# Your guide to VitrA bathrooms

Choose the perfect VitrA bathroom, from contemporary to classic, you have endless choice and flexibility to suit all tastes and any budget

# VitrA

Here you'll find the key technical information and essential details for each range, including the product code, price, image, measurements and compatible products. We have used icons throughout to make features easier to identify.

## Stock availability

The majority of the products featured in this brochure are readily available. Delivery is generally within 2 working days unless marked with an orange dot ●, these products will generally be delivered in 7 working days.

# Why choose VitrA

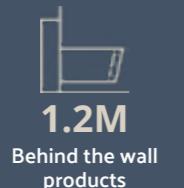

You're in safe hands, with six decades of innovation and manufacturing experience

With six decades of innovation and manufacturing experience, you can count on us for quality, durable, reliable products that fit any bathroom or specification project – and with UK stock readily available at your fingertips.

Possessing one of the largest production complexes in the world, VitrA's state-of-the-art factory produces ceramic sanitaryware, bathroom furniture, taps, showers and tiles. The VitrA Innovation Centre explores new products, materials, processes, and technologies.

## VitrA Global

We export to over 120 countries and have vast manufacturing capabilities.

With 65 years of experience in the ceramic industry, we are establishing best practice standards for a better future. Scan the QR code to watch our journey and commitment.

# Sustainability

At VitrA, we're passionate about creating a healthier world, starting right from your bathroom

## How do we do it?

Picture this: our ceramic factory in Bozüyüük, Turkey, now houses a state-of-the-art solar panel plant on its rooftop. This year alone, it's set to produce an incredible **5.4** million kilowatts of clean, renewable energy. And that's just the beginning! Our plans include expanding this solar initiative across **112,000** square metres, aiming to cover **37%** of our electricity needs straight from solar power.

But we don't stop there. Our dedicated teams are hard at work, focusing on every aspect of our production journey. From innovating product packaging to significantly reducing water consumption, we're committed to making a real impact. And you're a crucial part of this journey towards a more sustainable future.

Together, with every purchase you make, you're contributing to a world where every step towards a greener tomorrow counts.

Join us in making a difference, one bathroom at a time

## Key features

### Sonic Flush

VitA Sonic Flush is clever technology that cleans every inch of the toilet bowl. Inspired by the principle of laminar flow, it flushes by spreading the water in the most powerful way, without splashing or making noise.

### SmoothFlush

VitA SmoothFlush WC pans have no rims or openings that might harbour harmful bacteria or microorganisms. This makes VitA SmoothFlush WC pans much easier to clean and offers maximum hygiene.

### VitA Hygiene

Coats all VitA ceramicware and inhibits the growth of harmful bacteria by 99.9%.

### VitA Clean

Limescale is persistent in most bathrooms. WC pans and bidets are coated with VitA Clean technology. No harsh chemical cleaning agents are needed to keep them beautifully stain-free for years.

### Accessible

VitA bathroom products designed to accommodate seniors and people with additional needs are wheelchair accessible and provide enhanced convenience in the bathroom.

### Concealed installation

The recessed installation detail and screws at the sides of standard wall-hung toilets are taken into the interior of VitA wall-hung WCs. This leaves nowhere for dirt to hide and simplifies the cleaning of the entire surface.

### Soft-close seat

Special hinge for silent and soft-closing.

### Comfort height WC

Taller for ease of use.

### Water-saving

Flushes with lower water volume.

### Space-saving

Short-projection, wall-hung, concealed installation.

### RIM-EX

Rim-ex  
The smoothly attractive rimless WC pan Rim-ex prevents germ proliferation and offers superior hygiene thanks to its innovative design. Tests show Rim-ex is 95% more hygienic as compared to standard WC pans.

## Accreditations

### WRAS

Water Regulations Advisory Scheme  
Promoting sustainability, preventing contamination

# WCs

A wide range of choices available, you can choose between close-coupled, wall-mounted and back-to-wall WCs.

