An opportunity to purchase a double -Fronted period residence in this popular and convenient city location.

The property had been previously tenanted and has had some remedial work done by the owners before going to market. Whilst there is still some finishing off works to be done, the property offers great scope for any purchaser to re-model /extend the property as they wish, subject to any necessary consents. The property has had new windows installed to the front elevation and the front door was replaced a few years ago. The property has had some re-plastering work done but needs finishing off in areas - around door frames etc. The clients were intending to relocate the kitchen into the conservatory once a solid roof had been added but have decided that this should be a choice any buyer should make. The kitchen units necessary for doing this are still in the property and will be left should they be wanted. Whilst some radiators have not been put back into their original places, they are there for any buyer to do so and all rooms have the plumbing for easy re-installation.

Ainsworth Street is a particularly desirable neighbourhood in the highly regarded Petersfield wards. It is conveniently situated between Sleaford Street and Hooper Street, around a mile east of the city centre with its combination of ancient and modern buildings, winding lanes, excellent choice of schools and wide range of shopping facilities.

The property is also conveniently placed for access to the city centre and mainline railway station with services to King's Cross and Liverpool Street in about 52 and 67 minutes respectively.

Schooling is excellent and the area falls within the catchment of St Matthew's Primary School, secondary provision is at Parkside Community College.
