

Inca Digital Printers Ltd is committed to sourcing components and materials from companies that share our values around Human Rights, Ethics and Environmental Responsibility. We expect all of our suppliers to abide by the requirements of our Supplier Code of Conduct, which prohibits Human Rights abuses and unethical practices. We also request that all suppliers comply with applicable legal standards and requirements.

On August 22, 2012, the US Securities and Exchange Commission (SEC) issued the final conflict minerals rule under Section 1502 of the Dodd-Frank Wall Street Reform and Consumer Protection Act (the Conflict Minerals Rule). The Conflict Minerals Rule requires publicly-traded companies to report annually the presence of conflict minerals (tin, tungsten, tantalum and gold, or "3TG") originating in the Democratic Republic of the Congo or adjoining countries (Covered Countries).

Inca Digital Printers Ltd supports the goal of ending violence, Human Rights violations and environmental devastation in the Covered Countries.

We strive to work cooperatively with our customers and supply chain partners in identifying and eliminating potential areas of risk.

Inca Digital Printers Ltd requires our upstream suppliers to provide us with completed Conflict Minerals Declarations, where applicable. We may reconsider our willingness to partner with suppliers that fail to comply with this Policy.