Made from quality craftsmanship, our ceramics are built to last, with long-lasting materials.

| According to accredited lab tests, Sonic Flush has 8.45 dBA less sound energy than a normal WC. 8.45 dBA means that it produces approximately 7 times less noise. |                                                                |
| Certified by Quiet Mark                                                                                                                                           |                                                                |

## 120% Better flushing performance

At the rear of the Sonic Flush is a strong momentum manifold with 3 outlets designed using the laminar flow principle

## 2x Less splash

Sonic Flush provides a cleaning power that not only exceeds the norm, it also prevents water from splashing and provides a hygienic toilet experience

## 7x Quieter

Due to the characteristics of laminar flow, it reduces the turbulent kinetic energy of the water and prevents the noise caused by the chaotic collisions of the water that is flushed

# V-Care

V-Care Essential is our entry level option, yet it has plenty of features to meet most people's cleaning needs.

Set the ergonomic seat temperature to your comfort level and adjust the jet position and water temperature for a personalised wash. The air purifier also removes unwanted odours.

The remote control allows you to control all of these features completely hands-free, leaving you to enjoy a new level of convenience, comfort, and personal hygiene.

# Shaping the future

The world's first 100%\* recycled ceramic washbasin.

Our 100% recycled ceramic washbasin is a first in the industry and reflects our commitment to using less resources, minimising waste and maximising our contribution to the circular economy.

According to a study conducted by LCA (Life Cycle Assessment) and VitrA, the production of these basins minimises our environmental impact on global warming and fossil fuels by 30% per product. We believe that this pioneering innovation will set a new standard in sustainable design within the industry.

For complete technical specifications for all our products, please visit [vitra.co.uk](http://vitra.co.uk)

