONS

CHROME BRASS BLACK BRONZE GUNMETAL

With their sleek lines and flawless design, the Minos stabilising bars and profiles are designed to be both practical and polished.

These durable brackets are a master-class in innovative showering solutions. Hidden screws mean that the Minos style is evident in every element, while the subtle contours create the perfect silhouette.

Each of these solutions are available in our full range of finishes. Choose the ideal fit for your home.

COMPONENT SHOWERS YOUR WAY

CREATE YOUR PERFECT SHOWER

Component showers offer a customisable approach to designing your own unique shower experience, allowing you to mix and match various shower components to suit your preferences and needs. By selecting individual elements

such as shower heads, valves, slide rails, handsets, and other accessories, you have the freedom to create a shower system tailored specifically to your desired functionality, style, and comfort.

FINISHES

The most exciting part of bathroom design is choosing your perfect finish. Our chrome finish is as popular as ever and we have seen the emergence of colour which can give a space a different dimension.

This finish is ultra modern and lends itself to an elegant look to add a touch of class to any bathroom.

Contemporary and stylish, our chrome stainless steel is a popular choice to create a timeless beautiful look.

HEATING ELEMENTS

CODE	Product Description	RRP Inc VAT
HB150WSB	150 watt Standard Heating Element Black	£63.00
HB150WSC	150 watt Standard Heating Element Chrome	£63.00
HB300WSB	300 watt Standard Heating Element Black	£66.00
HB300WSC	300 watt Standard Heating Element Chrome	£66.00
HB600WSB	600 watt Standard Heating Element Black	£70.00
HB600WSC	600 watt Standard Heating Element Chrome	£70.00

ELECTRICAL ONLY HEATING

When selecting an element(s) we advise to choose one which matches closest to the radiators T50 Watts as possible without exceeding the products maximum. Exceeding the maximum runs the risk of the element overheating. This can be done using more than 1 element if required.

Electric only installation, element(s) should match room BTU / Watt requirement, and supersede the radiator output when selecting suitable size

EXAMPLE ROOM REQUIRES

1900 BTU's or 556 watts, requires 600 watt element so you would be unable to select a radiator under 600 watts.

DUAL FUEL ELEMENT

As this method usually means the electric element is a back up rather than primary system an element can be as low as 50% of the maximum radiator T50

Choosing the perfect mirror can really put the finishing touches to a bathroom design and are an integral part of any space. Mirrors and mirrored cabinets in bathrooms are essential. They can create an illusion of more space, add light and style and create more storage space. In smaller bathrooms, a mirrored wall cabinet is an excellent option to create additional storage space.

RANGE FEATURES

Look out for these key features when choosing your bathroom mirror or cabinet:

LANDSCAPE & PORTRAIT MOUNTING

Add a personal touch to your bathroom by hanging a mirror that complements your decor and style. These mirrors can be hung landscape or portrait to enhance the ambiance of your space and create a sense of depth.

EASY TOUCH COLOUR CHANGE

These mirrors are built using an ultra-modern no-touch on/off switch. The light can be turned on and off by gently touching the sensor on the glass or waving your hand in front of the sensor. On selected products the colour of the light can be changed from warm white to bright white by touching the sensor and waiting until the derived colour/brightness is

IP44 RATED CLASS 1 RATED

A selection of mirrors are IP44, Class 1 Rated and suitable for installation in zones 2 or 3 of a bath/ shower room.

SAFETY GLASS

These 5mm thick mirrors feature sealed edges and a safety film backing for added protection, making it a safe and durable choice for any bathroom.

HEATED DEMISTER PAD

All of our mirrors come with heated demister pads, enabling you to use the mirrors in steamy bathrooms. The pads heat the mirror to above room temperature, which stops mist appearing on the mirror.

INFRARED ON/OFF SWITCH

Some of our mirrors and cabinets are built using no-touch on/off switches. By simply moving your hand under the sensor the mirror can be turned on and off without the need for a pull switch or leaving fingerprints on the mirrors.

DOUBLE-SIDED MIRRORS

Some of our cabinets are available with mirrors on the inside as well as outside

$BLUETOOTH^{\text{m}}$

This innovative feature allows any BluetoothTM-enabled device to stream music or live radio to the mirror.

SHAVER SOCKET

Built-in charging socket suitable for toothbrushes, shavers and trimmers.

The IP (Ingress Protection) Standard describes a uniform system for classifying the degrees of protection provided by the enclosures of electrical equipment.

For example, if a bathroom light is rated IP65, then the 6 means its 'Protected against dust' and the 5 means its 'Protected against water jets' from a shower, tap or 2 Protection against drops of liquid. Drops of falling liquid shall have no harmful effect when 2 Protection against drops of liquid. cleaning processes from any direction.

First numeral - protection against ingress of foreign bodies, e.g. tools, dust, fingers, etc.

- 0 No protection
- 1 Protected against solid objects with a diameter of 50mm and over (e.g. accidental insertion of hands)
- 2 Protected against solid objects over 12mm (e.g. jointed fingers)
- 3 Protected against solid objects over 2.5mm (tools)
 4 Protected against solid objects over 1mm (small wires)
- 5 Protected against limited ingress permitted (no harmful deposit)
- 6 Totally protected against dust

Second numeral - protection against ingress of liquids.

- 0 No protection

- the enclosure is tilted at an angle up to 15 degrees from the vertical.

 3 Protection against rain. Water falling in rain at an angle equal or smaller than 60 degrees with respect to the vertical shall have no harmful effect.
- 4 Protection against splashing. Liquid splashed from any direction shall have no harmful
- 5 Protection against water jets. Water projected by a nozzle from any direction under stated conditions shall have no harmful effect. 6 Protection against conditions on ship decks (deck equipment). Water from heavy seas shall
- not enter the enclosures under prescribed conditions.
- 7 Protection against immersion in water. It shall not be possible for water to enter the enclosure under stated conditions of pressure and time.
- 8 Protection against indefinite immersion in water under specified pressure. It shall not be possible for water to enter the enclosure.

Professional plumbing practice ensures that a shower head is never installed facing outwards towards the shower enclosure/ door as shown in the diagram. Limitations of design and physics dictate that water will inevitably leave a shower enclosure/ door if large amounts of water are purposely directed at seals or gaps between aluminium and/or glass. If doors swing out into a bathroom and the glass is still wet, water will drip down onto the floor, please ensure floor coverings are suitable for bathrooms and are not affected by water.

Prices included in this brochure supersede all previous printed publications. Products and prices are correct at time of printing. We reserve the right to change prices at any time without notice. Colours shown in this brochure are as accurate as the printing process allows.