## Key features

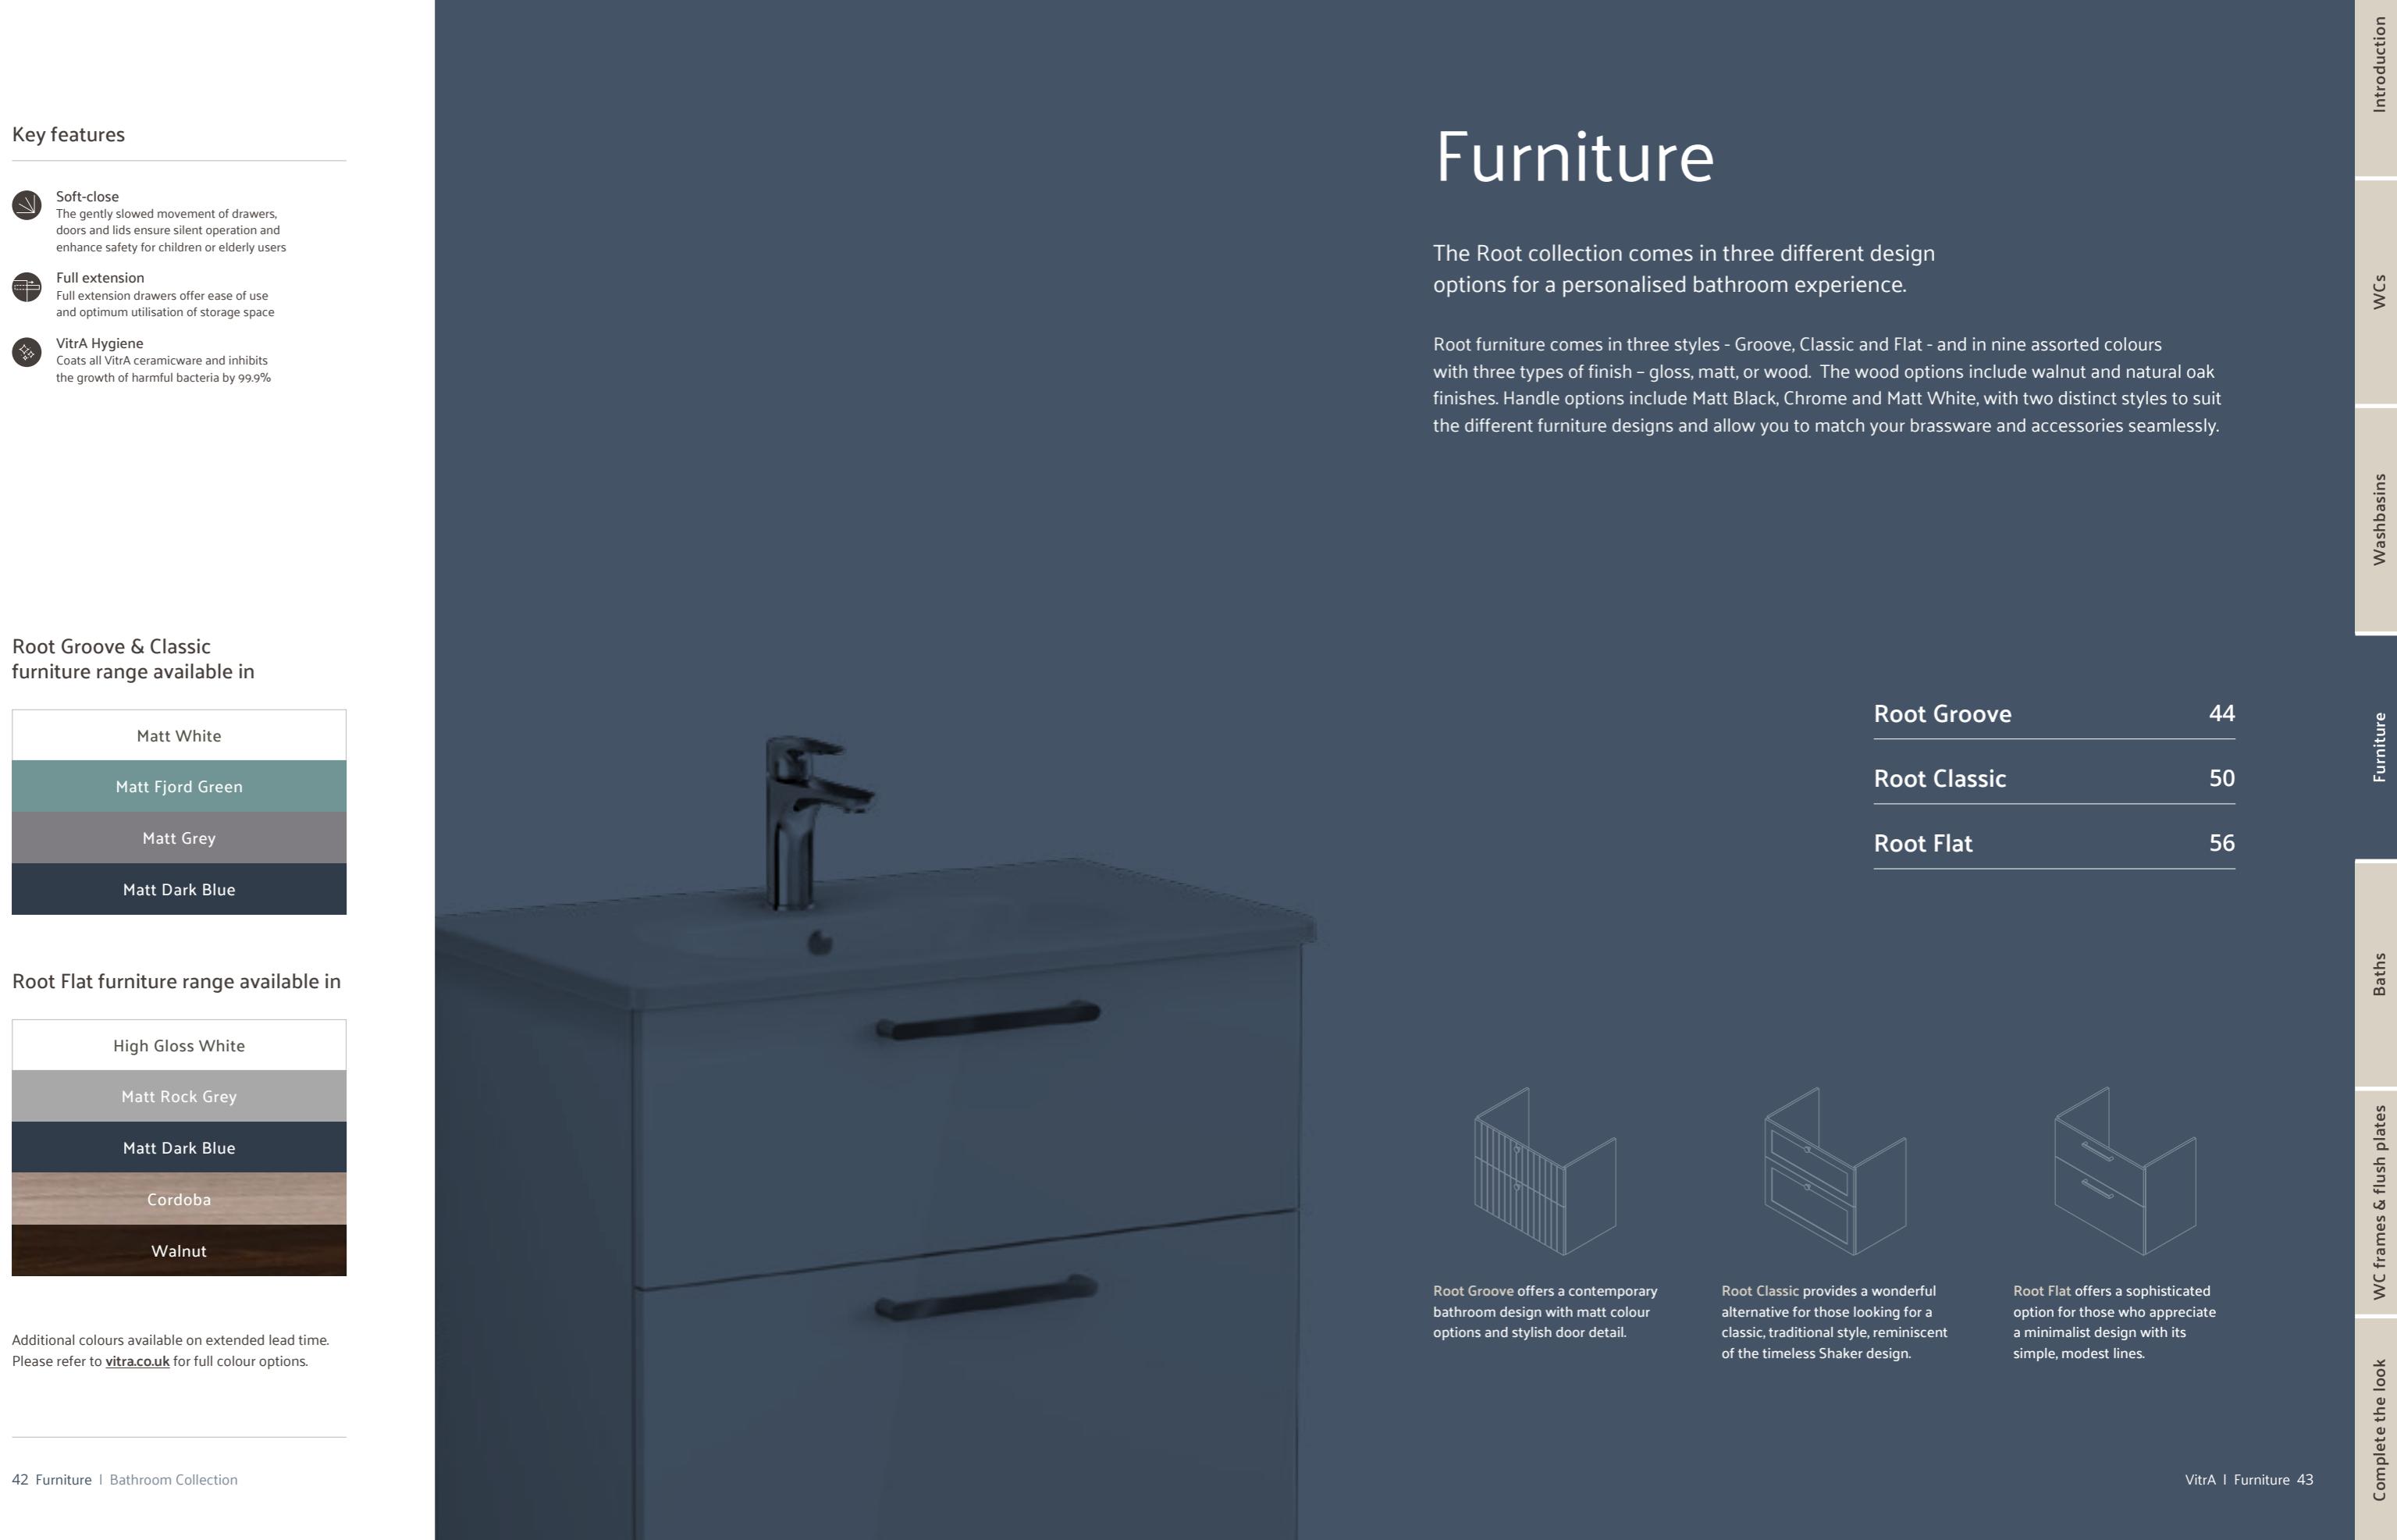

**Soft-close**  
The gently slowed movement of drawers, doors and lids ensure silent operation and enhance safety for children or elderly users

**Full extension**  
Full extension drawers offer ease of use and optimum utilisation of storage space

**VitrA Hygiene**  
Coats all VitrA ceramicware and inhibits the growth of harmful bacteria by 99.9%

# Furniture

The Root collection comes in three different design options for a personalised bathroom experience.

Root furniture comes in three styles - Groove, Classic and Flat - and in nine assorted colours with three types of finish - gloss, matt, or wood. The wood options include walnut and natural oak finishes. Handle options include Matt Black, Chrome and Matt White, with two distinct styles to suit the different furniture designs and allow you to match your brassware and accessories seamlessly.

Root Groove & Classic furniture range available in

|                  |
|------------------|
| Matt White       |
| Matt Fjord Green |
| Matt Grey        |
| Matt Dark Blue   |

Root Flat furniture range available in

|                  |
|------------------|
| High Gloss White |
| Matt Rock Grey   |
| Matt Dark Blue   |
| Cordoba          |
| Walnut           |

Additional colours available on extended lead time.  
Please refer to [vitra.co.uk](http://vitra.co.uk) for full colour options.

**Root Groove** 44

Root Groove offers a contemporary bathroom design with matt colour options and stylish door detail.

Root Classic provides a wonderful alternative for those looking for a classic, traditional style, reminiscent of the timeless Shaker design.

Root Flat offers a sophisticated option for those who appreciate a minimalist design with its simple, modest lines.

**200,000 flushes...**  
Giving you around **90** years  
of flushing guaranteed

SCAN ME to find out more

V-Fix Frames are crucial for a modern bathroom, supporting and holding wall-hung toilets firmly in place without the need for expensive structural building work.

Whatever your project needs, VitrA's range of frames offers you complete flexibility. The reduced height frame is perfect when space is at a premium or the room has a sloping roof or low window. The frames can be used in solid, stud and double-stud wall scenarios and are both available with a choice of flushing volumes.

Regular standard frames - 112cm

## Taps

0TH = No tap hole  
1TH = 1 tap hole  
2TH = 2 tap holes

 **V-Bright**  
VitrA uses only high-quality materials in production to ensure its fixtures are extremely durable. In addition, VitrA has an extensive colour selection thanks to its V-Bright coating technology

 **V-SuperFix**  
Easy installation is made possible thanks to the fixings that can be adjusted by hand in just 15 seconds, without the need for tools

 **BluEco**  
Saving energy by supplying cold water instead of warm water when the tap is turned on at 90°

 **Touchless**  
Controlled by a built-in sensor, our touch free technology ensures increased hygiene in the bathroom

## Water pressure

|                                                                                      | Eco-friendly           |
|--------------------------------------------------------------------------------------|------------------------|
|  LP | Low (0.4 bar)          |
|  MP | Medium (0.4 - 1.0 bar) |
|  HP | High (above 1.0 bar)   |

## Aerators

|                                                                                                           |
|-----------------------------------------------------------------------------------------------------------|
|  Water-saving          |
| Water-saving aerators use significantly less water while maintaining a strong flow of 5 litres per minute |
|  Coin-slot             |
| Coin-slot aerators can be conveniently removed with a coin, making them easy to clean                     |

## Accreditations

Water Regulations Advisory Scheme  
Promoting sustainability, preventing contamination

**Class A Unified Water Label**  
Unified Water Label indicates a products efficiency, Class A is awarded to products with the lowest possible water and energy consumption. Flow rates are measured under test conditions with a 3.0 bar water pressure, in accordance with European standards

**Green Building Certificate**  
Green Building Certification is awarded to products that meet the criteria of eco-friendly features, lower environmental footprint and water consumption. They are recommended for projects aiming for a Green Building Certification

# Choosing your shower system

Choosing the right shower system is one of the most important decisions when it comes to designing your bathroom.

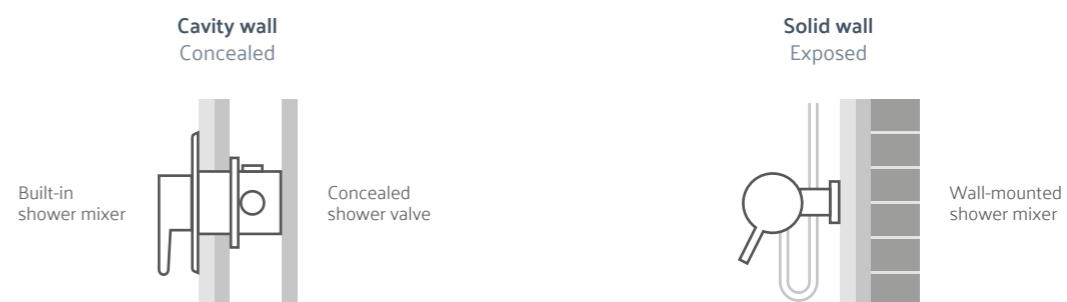

To keep things simple, here are three steps to help you select the right shower system for your bathroom.

For complete technical specifications for all our products, please visit [vitra.co.uk](http://vitra.co.uk)

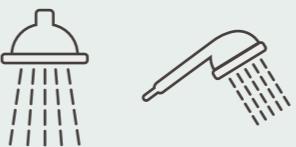

## Step 1

Choose between a concealed or exposed system based on the type of wall you have

## Step 2

Choose your showerhead and/or hand shower

**1-way:** Shower mixer with adjustable water temperature control to a single outlet: hand shower or overhead shower.

**2-way:** Shower mixer with adjustable water temperature control can be diverted to two outlets: hand shower, overhead shower, or bath spout.

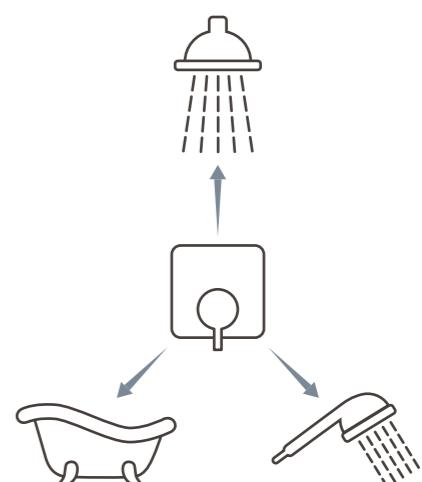

We have a wide range of showerheads and hand showers to match our bath, shower and basin mixers. From traditional to modern, round to square, powerful to water-saving, you can find one that perfectly matches the other elements of your bathroom design.

## Step 3

Adding a bath to your bathroom equation?

**3-way:** A diverter allows the flow of water to be switched from one outlet to another.

These are shown on page 104

# Shower sprays

Whether you are starting or finishing your day, we have the perfect showering experience for you.

For complete technical specifications for all our products, please visit [vitra.co.uk](http://vitra.co.uk)

## Aqua rain

Combining relaxing and energising streams that feel like raindrops to give a luxurious showering experience.

## Aqua spray

This shower flow is the perfect way to start a new day or wind down for the evening with its refreshing effects.

## Aqua massage

A stream of intense shower spray with massage function to relieve tension and relax the body.

## Aqua stream

You can enjoy a powerful shower experience with the direct flow of intense water that streams from your shower head.

# Get the look

Create your dream shower effortlessly!

We've carefully curated options from our customisable shower systems to guide you through the process.

## V-Box

Designed by Vitra, the V-Box concealed shower valve caters for up to three water outlets (handheld shower, overhead, or bath spout). V-Box can be trimmed to fit 77mm wall thickness, which is standard in the UK. Adaptable to any bathroom design, simply choose your preferred control plate.

If you are unsure, check out [vitra.co.uk](http://vitra.co.uk) or contact your retailer or installer for full technical specifications.

Water-saving buttons are included in both the overhead shower and hand shower, allowing you to adjust the spray and control the flow of water.

 Look for the cool touch icon on some Aquaheat shower mixers to prevent the mixer from becoming hot.

Aquaheat Bliss 240 thermostatic shower column with 2F overhead
